ANLAYSIS REPORT (2020-2021)

S.No	Feedback From	Description	Analysis Report
1	Students	Curriculum Quality	73.3 % of students expressed they are fully satisfied with the curriculum content. So same curriculum with small changes will be followed.
		Adequate credits in curriculum	0 % of students manifested the credits in curriculum are poor.
2	Faculty	Adequate Syllabus Content	100 % faculty were contemplated that the syllabus content was adequate.
		Faculty Development Programme	60 % of faculty were considered attended faculty development programme are not adequate. In future attending faculty development programme will be encouraged.
3	Alumni	Solution Identification in Filed problem	60 % of alumni manifested that they were capable to identify the field problems and provide solution.
		Identify the complex problems	80 % of alumni can discern the complex problem in the field.

ALUMNI FEEDBACK ON CBCS CURRICULUM

1. Name : SHILPA MADHU
2. VT / VtU No. : 11005
3. Batch : 2018-2021
4. Branch : civil engineering
5. Contact No : 9531803330
6. Email ID : shilpamadhug333@gmail.com

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides full flexibility for students to learn wide variety of courses such as Programme Core, Programme Electives and Value added courses. The students have six degree choices in choosing the courses. (i) Faculty choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from online courseware of internationally reputed universities such as Massachusetts Institute of Technology (MIT), USA, Harvard University, Berkeley University of California, The University of Texas System, Australian National University, The University of Queensland etc . This CBCS allows the students to prepare various career options such as employment in engineering industries, IT industries, higher education in reputed institutions and career in research organizations.

We request you to go through our curriculum which is available in our university website and give your valuable suggestions to enrich the curriculum further.

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

2. Are any specific/new/advanced topics to be included to or removed from any of the course(s)/subjects. If yes, please mention the topics to be included / removed against each course(s)/subjects as given in the following table.

Title of course(s)/subjects	Topics to be included	Topics to be removed
Sustainable		
related Topic		
may be included		

3. If you have identified any specific skills, required for graduates of our branch / department, to be imparted through the curriculum, please list them.
4. May we request you to suggest some of the value added courses; professional certification for those, industries will give preference during recruitment of freshers?
5. Specify some industries, Research centers, R & D labs and reputed institutions either in India or Abroad for our faculty to visit & observe best practices.
6. Could you suggest some of innovative instructional (teaching) techniques to enhance students learning?
7. Could you mention professional certification, training programs to improve our faculty competency?

Students Feedback - Curriculum Design

Academic Year : 2020-21 (odd)

1. How do you rate the quality of the existing curriculum?
a) Not Satisfied b) Partly Satisfied c) Satisfied d) Fully Satisfied
2. Whether the curriculum focuses on program learning outcomes and technical skills required by industry?
a) Needs Major Revision b) Needs Moderate Revision c) Covers to Major Extent
d) Fully covers the current trends
3. Which type of course do you prefer?
a) Theory course b) lab course c) Theory dominated integrated course
d) Practical dominated integrated course
4. Rate the curriculum in terms of extra learning or self-learning considering the design of the courses
a) Excellent b) Good c) Average d) Poor
5. How do you rate the evaluation scheme designed for each of the course?
a) Excellent b) Good c) Average d) Poor
6. How do you rate the offering of the electives in terms of their relevance to the specialization?
a) Excellent b) Good c) Average d) Poor
7. How do you rate the relevance of the programme curriculum relevant to your placement or higher studies?
a) Excellent b) Good c) Average d) Poor
8. Are you happy with the Total number of credit requirements of curriculum?
a) Not Happy b) Happy to Some Extent c) Happy d) Very Happy
9. Do you agree that CBCS regulation and curriculum help to learn courses of your interest at your own pace.
a) Strongly Disagree b) Disagree c) Agree d) Strongly Agree
10. What changes would you recommend to improve curriculum?

Time: 10.30 AM

Through: Google Meet

AGENDA

No.	ITEMS FOR CONFIRMATION
20.01	Confirmation of the Minutes of Meeting of 19 th BOS held on 08-06-2019
20.02	To review the Action Taken report on the Minutes of 19 th BOS Meeting
20.03	To Record Leave of Absence
ITEMS FOR CONSIDERATION AND APPROVAL	
20.04	New courses recommended under Programme Elective
20.05	New courses recommended under Allied & Institute Elective
20.06	Courses recommended under Self-Learning
ITEM FOR DISCUSSION AND RATIFICATION	
20.07	Courses offered by International / Industrial Faculty under VTUR15
ITEMS FOR REPORTING AND RECORDING	
20.08	Courses offered under Allied Elective during 2019-20
20.09	Courses offered under Institute Elective during 2019-20
20.10	Project Internship in Foreign Universities / Industries / In-house
20.11	Credits awarded to students for Industry Internship
20.12	Credits awarded to students for Independent Learning / Seminar
20.13	Semester End Examination Results of December 2019
20.14	Analysis of Continuous Internal Assessment: 2019-20 (Winter)
20.15	Analysis of Online - Test Results
20.16	Achievements of the Department / Faculty / Students
20.17	Postponement of Curriculum Revision
20.18	Any other items

Welcome Address: Chairman – BOS, welcomed the Special invitees and other members for the 20th BOS meeting.

Agenda 20.01 :Confirmation of Minutes of the 19th Board of Studies meeting held on 08-06-2019.

Discussion :Chairman – BOS, presented the minutes of the 19th BOS held on 08-06-2019.

Action :The members confirmed the minutes of the 19th BOS meeting.

Agenda 20.02 :To review the Action Taken report on the Minutes of 19th BOS Meeting

Discussion :Chairman – BOS, highlighted the follow-up action taken on the suggestions given by the expert members. These are:

New course, “Sustainable Cities and Urban Forest” offered under Allied Elective category during the Winter Semester of Academic Year: 2019-20.

New course, “Intellectual property for Engineers” recommended under Institute Elective category in 19th BOS meeting was offered during the Winter Semester of Academic Year: 2019-20.

A new course “Ergonomics in Engineering and Design”, suggested by Er. L. Suresh Kumar, A.E., CPWD (Industry Expert), has been framed and circulated among the members for suggestions / comments. This course shall be offered to students during the commencement of Academic Year: 2020-2021.

Action :Members approved the follow up action.

Agenda 20.03 : To record leave of absence of members

Discussion :Er. L. Suresh Kumar (Industry Expert) could not participate due to preoccupation.

Mr. C. Balaji, Assistant Professor, Department of Civil Engineering, could not participate due to unavoidable personal reasons.

Action :The BOS members accepted and the same was recorded.

ITEMS FOR CONSIDERATION AND APPROVAL

FACULTY FEEDBACK ON COURSE HANDLED

Faculty Name : Dr. L.SAMSON TTS Number: 2310
Department : CIVIL Academic Year: 2020-21
Course Title & course Code : MECHANICS OF SOLIDS, 1151CE106
Name of the Programme : B.Tech
Semester : III

Give your valuable suggestions in the boxes below for further improvement, if your response is third option.

1. Are the syllabus contents of the course adequate to attain all the course outcomes?

Well adequate / ~~Just adequate~~ / ~~Not adequate~~

2. Are all the prescribed text and reference books of the course available in our library?

Adequate titles& volumes/ adequate titles but less volumes/ inadequate titles & volumes

3. Adequateness of the total number of periods allotted to complete the delivery of the course contents

High / moderate / low

4. Extent of pre-requisite knowledge of students with respect to learning of this course contents

Excellent / Good / poor

5. Freedom in accessing appropriate teaching aids for delivering the course

Excellent / Good / poor

6. Classroom ambiance for students' learning

Excellent / Good / poor

7. Accessibility of e-learning resources for the students

High / moderate / low

8. Have you attended any faculty development programme for this course?

More than two / one to two / Nil

9. Effectiveness of continuous assessments with respect to measurement of course outcomes

More effective / Less effective / Not effective

10. Your suggestions/comments, if any.

VEL TECH RANGARAJAN Dr. SAGUNTHALA R&D INSTITUTE OF SCIENCE & TECHNOLOGY

School of Mechanical and Construction
Department of Automobile Engineering
Students Feedback - Curriculum Design

Academic Year : (2020-21) (odd)

1. How do you rate the quality of the existing curriculum?
a) Not Satisfied b) Partly Satisfied c) Satisfied d) Fully Satisfied

2. Whether the curriculum focuses on program learning outcomes and technical skills required by industry?
a) Needs Major Revision b) Needs Moderate Revision c) Covers to Major Extent
d) Fully covers the current trends

3. Which type of course do you prefer?
a) Theory course b) lab course c) Theory dominated integrated course
d) Practical dominated integrated course

4. Rate the curriculum in terms of extra learning or self-learning considering the design of the courses
a) Excellent b) Good c) Average d) Poor

5. How do you rate the evaluation scheme designed for each of the course?
a) Excellent b) Good c) Average d) Poor

6. How do you rate the offering of the electives in terms of their relevance to the specialization?
a) Excellent b) Good c) Average d) Poor

7. How do you rate the relevance of the programme curriculum relevant to your placement or higher studies?
a) Excellent b) Good c) Average d) Poor

8. Are you happy with the Total number of credit requirements of curriculum?
a) Not Happy b) Happy to Some Extent c) Happy d) Very Happy

9. Do you agree that CBCS regulation and curriculum help to learn courses of your interest at your own pace.
a) Strongly Disagree b) Disagree c) Agree d) Strongly Agree

10. What changes would you recommend to improve curriculum?

ALUMNI FEEDBACK ON CBCS CURRICULUM

1. Name : P. Sai Teja
2. VT / VtU No. : VTU 9062
3. Batch : 2017-2021
4. Branch : Civil
5. Contact No : 9676951833
6. Email ID : Johniesai20147@gmail.com

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides full flexibility for students to learn wide variety of courses such as Programme Core, Programme Electives and Value added courses. The students have six degree choices in choosing the courses. (i) Faculty choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from online courseware of internationally reputed universities such as Massachusetts Institute of Technology (MIT), USA, Harvard University, Berkeley University of California, The University of Texas System, Australian National University, The University of Queensland etc . This CBCS allows the students to prepare various career options such as employment in engineering industries, IT industries, higher education in reputed institutions and career in research organizations.

We request you to go through our curriculum which is available in our university website and give your valuable suggestions to enrich the curriculum further.

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

2. Are any specific/new/advanced topics to be included to or removed from any of the course(s)/subjects. If yes, please mention the topics to be included / removed against each course(s)/subjects as given in the following table.

Title of course(s)/subjects	Topics to be included	Topics to be removed

3. If you have identified any specific skills, required for graduates of our branch / department, to be imparted through the curriculum, please list them.
4. May we request you to suggest some of the value added courses; professional certification for those, industries will give preference during recruitment of freshers?
5. Specify some industries, Research centers, R & D labs and reputed institutions either in India or Abroad for our faculty to visit & observe best practices.
6. Could you suggest some of innovative instructional (teaching) techniques to enhance students learning?
7. Could you mention professional certification, training programs to improve our faculty competency?

ALUMNI FEEDBACK ON CBCS CURRICULUM

1. Name : EASAM SANDEEP KUMAR
2. VT / VtU No. : 9059
3. Batch : 2021
4. Branch : Civil
5. Contact No : 9553705162
6. Email ID : sandeep.eesam@gmail.com

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides full flexibility for students to learn wide variety of courses such as Programme Core, Programme Electives and Value added courses. The students have six degree choices in choosing the courses. (i) Faculty choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from online courseware of internationally reputed universities such as Massachusetts Institute of Technology (MIT), USA, Harvard University, Berkeley University of California, The University of Texas System, Australian National University, The University of Queensland etc . This CBCS allows the students to prepare various career options such as employment in engineering industries, IT industries, higher education in reputed institutions and career in research organizations.

We request you to go through our curriculum which is available in our university website and give your valuable suggestions to enrich the curriculum further.

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

2. Are any specific/new/advanced topics to be included to or removed from any of the course(s)/subjects. If yes, please mention the topics to be included / removed against each course(s)/subjects as given in the following table.

Title of course(s)/subjects	Topics to be included	Topics to be removed

3. If you have identified any specific skills, required for graduates of our branch / department, to be imparted through the curriculum, please list them.
4. May we request you to suggest some of the value added courses; professional certification for those, industries will give preference during recruitment of freshers?
5. Specify some industries, Research centers, R & D labs and reputed institutions either in India or Abroad for our faculty to visit & observe best practices.
6. Could you suggest some of innovative instructional (teaching) techniques to enhance students learning?
7. Could you mention professional certification, training programs to improve our faculty competency?

We request you to go through our curriculum which is available in our university website and give your valuable suggestions to enrich the curriculum further.

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

2. Are any specific/new/advanced topics to be included to or removed from any of the course(s)/subjects. If yes, please mention the topics to be included / removed against each course(s)/subjects as given in the following table.

Title of course(s)/subjects	Topics to be included	Topics to be removed
Software	Software	
	AUTOCAD,	
	STAAD.PRO	
	ETABS	

3. If you have identified any specific skills, required for graduates of our branch / department, to be imparted through the curriculum, please list them.
4. May we request you to suggest some of the value added courses; professional certification for those, industries will give preference during recruitment of freshers?
5. Specify some industries, Research centers, R & D labs. and reputed institutions either in India or Abroad for our faculty to visit & observe best practices.
6. Could you suggest some of innovative instructional (teaching) techniques to enhance students learning?
7. Could you mention professional certification, training programs to improve our faculty competency?

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides full flexibility for students to learn wide variety of courses such as Programme Core, Programme Electives and Value added courses. The students have six degree choices in choosing the courses. (i) Faculty choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from online courseware of internationally reputed universities such as Massachusetts Institute of Technology (MIT), USA, Harvard University, Berkeley University of California, The University of Texas System, Australian National University, The University of Queensland etc . This CBCS allows the students to prepare various career options such as employment in engineering industries, IT industries, higher education in reputed institutions and career in research organizations.

We request you to go through our curriculum which is available in our university website and give your valuable suggestions to enrich the curriculum further.

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

ALUMNI FEEDBACK ON CBCS CURRICULUM

1. Name : Donald Albert Kuobah
2. VT / VtU No. : 10711
3. Batch : 2017-2021
4. Branch : Civil Engineering
5. Contact No : 8787482778
6. Email ID : donald44433@gmail.com ,

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides full flexibility for students to learn wide variety of courses such as Programme Core, Programme Electives and Value added courses. The students have six degree choices in choosing the courses. (i) Faculty choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from online courseware of internationally reputed universities such as Massachusetts Institute of Technology (MIT), USA, Harvard University, Berkeley University of California, The University of Texas System, Australian National University, The University of Queensland etc . This CBCS allows the students to prepare various career options such as employment in engineering industries, IT industries, higher education in reputed institutions and career in research organizations.

We request you to go through our curriculum which is available in our university website and give your valuable suggestions to enrich the curriculum further.

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

2. Are any specific/new/advanced topics to be included to or removed from any of the course(s)/subjects. If yes, please mention the topics to be included / removed against each course(s)/subjects as given in the following table.

Title of course(s)/subjects	Topics to be included	Topics to be removed

3. If you have identified any specific skills, required for graduates of our branch / department, to be imparted through the curriculum, please list them.
4. May we request you to suggest some of the value added courses; professional certification for those, industries will give preference during recruitment of freshers?
5. Specify some industries, Research centers, R & D labs and reputed institutions either in India or Abroad for our faculty to visit & observe best practices.
6. Could you suggest some of innovative instructional (teaching) techniques to enhance students learning?
7. Could you mention professional certification, training programs to improve our faculty competency?

ALUMNI FEEDBACK ON CBCS CURRICULUM

1. Name : Syed Syed Abdul Ameer
2. VT / VtU No. : 6833
3. Batch : 2016-2020
4. Branch : CIVIL
5. Contact No : 8074112504
6. Email ID : ameersyeds43@gmail.com.

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides full flexibility for students to learn wide variety of courses such as Programme Core, Programme Electives and Value added courses. The students have six degree choices in choosing the courses. (i) Faculty choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from online courseware of internationally reputed universities such as Massachusetts Institute of Technology (MIT), USA, Harvard University, Berkeley University of California, The University of Texas System, Australian National University, The University of Queensland etc . This CBCS allows the students to prepare various career options such as employment in engineering industries, IT industries, higher education in reputed institutions and career in research organizations.

We request you to go through our curriculum which is available in our university website and give your valuable suggestions to enrich the curriculum further.

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

2. Are any specific/new/advanced topics to be included to or removed from any of the course(s)/subjects. If yes, please mention the topics to be included / removed against each course(s)/subjects as given in the following table.

Title of course(s)/subjects	Topics to be included	Topics to be removed

3. If you have identified any specific skills, required for graduates of our branch / department, to be imparted through the curriculum, please list them.
4. May we request you to suggest some of the value added courses; professional certification for those, industries will give preference during recruitment of freshers?
5. Specify some industries, Research centers, R & D labs and reputed institutions either in India or Abroad for our faculty to visit & observe best practices.
6. Could you suggest some of innovative instructional (teaching) techniques to enhance students learning?
7. Could you mention professional certification, training programs to improve our faculty competency?

My message / advice to the present students of Vel Tech.
(Not exceeding 50 words)

I will help/ guide Vel Tech students to get employment in future.

Strongly agree <input checked="" type="checkbox"/>	Agree <input type="checkbox"/>	Neutral <input type="checkbox"/>	Disagree <input type="checkbox"/>	Strongly disagree <input type="checkbox"/>
--	--------------------------------	----------------------------------	-----------------------------------	--

One important aspect I like most in Vel Tech.
(Not exceeding 20 words)

Nice ambience to learn
the Engineering

One important aspect I don't like in Vel Tech.
(Not exceeding 20 words)

should improve the road
transport facility

I will recommend Vel Tech to my relatives / friends for higher education.

Strongly agree <input checked="" type="checkbox"/>	Agree <input type="checkbox"/>	Neutral <input type="checkbox"/>	Disagree <input type="checkbox"/>	Strongly disagree <input type="checkbox"/>

	Degree/Specialization	—					
	Institution	—					
8	Have you got employment? If yes, please fill the below.						
	Name of organization employed	Self					
	Current Designation	Engineer					
	Employment got through	On campus Interview	<input type="checkbox"/>	Off campus Interview	<input checked="" type="checkbox"/>		
9	How well do you think your undergraduate experience will help you to						
	Kindly tick in the following boxes.	To a great extent	To a moderate extent	To a slight extent	To a very little extent	Not at all	Not willing to answer
	Arrive solution for complex engineering problems	<input checked="" type="checkbox"/>					
	Identify, formulate and analyze complex engineering problems	<input checked="" type="checkbox"/>					

Develop engineering system components or processes that meet specified needs with appropriate consideration for public health, safety, cultural, societal and environmental issues	✓						
Design experiments, analyse and interpret data and synthesise information	✓						
Create, select and apply appropriate state-of-the-art techniques	✓						
Assess societal, health, safety, legal and cultural issues	✓						
Apply knowledge for societal and environmental contexts for sustainable development	✓						
Hold professional ethics and responsibilities and norms of engineering practice	✓						
Be a leader in multidisciplinary teams	✓						
Comprehend and write effective reports and design documentation, make effective presentations and give and receive clear instructions	✓						
Engage in independent and life-long learning in the broadest context of technological change	✓						

10	Please rate each of the following general service areas according to your level of satisfaction				
Kindly tick in the following boxes.	Well Satisfied	Satisfied	Moderately Satisfied	Not at all Satisfied	No opinion
Your overall graduate experience	✓				
Curricular services provided by the department during your graduate studies	✓				
Co and Extra Curricular services provided by the department during your graduate studies	✓				
Quality of graduate curriculum	✓				
Your student life experience	✓				
Your satisfaction level to recommend this University to someone considering your field of study	✓

DEPARTMENT OF CIVIL ENGINEERING

ANALYSIS REPORT (2019-2020)

S.No	Feedback From	Description	Analysis Report
1	Students	Curriculum Quality	86.7% of students expressed they are fully satisfied with the curriculum content and request to add more online courses in curriculum. So same curriculum with small changes will be followed.
		Course preference	0% of students prefer practical dominated integrated courses. Such courses were reduced in future revision.
2	Faculty	Adequate Syllabus Content	100% faculty were contemplated that the syllabus content was adequate.
		Faculty Development Programme	80% of faculty were considered attended faculty development programme are not adequate. In future attending faculty development programme will be encouraged.
3	Alumni	Solution Identification in Filed problem	80 % of alumni manifested that they were capable to identify the field problems and provide solution.
		Identify the complex problems	73.3% of alumni can discern the complex problem in the field.

Parents Feedback Form (2019-20)

Name of the Parent	S. Sobi Morgan.
Name of the Ward	S. Diyanitha.
Sex	Male / Female
Batch / Year	2016-17
Department	Civil Engineering

Give your valuable suggestions in the boxes below for further improvement

1. Syllabus of your ward having current content?

Strongly agree	Agree	Neutral	Disagree	Strongly Disagree
	✓			

2. Curriculum help in enhancing intellectual aptitude

Strongly agree	Agree	Neutral	Disagree	Strongly Disagree
	✓			

3. Curriculum help in developing personality of your ward

Strongly agree	Agree	Neutral	Disagree	Strongly Disagree
	✓			

4. Curriculum enhances employability

Strongly agree	Agree	Neutral	Disagree	Strongly Disagree
✓				

5. Syllabus is applicable to the solution for the local problems

Strongly agree	Agree	Neutral	Disagree	Strongly Disagree
	✓			

6. Your ward get adequate knowledge from the curriculum

Strongly agree	Agree	Neutral	Disagree	Strongly Disagree
	✓			

7. Institute regularly informs you about performance of your ward

Strongly agree	Agree	Neutral	Disagree	Strongly Disagree
		✓		

8. Any Other suggestions

9.

School of Mechanical and Construction
Department of Automobile Engineering
Students Feedback - Curriculum Design

Academic Year: 2019-2020 (odd)

1. How do you rate the quality of the existing curriculum?
a) Not Satisfied b) Partly Satisfied c) Satisfied d) Fully Satisfied
2. Whether the curriculum focuses on program learning outcomes and technical skills required by industry?
a) Needs Major Revision b) Needs Moderate Revision c) Covers to Major Extent
 d) Fully covers the current trends
3. Which type of course do you prefer?
a) Theory course b) lab course c) Theory dominated integrated course
d) Practical dominated integrated course
4. Rate the curriculum in terms of extra learning or self-learning considering the design of the courses
a) Excellent b) Good c) Average d) Poor
5. How do you rate the evaluation scheme designed for each of the course?
a) Excellent b) Good c) Average d) Poor
6. How do you rate the offering of the electives in terms of their relevance to the specialization?
 a) Excellent b) Good c) Average d) Poor
7. How do you rate the relevance of the programme curriculum relevant to your placement or higher studies?
a) Excellent b) Good c) Average d) Poor
8. Are you happy with the Total number of credit requirements of curriculum?
a) Not Happy b) Happy to Some Extent c) Happy d) Very Happy
9. Do you agree that CBCS regulation and curriculum help to learn courses of your interest at your own pace.
a) Strongly Disagree b) Disagree c) Agree d) Strongly Agree
10. What changes would you recommend to improve curriculum?
Good.

a) Needs Major Revision b) Needs Moderate Revision c) Covers to Major Extent
d) Fully covers the current trends

3. Which type of course do you prefer?
a) Theory course b) lab course c) Theory dominated integrated course
d) Practical dominated integrated course

4. Rate the curriculum in terms of extra learning or self-learning considering the design of the courses
a) Excellent b) Good c) Average d) Poor

5. How do you rate the evaluation scheme designed for each of the course?
a) Excellent b) Good c) Average d) Poor

6. How do you rate the offering of the electives in terms of their relevance to the specialization?
a) Excellent b) Good c) Average d) Poor

7. How do you rate the relevance of the programme curriculum relevant to your placement or higher studies?
a) Excellent b) Good c) Average d) Poor

8. Are you happy with the Total number of credit requirements of curriculum?
a) Not Happy b) Happy to Some Extent c) Happy d) Very Happy

9. Do you agree that CBCS regulation and curriculum help to learn courses of your interest at your own pace.
a) Strongly Disagree b) Disagree c) Agree d) Strongly Agree

10. What changes would you recommend to improve curriculum?

VEL TECH RANGARAJAN Dr SAGUNTHALA R&D INSTITUTE OF SCIENCE & TECHNOLOGY

School of Mechanical and Construction
Department of Automobile Engineering
Students Feedback - Curriculum Design

Academic Year : (19-20) (Even)

1. How do you rate the quality of the existing curriculum?
a) Not Satisfied b) Partly Satisfied c) Satisfied d) Fully Satisfied
2. Whether the curriculum focuses on program learning outcomes and technical skills required by industry?
a) Needs Major Revision b) Needs Moderate Revision c) Covers to Major Extent
d) Fully covers the current trends
3. Which type of course do you prefer?
a) Theory course b) lab course c) Theory dominated integrated course
d) Practical dominated integrated course
4. Rate the curriculum in terms of extra learning or self-learning considering the design of the courses
a) Excellent b) Good c) Average d) Poor
5. How do you rate the evaluation scheme designed for each of the course?
a) Excellent b) Good c) Average d) Poor
6. How do you rate the offering of the electives in terms of their relevance to the specialization?
a) Excellent b) Good c) Average d) Poor
7. How do you rate the relevance of the programme curriculum relevant to your placement or higher studies?
a) Excellent b) Good c) Average d) Poor
8. Are you happy with the Total number of credit requirements of curriculum?
a) Not Happy b) Happy to Some Extent c) Happy d) Very Happy

1. Name : RAGHAVENDIRAN . V
2. VT / ViU No. : VIP 2398
3. Batch : M.Tech Environmental Engineering
4. Branch : Environmental Engineering
5. Contact No : 98653 11850
6. Email ID : raja.safetyengg@gmail.com .

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides full flexibility for students to learn wide variety of courses such as Programme Core, Programme Electives and Value added courses. The students have six degree choices in choosing the courses. (i) Faculty choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from online courseware of internationally reputed universities such as Massachusetts Institute of Technology (MIT), USA, Harvard University, Berkeley University of California, The University of Texas System, Australian National University, The University of Queensland etc . This CBCS allows the students to prepare various career options such as employment in engineering industries, IT industries, higher education in reputed institutions and career in research organizations.

We request you to go through our curriculum which is available in our university website and give your valuable suggestions to enrich the curriculum further.

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

Sustainability on Environment health & safety .

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides full flexibility for students to learn wide variety of courses such as Programme Core, Programme Electives and Value added courses. The students have six degree choices in choosing the courses. (i) Faculty choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from online courseware of internationally reputed universities such as Massachusetts Institute of Technology (MIT), USA, Harvard University, Berkeley University of California, The University of Texas System, Australian National University, The University of Queensland etc. This CBCS allows the students to prepare various career options such as employment in engineering industries, IT industries, higher education in reputed institutions and career in research organizations.

We request you to go through our curriculum which is available in our university website and give your valuable suggestions to enrich the curriculum further.

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

ACTION TAKEN REPORT (2018-2019)

S. No	Analysis Report	Action Taken
1	86.7 % of alumni manifested that they were capable to identify the field problems and provide solution. But also suggested some new courses may be included in infrastructure development category.	Based on the comments from 2018-19 alumni feedback analysis report, in 19 th BOS 1. Smart city and urban forest 2. Intellectual property and creativity The above listed courses were proposed for approval.

ANALYSIS REPORT (2018-2019)

S.No	Feedback From	Description	Analysis Report
1	Students	Technical skills Requirements	40.6 % of students expressed they are gained technical skills from the given curriculum. So, the same curriculum with small changes in the technical skills will be followed.
		Course preference	52.8 % of students prefer practical dominated integrated courses. Such courses were reduced in future revision.
2	Faculty	Adequate Syllabus Content	100% faculty were contemplated that the syllabus content was adequate.
		Continues Assessment	100% of faculty were considered the internal assessment is enough to get data for student's performance.
3	Alumni	Solution Identification in Filed problem	86.7 % of alumni manifested that they were capable to identify the field problems and provide solution. But also suggested some new courses may be included in infrastructure development category.
		State of the art	73.4 % of alumni can elucidate the complex problem in the field.

8. Have you attended any faculty development programme for this course?

More than two / one to two / Nil

9. Effectiveness of continuous assessments with respect to measurement of course outcomes

More effective / Less effective / Not effective

10. Your suggestions/comments, if any.

NIL

FACULTY FEEDBACK ON COURSE HANDLED

Faculty Name : M SRIDHAR TTS Number: 3547
Department : Civil Engineering Academic Year: 2015-19 (old)
Course Title & course Code : 115ICE104 & Engineering Mechanics
Name of the Programme : B Tech. Civil Engineering
Semester : III

Give your valuable suggestions in the boxes below for further improvement, if your response is third option.

1. Are the syllabus contents of the course adequate to attain all the course outcomes?

Well adequate / Just adequate / Not adequate

2. Are all the prescribed text and reference books of the course available in our library?

Adequate titles & volumes / adequate titles but less volumes / inadequate titles & volumes

3. Adequateness of the total number of periods allotted to complete the delivery of the course contents

High / moderate / low

4. Extent of pre-requisite knowledge of students with respect to learning of this course contents

Excellent / Good / poor

5. Freedom in accessing appropriate teaching aids for delivering the course

Excellent / Good / poor

6. Classroom ambience for students' learning

Excellent / Good / poor

7. Accessibility of e-learning resources for the students

High / moderate / low

8. Have you attended any faculty development programme for this course?

More than two / one to two / Nil

9. Effectiveness of continuous assessments with respect to measurement of course outcomes

More effective / Less effective / Not effective

10. Your suggestions/comments, if any.

NIL

Students Feedback - Curriculum Design

Academic Year: 2018-19 (odd)

1. How do you rate the quality of the existing curriculum?
a) Not Satisfied b) Partly Satisfied c) Satisfied d) Fully Satisfied

2. Whether the curriculum focuses on program learning outcomes and technical skills required by industry?
a) Needs Major Revision b) Needs Moderate Revision c) Covers to Major Extent
d) Fully covers the current trends

3. Which type of course do you prefer?
a) Theory course b) lab course c) Theory dominated integrated course
 d) Practical dominated integrated course

4. Rate the curriculum in terms of extra learning or self-learning considering the design of the courses
a) Excellent b) Good c) Average d) Poor

5. How do you rate the evaluation scheme designed for each of the course?
a) Excellent b) Good c) Average d) Poor

6. How do you rate the offering of the electives in terms of their relevance to the specialization?
a) Excellent b) Good c) Average d) Poor

7. How do you rate the relevance of the programme curriculum relevant to your placement or higher studies?
a) Excellent b) Good c) Average d) Poor

8. Are you happy with the Total number of credit requirements of curriculum?
a) Not Happy b) Happy to Some Extent c) Happy d) Very Happy

9. Do you agree that CBCS regulation and curriculum help to learn courses of your interest at your own pace.
a) Strongly Disagree b) Disagree c) Agree d) Strongly Agree

10. What changes would you recommend to improve curriculum?
No changes

DEPARTMENT OF CIVIL ENGINEERING

ANALYSIS REPORT (2017-2018)

S.No	Feedback From	Description	Analysis Report
1	Students	Curriculum Quality	73.4% of students expressed they are fully satisfied with the curriculum content. So same curriculum with small changes will be followed.
		Course preference	53.3% of students interested in practical courses. Such courses will be introduced in future revision.
2	Faculty	Adequate Syllabus Content	100% faculty were contemplated that the syllabus content was adequate.
		Faculty Development Programme	40% of faculty were considered attended faculty development programme are not adequate. In future attending faculty development programme will be encouraged.
3	Alumni	Solution Identification in Filed problem	86.7 % of alumni manifested that they were capable to identify the field problems and provide solution.
		Identify the complex problems	80% of alumni can discern the complex problem in the field.

FEEDBACK FROM FACULTY

SCHOOL OF MECHANICAL AND CONSTRUCTION ENGINEERING

DEPARTMENT OF CIVIL ENGINEERING

Name of the Faculty: SIVARANJANI . S
Date of Joining: 14/6/18

Designation: Asst. Prof.

Note: Your valuable opinions and suggestions are solicited for further improvement of the University system. Against each statement a five point scale is given. The five points are Strongly Agree (SA), Agree (A), Neutral (N), Disagree (D) and Strongly Disagree (SD). Your responses will be kept confidential and used only for the stated purpose.

I. CURRICULUM DESIGN AND DEVELOPMENT

Particulars	SA	A	N	D	SD
1. Board of studies is taking care to ensure the currency and relevance of the programme offering.	✓				
2. Employability is given weightage in curriculum design and development.	✓				
3. I am given enough freedom to contribute my ideas on curriculum design and development.	✓				
4. The system followed by the University for the design and development of curriculum is effective.	✓				
5. The curriculum has been updated from time to time.	✓				
6. Representation from business and industry in PG Board of studies is helpful in designing and improving the courses.	✓				

Suggestion for improvement in curriculum design and development:

- Nil -

II. TEACHING, LEARNING, EVALUATION & RESEARCH

Particulars	SA	A	N	D	SD
1. The admission process adopted by the University is effective.	✓				
2. The University is able to attract meritorious students.	✓				
3. Student centered training resources are available in the University.	✓				
4. The faculty are updating their knowledge and skills.	✓				
5. The class work is taking place as per schedule.	✓				
6. The VTU Central Library is a major source of information.	✓				
7. The library is utilized optimally by the faculty.	✓				
8. The library is utilized optimally by the research scholars.	✓				
9. The library is utilized optimally by the students.	✓				
10. The library is managed effectively.	✓				
11. The timings of the library are convenient.	✓				
12. The procedure followed for acquiring new books and journals ensures right titles and journals in the library.	✓				
13. The teaching aids in the department are sufficient and up to date.	✓				
14. The teachers are supported with adequate learning resources.	✓				
15. The teachers are encouraged to carry out research.	✓				
16. The teachers are encouraged to organize seminars/workshops/symposia/conferences.	✓				
17. The teachers are encouraged to participate in seminars /workshops/ symposia/conferences.	✓				
18. The teachers are encouraged to undertake extension service programmes.	✓				
19. The teachers are encouraged to establish linkage with Industry.	✓				
20. The teachers are encouraged to take-up consultancy services.	✓				
21. The merit of the teachers is recognized.	✓				
22. The examination system followed by the University is effective.	✓				
23. The evaluation system followed by the University is effective.	✓				

Suggestion for improvement in Teaching, Learning, Evaluation and Research:

— Nih —

III. INFRASTRUCTURE

Particulars	SA	A	N	D	SD
1. The class rooms and furniture available are adequate.	✓				
2. The boilers are sufficient for faculty and students.	✓				
3. The buildings and furniture are well maintained.	✓				
4. The labs are adequately equipped (wherever applicable).	✓

Academic Qualifications

Ph.D. in Highway Materials, Leeds University, UK.

M.Sc. in Highway and Traffic Engineering, Strathclyde University,

B.Sc. in Civil Engineering, Aston University,

Expertise

Highway Materials and Design, Traffic Impact Assessment

Position

Professor

Veltech Dr.RR & Dr.SR University

(Estd. u/s 3 of UGC Act, 1956)

Feedback on Visiting Faculty Course

Course Title	Asphalt Technology
Visiting Faculty Name & University	Dr. Meor Athman Hamzah / University Sains Malaysia (USM)
Training Program date	31/08/2017 to 06/09/2017
Course Duration	1 week
Department	Civil Engineering
No of Participants	40
Venue	Alfred Noble Hall (Block NO. 17)

Impact on Students Learning Outcomes:

The students were able to:

- Plan a highway system.
- Identify the factors involved in the Geometric alignment.
- Distinguish between flexible pavement and Rigid pavement.
- Utilize materials use in highway construction.
- Detect the defect in pavements.

Quality of Course delivery & Course Materials:

- The quality of a Course material was excellent.
- The Course materials was prepared in a simple language and easily understood by the student.
- The Course material consisted of PPT which was self descriptive.

Recommendation of this course again for next batch of Students:

Yes, I strongly recommended the course to the next batch of students.

Any Improvement required in the Course Content & delivery Method:

- The presentation is good, especially the graphs and flow chart given in the PPT.
- It was very good and beneficial to the students.

Feedback about assessment:

- The assessment was good and marks are allotted fairly.

Any other Comments:

ACADEMIC EXPERTISE:

- Construction Planning and Scheduling
- Construction Law and Delay Claims
- Building Information Models and Information Technology

TEACHING INTERESTS:

- Construction Law, Dispute Resolutions and Delay Claims.
- Project Management courses in Engineering Economy, Project Time Management, Project Finance Management and Project Quality Management.
- Information Technology courses in Information Management, Building Information Models, Management of Information System, and Object-Oriented System Analysis and Design.

Veltech Dr.RR & Dr.SR University

(Estd. u/s 3 of UGC Act, 1956)

Feedback on Visiting Faculty Course

Course Title	Construction Planning & Scheduling
Visiting Faculty Name & University	Prof. Fan, Su-Ling (Laura), Tamkang University, Taiwan
Training Program date	30 th January 2017 to 9 th February 2017
Course Duration	30 Hrs
Department	Civil Engineering
Number of Participants	33
Venue	Alfred Nobel Hall & CAD/CAM Lab

Impact on Students Learning Outcomes:

Able to demonstrate effective organizational leadership skills for managing projects.

Evaluate a project to develop the scope of work, provide accurate cost estimate and to plan the various activities.

Monitor the progress of a project and to revising together.

Quality of Course delivery & Course Materials:

Excellent, Confident Communication that holds the attention of the students. Lectures are made in a natural and interesting way, demonstrating excellent communication skills.

The course materials were given in the form of ppt and hard copy.

Recommendation of this course again for next batch of Students:

→ Students learnt good project management tools from Professor Laura. I strongly recommend this course to the next batch who want to be successful in managing the projects.

Any Improvement required in the Course Content & delivery Method:

→ The presentation of the course content was excellent & truly beneficial

→ The methods adopted for delivery of the course materials were also good.

Feedback about assessment:

Professor communicates clearly, uses practical examples and breaks up lectures with small group and individual activities to apply what the students learned. I especially appreciate the way professor encourages questions & interaction.

Any other Comments:

In general, the Programme was very useful to all the students.

Tyagi, Avdhesh K., Ph.D., P.E.

Associate Professor
Water Resources Engineering
Office: 109 Engineering South
Phone: 405-744-9307
Email: tyagi@okstate.edu

Education

- Ph.D. - Water Resources Engineering, University of California-Berkley, 1971
- M.S. - Hydraulic Engineering, University of Roorkee, India, 1967
- B.S. - Civil Engineering, University of Allahabad, India, 1965

Research Interests

Dr. Tyagi's research interests include finite element modeling, GIS applications to surface water modeling, Fuzzy theory to ground water modeling, remediation of hazardous waste sites, bridge and culvert and scour modeling.

Current Research Projects

- Laboratory Modeling of Energy Dissipation in Broken-back Culverts

Awards and Recognition

- Fellow, American Society of Civil Engineers
- Fellow Award, Oklahoma Society of Professional Engr., 2003
- Fellow Award, National Society of Professional Engineers, 2004
- Outstanding Engineer of the Year Award, Frontier Chapter, 2003
- Outstanding Engineer of the Year Award, Oklahoma Society of Professional Engineers, 2004
- Outstanding Engineer-in-management, Oklahoma Society of Professional Engineers, 2005
- Advanced Leadership Award, Oklahoma State University, 2000

Professional Memberships

- American Society of Civil Engineers
- American Water Resources Association

- International Water Resources Association
- National Society of Professional Engineers
- Oklahoma Society of Professional Engineers

Professional Registrations

- Registered Professional Engineer, Oklahoma, No. 13147
- Registered Professional Sanitary Engineer, Arizona, No. 10829

Veltech Dr.RR & Dr.SR University

(Estd. u/s 3 of UGC Act, 1956)

Professor's Feedback

Course Title: Prof. Avdhesh.K.Tyagi

Name & University: Oklahoma State University - Still water Campus(USA)

Training Program date: Feb 13 to 24, 2017

Course Duration: 30 Hrs

No of Participants: 32 (Civil Engineering III Year & M.Tech (Environmental Engineering))

Venue: Alfred Nobel Hall

Interactivity level of the Students:

Participations level of class students was high. They collected research info from internet and presented PPP in class.

Infrastructure arrangements:

Well organized. The auditorium is very large. Two partitioned classes took place simultaneously, so noise communication was present. Acoustics need to be improved for this large room.

Audio and visual equipment's:

AV could be improved. Higher speed of computer would improve delivery of PPP and class material.

Proficiency Level of the Students:

The U/G and graduate students were qualified to take this course. Some students did not concentrate in this course + posed distraction in the course.

Any other Suggestions:

If it begins well, it ends well!

Avti 991

Feedback on Visiting Faculty Course

Course Title	Contemporary issues in Water Resources - India
Visiting Faculty Name & University	Prof. Avdesh K.Tyagi, Oklahoma State University, USA
Training Program date	10 th February 22 nd February 2017
Course Duration	30 Hrs
Department	Civil Engineering
No of Participants	30
Venue	Alfred Nobel Hall

Impact on Students Learning Outcomes:

- Students have understood the basics with a practical footprint
- They can demonstrate the models
- They can also implement their knowledge in live projects

Quality of Course delivery & Course Materials:

- Excellent, confident communication that holds the attention of the students. Lecture are made in a natural and interesting way, demonstrating excellent communication skills.

- The course materials were given in the form of PPT and hardcopy.

Recommendation of this course again for next batch of Students:

Students learnt the basics & advances of water resources & hydrology

commendation of this course again for next batch of Students:

I strongly recommend this course to the next batch who want to be successful in managing projects.

Any Improvement required in the Course Content & delivery Method:

- The presentation of the course content was excellent and truly beneficial.
- The methods adopted for delivery of the course materials were also good.

Feedback about assessment:

Professor communicates clearly, uses practical examples and breaks up lectures with small group and individual activities to apply what the students learnt. I appreciate the way professor encourages questions and interactions.

Any other Comments:

In general, the programme was very useful to all the students.

Professor's Feedback

Name & University	Prof. Dr. Fauziah Binti Ahmad, Universiti Sains Malaysia (USM), Malaysia.
Course Title	Soil Mechanics (Geotechnical Engineering)
Training Program date	16 th August to 23 rd August, 2017
Course Duration	20 Hours
No of Participants	40 (Civil Engineering)
Venue	APJ Abdul Kalam Hall

Your feedback about course offered (Such as level of Students Participation, arrangements, Coordination etc.,).

The level are ok, good participation and interactions in the class.
The coordination and time are well organised.
All well taken care and most of the staff are very friendly..

Overall experience at Veltech

It was a very good experience at Veltech University and I like it and enjoy teaching them.
The program is very good where the students can get exposure of some subjects and interaction during the talk / discussion.

Would you like to visit Veltech again? Why?

Yes, I can where we can have collaborations between University not only in teaching but also looking into final year projects

Any other Suggestions:

- ① Probably can undergo some short course on innovations in Civil Engineering area.
- ② How to conduct research and writing thesis for final year projects.
- ③ Critical Thinking topics.
- ④ Entrepreneurship classes will be good for job creating after graduating.

Prof. Fauziah Ahmad
(USM)

23rd August 2017

Feedback on Visiting Faculty Course

Course Title	"Soil Mechanics"
Visiting Faculty Name & University	Prof. Dr. Fauziah Ahmad, USM
Visiting Program date	16.08.2017 to 23.08.2017
Course Duration	20 Hrs
Department	Civil Engineering
Number of Participants	36
Venue	APJ Abdul Kalam seminar hall

Impact on Students Learning Outcomes:

- * Able to explain the principles related to soil mechanics and its relation with geotechnical engineering theories
- * Able to demonstrate design solution.

Quality of Course delivery & Course Materials:

- * Excellent, the quality of course delivery and the way of handling student is good.
- * Course materials are given in the form of PPT and soft copy.

Recommendation of this course again for next batch of Students:

second year students learnt the basics of soil mechanics. I strongly recommend the course to the next batch of students.

Improvement required in the Course Content & delivery Method:

The presentation is good especially the the graphs and flow charts given in the ppt are good and beneficial for the students.

Feedback about assessment:

communication skill is good and the field examples given during the lecture is very useful to understand the basics.

Short Profile

Mr. V. Umamaheshwaran working as Manager in Concrete Management Department of L&T Construction Buildings and Factories Independent Company. He holds a master's degree in Construction Engineering and Management. He is been actively working in the field of Concrete Technology for the last 15 years. His areas of interests include High strength / High performance concrete, Self-compacting Concrete, use of alternate materials, optimization of concrete mix design and training. He has presented papers at various conferences and seminars. He also involves in training of young engineers in concrete technology within the organization and outside.

ALUMINI FEEDBACK FORM ON CBCS CURRICULAM

1. Name: Shashank Agnihotri

2. VIT No: 4953

3. Batch: 2014-2018

4. Branch: Civil

5. Contact No: 9789443546

6. Email: vtu4953@veltechuniv.edu.in

The curriculum of all the B.Tech programs of our university are developed based on the American Standard Graduate attributes that clearly describe the expected knowledge, skills, and attitude to be demonstrated by the students during exit of the programme. To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the year 2017-18. The CBCS provides full flexibility for students to learn wide range of courses from the following categories:

1. Core courses

2. Elective courses, where students have six degree choices in choosing the courses.

3. Choice of Electives within the program

4. Choice of Electives from other program/departments

5. Choice of Electives from International universities

6. Choice of Electives

2. Are any specific/new/advanced topics to be included to or removed from any of the courses/subjects. If yes, please mention the topics to be included/removed against each course/subject as given in the following table:

Name of course/subjects	Topics to be included	Topics to be removed

3. If you have identified any specific skills required for graduates of our branch, department or discipline through the curriculum plan, list them.

4. If we request you to suggest some of the value added courses/professional certification for those industries will give preference during recruitment of teachers?

5. Suggest some industries, Research centres, R&D labs and reputed institutions either in India or abroad for our faculty to visit & observe best practices.

6. Suggest some innovative instructional/teaching techniques to enhance student learning?

7. Suggest some innovative/creative activities/programmes to improve our faculty members.

ALUMINI FEEDBACK FORM ON CBCS CURRICULAM

Name: Sampad Sarkar

Roll No: 4966

Year: 2014-2018

Branch: Civil

Phone: 9789443548

E-mail: Vtu4966@veltechuniv.edu.in

The curriculum of all the B.Tech programs of our university are developed according to the Washington Accord Graduate attributes that clearly describe the expected knowledge, skills, and abilities, and attitudes to be demonstrated by graduates. In view of the programme to promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2017-18. The CBCS provides full flexibility for students to learn wide range of courses from different departments.

Advantages of CBCS are:

1. It offers freedom in degree choices in choosing the courses.

2. It offers choice

3. It offers choice in degree program

4. It offers choice in other program/departments

5. It offers choice in international universities

6. It offers choice in

2) Are there any specific new/advanced topics to be included to or removed from any of the subjects? If yes please mention the topics to be included/removed against each of the subjects as given in the following table.

| Title of course/subjects | Topics to be included | Topics to be removed |
|--------------------------|-----------------------|----------------------|
| | | |
| | | |

3) Have you identified any specific skills required for graduates of our branch/department, to be imparted through the curriculum, please list them.

4) Are you advised by any to suggest some of the value added courses/professional certification courses that the industries will give preference during recruitment of freshers?

5) Are there any industries, Research centres, R&D labs and reputed institutions either in India or abroad for our faculty to visit & observe best practices.

6) Can you suggest some of innovative instructional (teaching) techniques to enhance the learning?

7) Do you mention professional certification, training programs to improve our faculty competency?

It is noted that the B.Tech programs of our university are developed in line with Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme. To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the year 2017-18. The CBCS provides full flexibility for students to learn wide variety of courses, such as Programme Core.

1) Yes and Value added courses.

2) The students have wide degree choices in choosing the courses.

3) The students have choice

4) The students have choice within the program

5) The students have choice from other program/departments

6) The students have choice from other universities

7) The students have choice

2. If any new or advanced topic is to be included to or removed from any of the above subjects, please mention the topics to be included/removed against each of the subjects as given in the following table

| Subjects | Topics to be included | Topics to be removed |
|----------|-----------------------|----------------------|
| | | |
| | | |

3. If you have identified any specific skills, required for graduates of our branch /department, to be imparted through the curriculum, please list them

4. We request you to suggest some of the value added courses; professional certification in those industries will give preference during recruitment of freshers?

5. Suggest some industries, Research centres, R&D labs and reputed institutions either in India or abroad for new faculty to visit & observe best practices.

6. Suggest some or innovative instructional (teaching) techniques to enhance learning

7. Suggest any professional certification/training programs to improve our faculty

III. INFRASTRUCTURE

| Particulars | | | | |
|--|---|---|--|--|
| 1. The class rooms and furniture available are adequate. | ✓ | | | |
| 2. The toilets are sufficient for faculty and students. | ✓ | | | |
| 3. The buildings and furniture are well maintained. | ✓ | | | |
| 4. The labs are adequately equipped (wherever applicable). | ✓ | | | |
| 5. The infrastructure available in the department is optimally used. | ✓ | | | |
| 6. Parking facilities are available adequately. | ✓ | ✓ | | |
| 7. Roads are maintained well. | ✓ | | | |
| 8. Water resources are adequately provided. | ✓ | | | |
| 9. Safe drinking water is available. | ✓ | | | |
| 10. Sports infrastructure is adequate. | ✓ | | | |

VEL TECH RANGARAJAN Dr.SAGUNTHALA R&D INSTITUTE OF SCIENCE AND TECHNOLOGY

(VEL TECH Dr.RR & Dr.SR TECHNICAL UNIVERSITY)

University u/s 3 of UGC Act, 1956

#42, Avadi-Vel Tech Road, Avadi, Chennai - 600 062, Tamil Nadu, INDIA.

Industrial Employer Survey Form

Industrial employers' views of Educational Outcomes of Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology

We greatly acknowledge you for showing continuous interest in recruiting our graduates to your esteemed organization. We hope that our graduates have been performing to your expected level of satisfaction. To enhance performance of future graduates still better, we have been conducting stakeholder survey every year. As you are one of the important stakeholders for us, we request you to spend your valuable time for recording your responses. The purposes of this survey are to:

- assess the competence level of our graduates in practice area,
- measure the extent of demonstration of transferable skills by our graduates, and
- help us in designing *Outcomes Driven - Practice Focused* curriculum, Teaching learning method and assessment procedure.

We consider your opinions as essential for the continued improvement of the quality of our programmes, and we appreciate your time in filling out this survey. If you need any clarification about this survey, please contact the Director (Quality Assurance), Dr.A.Abudhahir at diaq@veltech.edu.in.

1. General Details

Company name: PRELUDE SYSTEMS INDIA LTD.

Company address: SIPcot, SIRUSERI IT PARK.

Name of person completing questionnaire: RAJKUMAR SHANTILLAM

Job title of person completing questionnaire: HR MANAGER

Email address: rajkumar_s@preludeinfo.com

Number of full-time employees (VTU graduates): 7

Are you responsible for/involved in recruitment process? yes/ no.

2. We would like you to rate your level of satisfaction regarding the following statements which relate specifically to our Vel Tech Engineering graduates:

| Particular | Very satisfied | Quite Satisfied | Dissatisfied | Very Dissatisfied |
|--|----------------|-----------------|--------------|-------------------|
| Satisfaction with the calibre of these graduates | ✓ | | | |
| Satisfaction that graduates are learning the right skills/courses are relevant to your organisation's requirements | ✓ | | | |
| Satisfaction with the speed at which course content is being adapted to meet changing business needs | ✓ | | | |

3. Why do you prefer our graduates for employment in your organisation? Please tick all that apply.

[Agree] [Disagree] [No comments]

| | | | |
|---|-------------------------------------|--------------------------|-------------------------------------|
| The institutional reputation | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Relevant subject or discipline knowledge | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Quality of subject or discipline knowledge | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Quality of employability skills and attributes | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| The institution produces high quality graduates | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Strong organisation links with institution | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Successful past experience of recruiting from this institution | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Geographical location of the institution | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

4. We would like you to rate each skill under two headings as follows:

(a) How important is it that graduates your organisation recruited have these skills upon recruitment?

(b) How satisfied are you that graduates your organisation recruited have these skills upon recruitment?

| | How important | | | | | How satisfied | | | | |
|---------------------------------|----------------|-----------|-------------|------------------|----------------|----------------|-----------|--------------|-------------------|----------------|
| | Very Important | Important | Unimportant | Very unimportant | Not applicable | Very satisfied | Satisfied | Dissatisfied | Very dissatisfied | Not applicable |
| Employability skills | | | | | | | | | | |
| Knowledge and skills | | | | | | | | | | |
| Subject or discipline knowledge | ✓ | | | | | ✓ | | | | |

| | | | |
|---|---|--|---|
| Computing and information technology/Basic IT skills | ✓ | | ✓ |
| Literacy | | | |
| Processing and interpreting numerical data | ✓ | | ✓ |
| Fluent in a foreign language | ✓ | | ✓ |
| Workplace skills | | | |
| Communicating verbally appropriately and effectively | ✓ | | ✓ |
| Communicating in writing appropriately and effectively | ✓ | | ✓ |
| Ability to apply professional and/or technical knowledge in the workplace | ✓ | | ✓ |
| Working effectively with others (e.g. team and interpersonal skills) | ✓ | | ✓ |
| Working effectively on their own (e.g. personal organisation, commitment and time management) | ✓ | | ✓ |
| Concern for quality and detail | ✓ | | ✓ |
| Thinking critically and analytically (e.g. problem solving and innovation) | ✓ | | ✓ |
| Leadership/Leading Others | ✓ | | ✓ |
| Attitude | | | |
| Self motivation | ✓ | | ✓ |
| Openness to change | ✓ | | ✓ |
| Taking responsibility | ✓ | | ✓ |
| Ability to cope with work pressure | ✓ | | ✓ |
| Capacity to be flexible and adaptable | ✓ | | ✓ |

5. We would like you to rate each of the following statements under two headings by ticking the response which best reflects your organization's experience:

- How frequently does this occur between your organization and its competitors or benchmark?
- How important is it that this occurs between your organization and its competitors or benchmark?

| | How frequently | | | | How important | | | |
|--|-----------------|-------------------|--------------|-------|----------------|-----------|-------------|------------------|
| | Very Frequently | Rather frequently | Occasionally | Never | Very Important | Important | Unimportant | Very unimportant |
| Cooperation on curriculum design and study programmes | ✓ | | | | ✓ | | | |
| Collaboration on research and innovation | ✓ | | | | ✓ | | | |
| Recruitment of graduates | ✓ | | | | ✓ | | | |
| Joint business ventures with academic researchers | ✓ | | | | ✓ | | | |
| Work placement opportunities for students | ✓ | | | | ✓ | | | |
| Provision of workplace training and development to company employees | ✓ | | | | ✓ | | | |

6. What additional attributes would you like future VTU graduates to possess? Please be as specific as possible.

7. Please provide any additional comments, if you wish.

Industrial Employer Survey Form

Industrial employers' views of Educational Outcomes of Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology

We greatly acknowledge you for showing continuous interest in recruiting our graduates to your esteemed organization. We hope that our graduates have been performing to your expected level of satisfaction. To enhance performance of future graduates still better, we have been conducting stakeholder survey every year. As you are one of the important stakeholders for us, we request you to spend your valuable time for recording your responses. The purposes of this survey are to:

- assess the competence level of our graduates in practice area,
- measure the extent of demonstration of transferable skills by our graduates, and
- help us in designing *Outcomes Driven - Practice Focused* curriculum, Teaching learning method and assessment procedure.

We consider your opinions as essential for the continued improvement of the quality of our programmes, and we appreciate your time in filling out this survey. If you need any clarification about this survey, please contact the Director (Quality Assurance), Dr.A.Abudhahir at diaq@veltech.edu.in.

1. General Details

Company name: CP Aquaculture (India) private Limited

Company address: 104, GNT Road, Nallur + Vijaynallur Vill. Redhills - 67

Name of person completing questionnaire: 1

Job title of person completing questionnaire: Asst. Talent Acquisition Manager

Email address: pperadeep@cp-india.com

Number of full-time employees (VTU graduates):

Are you responsible for/involved in recruitment process? yes/ no.

2. We would like you to rate your level of satisfaction regarding the following statements which relate specifically to our Vel Tech Engineering graduates:

| Particular | Very satisfied | Quite Satisfied | Dissatisfied | Very Dissatisfied |
|--|----------------|-----------------|--------------|-------------------|
| Satisfaction with the calibre of these graduates | | | | |
| Satisfaction that graduates are learning the right skills/courses are relevant to your organisation's requirements | | | | |
| Satisfaction with the speed at which course content is being adapted to meet changing business needs | | ✓ | | |

3. Why do you prefer our graduates for employment in your organisation? Please tick all that apply.

ALUMNI FEEDBACK ON CBCS CURRICULUM

Name : Abhishek Kumar
1. VTU. VIL No. : VTU 3848
2. Batch : 2013-17
3. Branch : CIVIL
4. Contact No : 9067323537
5. Email ID : vtu3848@veltechuniv.edu.in

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides flexibility for students to learn wide variety of courses such as Programme Core, Program Electives and Value added courses. The students have six degree choices in choosing the courses: (i) Choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from other reputed internationally reputed universities such as Massachusetts Institute of Technology, Harvard University, Berkeley University of California, The University of Queensland, The University of National University, The University of Queensland etc. This CBCS allows students to explore various career options such as employment in engineering industries, higher education in reputed institutions and career in research organizations.

We request you to go through our curriculum which is available in our university website and give our valuable suggestions to enrich the curriculum further.

Are there any new subject, to be introduced in our curriculum? If yes, please mention the name of the course and if possible, give outline of the course(s)/subjects.

Are any specific/new/advanced topics to be included to or removed from any of the course(s)/subjects. If yes, please mention the topics to be included / removed against each course(s)/subjects as given in the following table.

| Title of course(s)/subjects | Topics to be included | Topics to be removed |
|-----------------------------|-----------------------|----------------------|
| | | |
| | | |
| | | |
| | | |

- 3. If you have identified any specific skills, required for graduates of our branch / department, imparted through the curriculum, please list them.
- 4. May we request you to **suggest** some of the value added courses; professional certification those industries will give preference during recruitment of freshers?
- 5. Specify some industries, Research centers, R & D labs and reputed institutions either in India or abroad for our faculty to visit & observe best practices.
- 6. Will you suggest some of innovative instructional (teaching) techniques to enhance our faculty's capability?
- 7. Could you mention professional certification, training programs to improve our faculty's competency?
