

**SCHOOL OF ELECTRICAL & COMMUNICATION  
DEPARTMENT OF ECE**

**FEEDBACK ANALYSIS FROM STAKEHOLDERS' FEEDBACK**

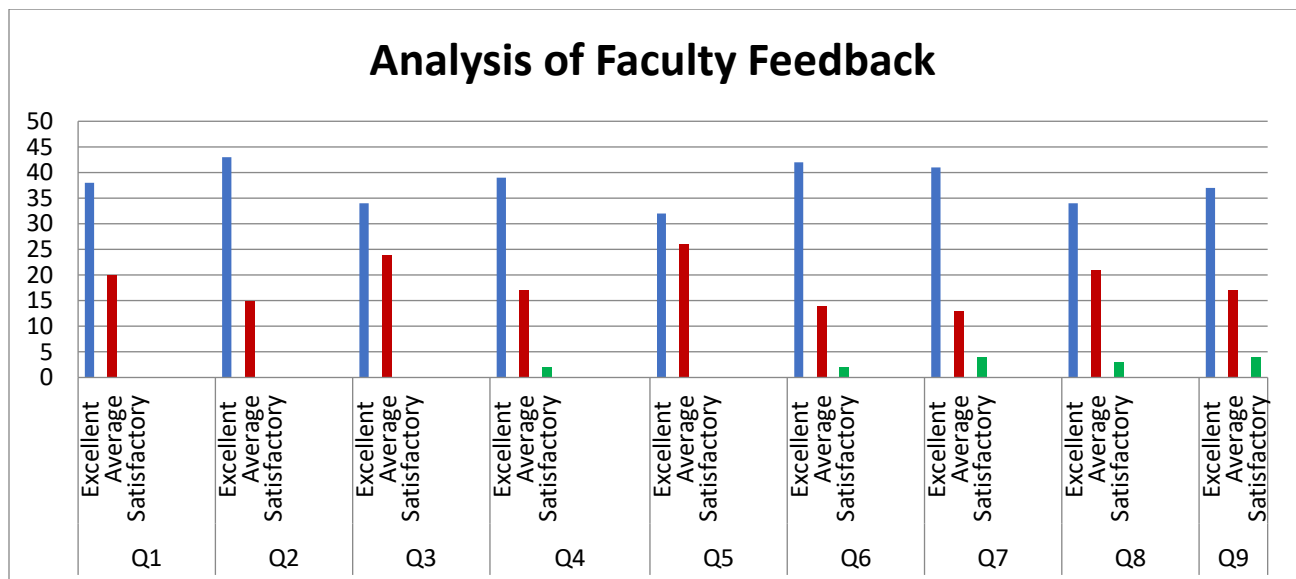

**ACADEMIC YEAR 2020-21**

**ANALYSIS OF FACULTY FEEDBACK 2020-21**

**B.Tech. – ECE**

**PARAMETERS**

1. Are the syllabus contents of the course adequate to attain all the course outcomes?
2. Are all the prescribed text and reference books of the course available in our library?
3. Adequateness of the total number of periods allotted to complete the delivery of the course contents
4. Extent of pre-requisite knowledge of students with respect to learning of this course contents
5. Freedom in accessing appropriate teaching aids for delivering the course
6. Classroom ambiance for students' learning
7. Accessibility of e-learning resources for the students
8. Have you attended any faculty development programme for this course?
9. Effectiveness of continuous assessments with respect to measurement of course outcomes

**SCHOOL OF ELECTRICAL & COMMUNICATION  
DEPARTMENT OF ECE**

<b>Criteria</b>	<b>Excellent</b>	<b>Average</b>	<b>Satisfactory</b>
Are the syllabus contents of the course adequate to attain all the course outcomes?	38	20	0
Are all the prescribed text and reference books of the course available in our library?	43	15	0
Adequateness of the total number of periods allotted to complete the delivery of the course contents	34	24	0
Extent of pre-requisite knowledge of students with respect to learning of this course contents	39	17	2
Freedom in accessing appropriate teaching aids for delivering the course	32	26	0
Classroom ambience for students' learning	42	14	2
Accessibility of e-learning resources for the students	41	13	4
Have you attended any faculty development programme for this course?	34	21	3
Effectiveness of continuous assessments with respect to measurement of course outcomes	37	17	4

### **Observation**

From the faculty feedback it is observed that 66% of faculty feel that the course content is adequate to attain all course outcomes.

### **Suggestions for further improvement from faculty feedback**

1. Adequate Number of Hours Needs to be given for Tutorial Based Courses.
2. Faculty Development Programs can be conducted.
3. E learning Aids Can be Improved.

ANALYSIS OF ALUMNI FEEDBACK 2020-21

B.Tech. – ECE

## PARAMETERS

### Feedback on Curriculum

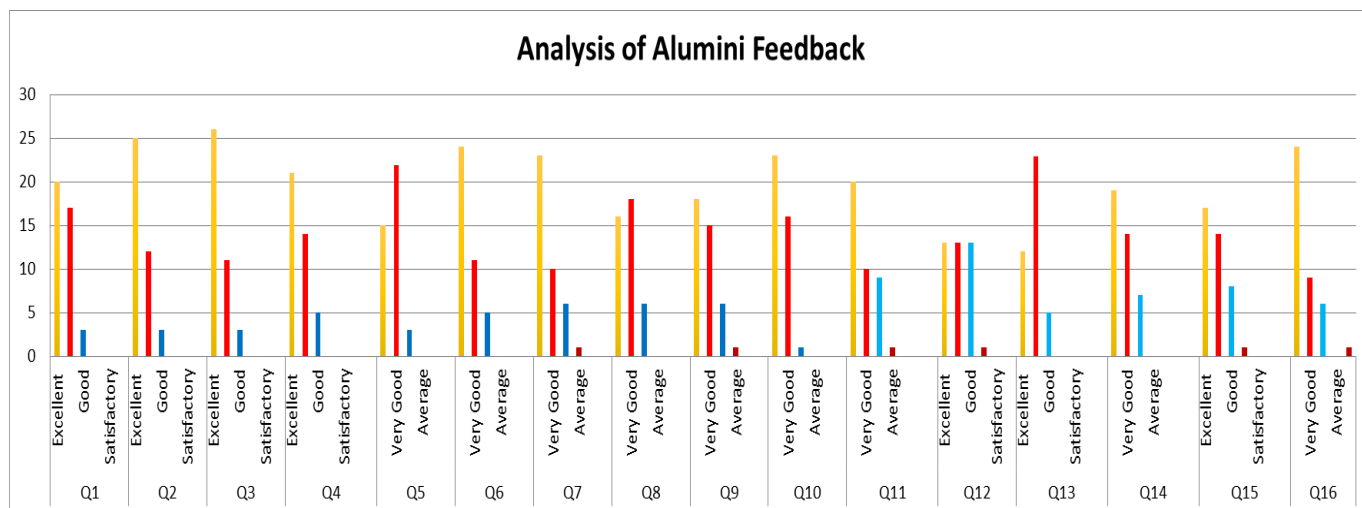

5-Excellent; 4-Very Good; 3-Good; 2-Average; 1-Satisfactory

S.No.	Particulars
1	Program of study aids in my career/Higher studies.
2	<b>Engineering Knowledge</b> Able to apply knowledge of mathematics, science and engineering in solving complex engineering problems.
3	<b>Problem Analysis</b> Able to identify, formulate, and analyze engineering problems.
4	<b>Design/Development of solutions</b> Able to design solutions and develop systems for societal problems.
5	<b>Conduct investigations of complex problems</b> Able to conduct investigations and provide valid conclusions based on theoretical and practical knowledge acquired.
6	<b>Modern Tool Usage</b> Able to use modern engineering equipment, software, tools or technology for design and development of engineering systems.
7	<b>The Engineer and Society</b> Able to apply reasoning, based on the contextual knowledge to assess societal issues.
8	<b>Environment and sustainability</b> Able to understand the impact of the professional engineering solutions in societal and environmental contexts for sustainable development.
9	<b>Ethics</b> Able to apply ethical principles in engineering practice and profession.
10	<b>Individual and team work</b> Able to function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
11	<b>Communication</b> Able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
12	<b>Project management and finance</b> Able to apply engineering and management principles in work.
13	<b>Life Long Learning</b> Able to engage in independent and life long learning.

**SCHOOL OF ELECTRICAL & COMMUNICATION  
DEPARTMENT OF ECE**

14	Able to solve the real world/societal problems by considering CDIO framework
15	Able to develop an electronic system for smart living using embedded programming.
16	Curriculum is on par with industrial requirement.

Criteria	Excellent	Very Good	Good	Average	Satisfactory
Program of study aids in my career/Higher studies.	20	17	3	0	0
<b>Engineering Knowledge</b> Able to apply knowledge of mathematics, science and engineering in solving complex engineering problems.	25	12	3	0	0

Able to solve the real world/societal problems by considering CDIO framework	19	14	7	0	0
Able to develop an electronic system for smart living using embedded programming.	17	14	8	1	0
Curriculum is on par with industrial requirement.	24	9	6	0	1

**SCHOOL OF ELECTRICAL & COMMUNICATION  
DEPARTMENT OF ECE**

**Observation**

Based on Alumni feedback, new courses on skill development could be given. Course on Machine Learning, Python Programming, Embedded System Design, Sensors and Transducers could be offered as core courses.

**Suggestions for Further Improvement**

1. Elective courses to be updated.
2. More ALM can be conducted.
3. Lab based courses can be offered.

**ANALYSIS OF STUDENT FEEDBACK 2020-21**

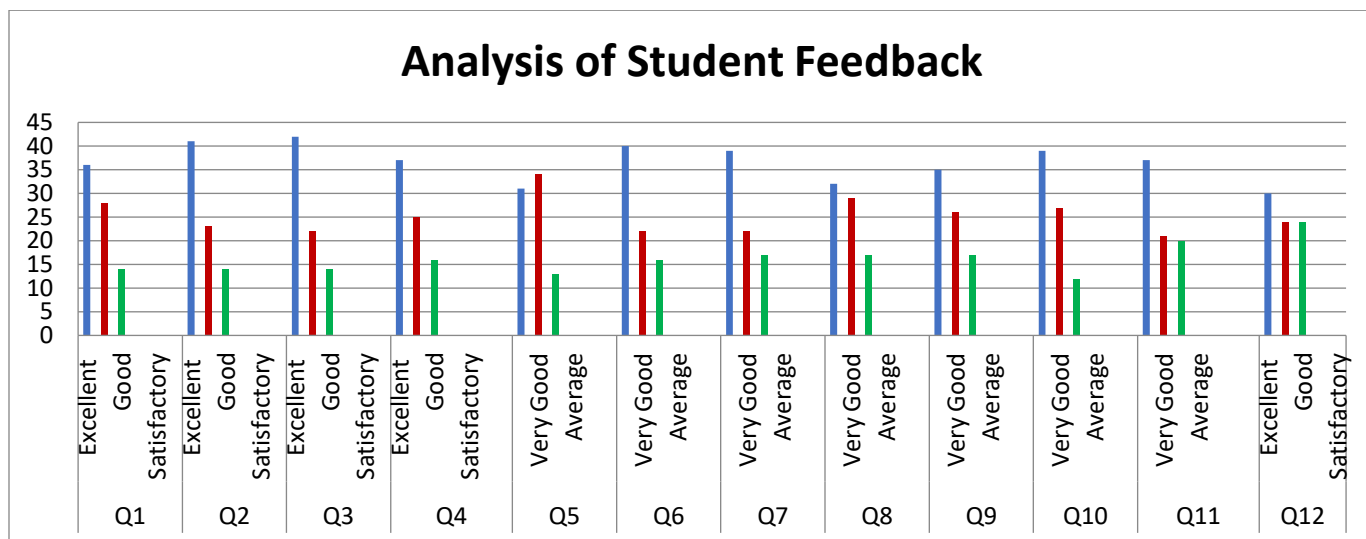

**B.Tech. – ECE**

**PARAMETERS**

1. I heard words and phrases of Teacher and understood clearly in the classroom.
2. The Teacher explained important concepts / ideas in ways that I can understand.
3. Students were encouraged to ask questions and were given meaningful answers.
4. The Teacher took extra care for slow learners.
5. The Teacher used appropriate teaching techniques to enhance my learning.
6. I could access required materials easily for my learning activities.
7. I have learned and understood the subject materials of this course.
8. The Teacher discussed all the course outcomes clearly in the class.
9. The Teacher completed Syllabus portion in-time before tests / exams.
10. The Teacher assessed and evaluated students fairly.
11. The Teacher showed evaluated answer scripts of Unit / Mid – term tests to the students.
12. The Teacher was dynamic and energetic in conducting the course.

**SCHOOL OF ELECTRICAL & COMMUNICATION  
DEPARTMENT OF ECE**

Criteria	Excellent	Very Good	Good	Average	Satisfactory
I heard words and phrases of Teacher and understood clearly in the classroom.	36	28	14	0	0
The Teacher explained important concepts / ideas in ways that I can understand.	41	23	14	0	0
Students were encouraged to ask questions and were given meaningful answers.	42	22	14	0	0
The Teacher took extra care for slow learners.	37	25	16	0	0
The Teacher used appropriate teaching techniques to enhance my learning.	31	34	13	0	0
I could access required materials easily for my learning activities.	40	22	16	0	0
I have learned and understood the subject materials of this course.	39	22	17	0	0
The Teacher discussed all the course outcomes clearly in the class.	32	29	17	0	0
The Teacher completed Syllabus portion in-time before tests / exams.	35	26	17	0	0

## SCHOOL OF ELECTRICAL & COMMUNICATION DEPARTMENT OF ECE

The Teacher assessed and evaluated students fairly.	39	27	12	0	0
The Teacher showed evaluated answer scripts of Unit / Mid – term tests to the students.	37	21	20	0	0
The Teacher was dynamic and energetic in conducting the course.	30	24	24	0	0

### Suggestions for Further Improvement

1. Extra Class for Slow Learners is required.
2. Need More Study Materials.

### Employers Feedback

Particulars	Excellent	Very Good	Good	Satisfactory	Poor
How far the courses in the curriculum are relevant to the programme and satisfy the Industrial needs?	3	1	0	0	0
To what degree does the curriculum provide the relevant knowledge, technical and transferable skills?	3	1	0	0	0
To what degree does the curriculum support a diversifying range of students' abilities and strengthen the critical thinking and innovation?	4	0	0	0	0
To what degree does the curriculum emphasize both fundamentals and emerging technologies?	3	1	0	0	0
How far does the curriculum deliver knowledge and skills relevant to the industry needs?	1	3	0	0	0
How does the curriculum enhance the employability skills?	1	3	0	0	0
To what degree the courses offered are relevant to the specialization?	3	1	0	0	0
To what degree the curriculum enhances the practical exposure in programming languages?	2	2	0	0	0
To what degree does the curriculum support to compute the practice based on legal and ethical principles and professional responsibilities?	3	1	0	0	0
To what degree does the curriculum provide abilities to adopt individual practices?	4	0	0	0	0

**SCHOOL OF ELECTRICAL & COMMUNICATION  
DEPARTMENT OF ECE**

**Observation**

ECE graduates are employed as software Engineers and it is observed from employer's feedback that the syllabus content is in par with current trends and is adequate. From the Employers feedback, Employability skills of the students could be focused more.

### ALUMNI FEEDBACK ON CBCS CURRICULUM

1. Name : N. Harshavathar.
2. VT / VtU No. : 7423
3. Batch : ECE (2015-19)
4. Branch : ECE
5. Contact No : 73972 4331
6. Email ID : vt7423@veltech.edu.in

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides full flexibility for students to learn wide variety of courses such as Programme Core, Programme Electives and Value added courses. The students have six degree choices in choosing the courses. (i) Faculty choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from online courseware of internationally reputed universities such as Massachusetts Institute of Technology (MIT), USA, Harvard University, Berkeley University of California, The University of Texas System, Australian National University, The University of Queensland etc. This CBCS allows the students to prepare various career options such as employment in engineering industries, IT industries, higher education in reputed institutions and career in research organizations.

**We request you to go through our curriculum which is available in our university website and give your valuable suggestions to enrich the curriculum further.**

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

*Python Programming*  
2. Are any specific/new/advanced topics to be included to or removed from any of the course(s)/subjects. If yes, please mention the topics to be included / removed against each course(s)/subjects as given in the following table.

Title of course(s)/subjects	Topics to be included	Topics to be removed
DCE		4th Unit

3. If you have identified any specific skills, required for graduates of our branch / department, to be imparted through the curriculum, please list them.

4. May we request you to suggest some of the value added courses; professional certification for those, industries will give preference during recruitment of fresher's?

*Programming Course.*  
5. Specify some industries, Research centers, R & D labs and reputed institutions either in India or Abroad for our faculty to visit & observe best practices.

*TECHLEE*  
6. Could you suggest some of innovative instructional (teaching) techniques to enhance students learning?

*Participate in Technical contacts*  
7. Could you mention professional certification, training programs to improve our faculty competency?

### FACULTY FEEDBACK ON COURSE HANDLED

Faculty Name : S. Vishnu Kumar TTS Number: 2557  
Department : ECE Academic Year : 2019-2020  
Course Title & course Code : 1151EC104 Semester : Summer  
Name of the Programme : DIGITAL ELECTRONICS

Give your valuable suggestions in the boxes below for further improvement, if your response is third option.

1. Are the syllabus contents of the course adequate to attain all the course outcomes?

Well adequate / Just adequate / Not adequate

2. Are all the prescribed text and reference books of the course available in our library?

Adequate titles & volumes / adequate titles but less volumes / inadequate titles & volumes

Yes

3. Adequateness of the total number of periods allotted to complete the delivery of the course contents

High / moderate / low

4. Extent of pre-requisite knowledge of students with respect to learning of this course contents

Excellent / Good / poor

5. Freedom in accessing appropriate teaching aids for delivering the course

Excellent / Good / poor

6. Classroom ambience for students' learning : Excellent / Good / poor

7. Accessibility of e-learning resources for the students

High / moderate / low

8. Have you attended any faculty development programme for this course?

More than two / one to two / Nil

9. Effectiveness of continuous assessments with respect to measurement of course outcomes

More effective / Less-effective / Not-effective

10. Your suggestions/comments, if any.

## ALUMNI FEEDBACK ON CBCS CURRICULUM

1. Name : ROHAN
2. VT/VtU No. : 3391
3. Batch : 2012-16
4. Branch : ECE
5. Contact No : 8056114479
6. Email ID : rohankumareee@yahoo.com.

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides full flexibility for students to learn wide variety of courses such as Programme Core, Programme Electives and Value added courses. The students have six degree choices in choosing the courses. (i) Faculty choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from online courseware of internationally reputed universities such as Massachusetts Institute of Technology (MIT), USA, Harvard University, Berkeley University of California, The University of Texas System, Australian National University, The University of Queensland etc. This CBCS allows the students to prepare various career options such as employment in engineering industries, IT industries, higher education in reputed institutions and career in research organizations.

We request you to go through our curriculum which is available in our university website and give your valuable suggestions to enrich the curriculum further.

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

Python programming.

2. Are any specific/new/advanced topics to be included to or removed from any of the course(s)/subjects. If yes, please mention the topics to be included / removed against each course(s)/subjects as given in the following table.

Title of course(s)/subjects	Topics to be included	Topics to be removed
AIE		5 <sup>th</sup> Unit.

3. If you have identified any specific skills, required for graduates of our branch / department, to be imparted through the curriculum, please list them.

Programming Skills.

4. May we request you to suggest some of the value added courses; professional certification for those, industries will give preference during recruitment of fresher's?

N.A

5. Specify some industries, Research centers, R & D labs and reputed institutions either in India or Abroad for our faculty to visit & observe best practices.

BOSTON, G.E.

6. Could you suggest some of innovative instructional (teaching) techniques to enhance students learning?

Industrial One credits.

7. Could you mention professional certification, training programs to improve our faculty competency? —

1. Are any new course(s)/subjects to be introduced in our curriculum? If yes, please mention the title of the course(s) and if possible, give outline of the course(s)/subjects.

*Professional Communication*

2. Are any specific/new/advanced topics to be included to or removed from any of the course(s)/subjects. If yes, please mention the topics to be included / removed against each course(s)/subjects as given in the following table.

Title of course(s)/subjects	Topics to be included	Topics to be removed
<i>Sensors &amp; Transducers</i>	<i>MEMS.</i>	

3. If you have identified any specific skills, required for graduates of our branch / department, to be imparted through the curriculum, please list them.

*PCB designing.*

4. May we request you to suggest some of the value added courses; professional certification for those, industries will give preference during recruitment of fresher's?

*fabrication oriented courses.*

5. Specify some industries, Research centers, R & D labs and reputed institutions either in India or Abroad for our faculty to visit & observe best practices.

*MEDONTEK.*

6. Could you suggest some of innovative instructional (teaching) techniques to enhance students learning?

7. Could you mention professional certification, training programs to improve our faculty competency?

**ANALYSIS OF ALUMNI FEEDBACK 2018-19**

**B.Tech. – ECE**

**PARAMETERS**

**Feedback on Curriculum**

5-Excellent; 4-Very Good; 3-Good; 2-Average; 1-Satisfactory

S.No.	Particulars
1	Program of study aids in my career/Higher studies.
2	Able to solve contemporary problems in the analysis and design of Electronics and Communication Devices and Systems.
3	Able to conceive ideas for the societal issues and design, implement and operate the Engineering products for the ideas conceived.
4	Able to effectively communicate the technical information and work in multidisciplinary teams.
5	In my profession, I ensure ethical, environmental, health and safety measures.
6	<b>Engineering Knowledge</b> Able to apply knowledge of mathematics, science and engineering in solving complex engineering problems.
7	<b>Problem Analysis</b> Able to identify, formulate, and analyze engineering problems.
8	<b>Design/Development of solutions</b> Able to design solutions and develop systems for societal problems.
9	<b>Conduct investigations of complex problems</b> Able to conduct investigations and provide valid conclusions based on theoretical and practical knowledge acquired.
10	<b>Modern Tool Usage</b> Able to use modern engineering equipment, software, tools or technology for design and development of engineering systems.
11	<b>The Engineer and Society</b> Able to apply reasoning, based on the contextual knowledge to assess societal issues.
12	<b>Environment and sustainability</b> Able to understand the impact of the professional engineering solutions in societal and environmental contexts for sustainable development.
13	<b>Ethics</b> Able to apply ethical principles in engineering practice and profession.

4. Branch : ELE
5. Contact No : 74489 53177
6. Email ID : vt227394@veltech.edu.in

The curricula of all the B.Tech programs of our university are developed from the Washington Accord Graduate attributes that clearly describe the expected qualities in terms of Engineering Knowledge and Skills, and attitude to be demonstrated by the students during exit of the programme.

To promote flexibility in student learning and interdisciplinary education, our university adopted Choice Based Credit System (CBCS) in the academic year 2015-16. The CBCS provides full flexibility for students to learn wide variety of courses such as Programme Core, Programme Electives and Value added courses. The students have six degree choices in choosing the courses. (i) Faculty choice, (ii) Course choice within the program, (iii) Courses from other program/departments, (iv) Courses from international universities (v) Semester Choice and (vi) Courses from online courseware of internationally reputed universities such as Massachusetts Institute of Technology (MIT), USA, Harvard University, Berkeley University of California, The University of Texas System, Australian National University, The University of Queensland etc. This CBCS allows the students to prepare various career options such as employment in engineering industries, IT industries, higher education in reputed institutions and career in research organizations.

## SCHOOL OF ELECTRICAL AND COMMUNICATION DEPARTMENT OF ECE

B.TECH – ECE (VTU R-15)

Students' Interim Feedback on Faculty

Course Handling Faculty: Mr. Vignesh Prasanna

TTS No : TTS1323

Batch : 2016-2017

Semester : Winter

Course Code & Title : UTECB26- Microwave Engineering

Date : 05-12-16

### Analysis of Students' Interim Feedback on Faculty

S.No	Questions Asked	Response					Marks Out of 5
		1	2	3	4	5	
1	I heard words and phrases of Teacher and understood clearly in the classroom.	0	1	3	11	16	4.4
2	The Teacher explained important concepts / ideas in ways that I can understand.	1	0	5	9	16	4.3
3	Students were encouraged to ask questions and were given meaningful answers.	0	1	1	9	20	4.5
4	The Teacher took extra care for slow learners.	0	2	2	10	17	4.4
5	The Teacher used appropriate teaching techniques to enhance my learning.	1	2	2	9	17	4.3
6	I could access required materials easily for my learning activities.	1	0	3	9	18	4.4

7	I have learned and understood the subject materials of this course.	0	1	5	10	15	4.3
8	The Teacher discussed all the course outcomes clearly in the class.	1	0	3	12	15	4.3
9	The Teacher completed syllabus portion in-time before tests / exams.	0	1	1	9	20	4.5
10	The Teacher assessed and evaluated students fairly.	1	1	3	8	18	4.3
11	The Teacher showed evaluated answer scripts of Unit / Mid – term tests to the students.	0	1	2	8	20	4.5
12	The Teacher was dynamic and energetic in conducting the course.	0	0	1	12	18	4.5

## ANALYSIS OF STUDENT FEEDBACK 2017-18

**B.Tech. – ECE**

### PARAMETERS

1. I heard words and phrases of Teacher and understood clearly in the classroom.
2. The Teacher explained important concepts / ideas in ways that I can understand.
3. Students were encouraged to ask questions and were given meaningful answers.
4. The Teacher took extra care for slow learners.
5. The Teacher used appropriate teaching techniques to enhance my learning.
6. I could access required materials easily for my learning activities.
7. I have learned and understood the subject materials of this course.
8. The Teacher discussed all the course outcomes clearly in the class.
9. The Teacher completed Syllabus portion in-time before tests / exams.
10. The Teacher assessed and evaluated students fairly.
11. The Teacher showed evaluated answer scripts of Unit / Mid – term tests to the students.
12. The Teacher was dynamic and energetic in conducting the course.
