**51ST MEETING
OF
THE ACADEMIC COUNCIL
Saturday, November 22, 2025**

MINUTES

Contents

A. Opening	1
51.1 To record leave of absence of the members.	1
51.2 Call to Order and Approval of Agenda of the 51 th meeting of the Academic Council.	1
51.3 Confirmation of the minutes of 50 th meeting of the Academic Council held on Saturday, August 30, 2025.	2
51.4 To review the Action Taken Report on the minutes of the 50 th meeting of the Academic Council held on Saturday, August 30, 2025.	2
B. Items for Consideration and Approval	3
51.5 To consider and approve the minutes of the Research Advisory Board.	3
51.6 To discuss and approve the proposed amendments to be made in the Ph.D. Regulations VTR DR-2025.	3
C. Items for Ratification	4
51.7 To ratify and record the list of credit courses conducted by the experts from industries/faculty of higher learning institutions from abroad in IHL course category as per the clause 7.2.6.3 under the Regulations VTR UGE 2021.	4
51.8 To ratify and record the Amendments to the Academic Calendar for Winter Semester of AY 25-26.	5
D. Items for Reporting	5
51.9 To report and record the proposal to conduct 15 th Convocation held on November 29 & 30, 2025.	5
51.10 To report and record the results of the Ph.D. viva voce conducted since last Academic Council held on August 30, 2025.	6
51.11 To report and record the credit transfer for the list of courses offered in MOOC category as per the clause 7.2.3 & 7.2.4 under the Regulations VTR UGE 2021.	8
51.12 To report and record the Credit transfer for courses offered in collaboration with i) Industry - Wipro, ii) Industry - NASSCOM Skill Sector Council (SSC), iii) Industry - Flipkart as per the clause 7.2.3, 7.2.4, 7.2.5 & 7.2.6 under the Regulations VTR UGE 2021/VTR UGAS 2021.	8

Prof. Rajat Gupta
Vice Chancellor

Vel Tech
Empowering Dr. Samudrala
VIT Institute of Science and Technology
Vellore, Tamil Nadu, India

51.13 To report and record the proposal to offer industry courses collaboratively with i) NASSCOM Future Skill Prime, ii) Pi Square Technology.	9
51.14 To report and record the status of Faculty attended FDP/Workshop details.	9
51.15 To report and record the status of Academic Audit for the Academic Year 2024-25.	9
51.16 To report and record the status of Implementation of ABC/APAAR ID.	10
51.17 To report and record the Question paper pattern/Evaluation pattern for Continuous Internal Assessment (CIA)/Semester End Examination (SEE) <i>as per the clause 25.16.5</i> under the Regulations VTR UGE 2025.	11
51.18 To report and record the progression and achievements with the one year strategic plan of the ensuring academic year in respect of the schools and divisions.	11
E. Closing	12
51.19 Any other items with the permission of the Chairperson.	12
51.20 To decide the date of holding the next meeting of the Academic Council.	12
51.21 Vote of Thanks.	12
51.22 Adjournment	13

List of Tables

1 Action Taken Report in respect of 50 th meeting of the Academic Council	2
2 Ph.D. Viva Voce Completed	7

 Vice Chancellor

MINUTES OF THE 51st MEETING OF THE ACADEMIC COUNCIL

Saturday, November 22, 2025, at
10.30 a.m.

Venue : SENATE HALL

The Vice Chancellor welcomed all the members and highlighted the achievements of the Institution.

A. Opening

51.1 To record leave of absence of the members.

The following member have expressed their inability to attend the meeting due to unavoidable reasons.

- * **Dr. Shahnaz K V**
Associate Professor & Associate Dean (Hostels), Dept. of Electronics and Communication Engineering

- * **Dr. M. Gokuldhev**
Professor & HoD, Department of CSE(Data Science)

- * **Dr. R. Parthasarathy**
Associate Professor & Assistant - HoD, Department of CSE

- * **Dr.T.Kujani**
Professor & Assistant Dean (SoC), Department of CSD

The list of members attended the 51th meeting of the Academic Council can be accessed [here](#)

Appendix Attendance &
Absent list

RESOLVED to record the leave of absence of the members due to unavoidable prior commitments and some obvious reasons.

51.2 Call to Order and Approval of Agenda of the 51th meeting of the Academic Council.

The Vice Chancellor called to order and placed the agenda of the 51th meeting of the Academic Council for confirmation which was circulated to members by e-mail.

Prof. Rajat Gupta
Vice Chancellor

51.3 Confirmation of the minutes of 50th meeting of the Academic Council held on Saturday, August 30, 2025.

The draft minutes of the 50th meeting of the Academic Council held on August 30, 2025 were placed before the council for approval.

The draft minutes of the 50th meeting of the Academic Council can be accessed [here](#)

Appendix A

RESOLVED, that the Minutes of the 50th meeting of the Academic Council held on August 30, 2025 be confirmed and recorded.

51.4 To review the Action Taken Report on the minutes of the 50th meeting of the Academic Council held on Saturday, August 30, 2025.

The Vice Chancellor, placed the Action Taken Report in respect of the 50th meeting of the Academic Council as described in Table 1 for review and approval by the Academic Council.

Table 1: Action Taken Report in respect of 50th meeting of the Academic Council

Item No. & Page No.	Agenda Item	Discussions	Action Taken Report
50.7 and Page No. 6	To ratify and record the number of students admitted for the various degree programmes in the Academic Year 2025-26.	Vice-Chancellor suggested to constitute a committee to explore the ways and means to improve the students strength in the core departments	The Analytical report will be placed before the next meeting
50.17 and Page No. 13	Any other items with the permission of the Chairperson.	Discussed about the implementation of Institutional Development Plan(IDP) in our Institution. VC has assured that the same will be placed before the next meeting.	The proposal of the implementation of Institutional Development Plan (IDP) in the phased manner will be placed before the next meeting as soon as the plan is ready for submission.
50.17 and Page No. 13	Any other items with the permission of the Chairperson.	Discussion about the conduct of 15 th Convocation of this Institution.	The proposal for the conduct of 15 th Convocation on November 29&30, 2025 and it has been included in the Agenda item 51.9 for consideration and approval.

Prof. Rajat Gupta
Vice Chancellor

The Council has taken note on the Action Taken report of the 50th meeting of the Academic Council held on August 30, 2025.

RESOLVED, the Action Taken Report be approved.

B. Items for Consideration and Approval

51.5 To consider and approve the minutes of the Research Advisory Board.

The Vice Chancellor, placed the 28th meeting of the Research Advisory Board held on October 27, 2025 before the Academic Council for its approval.

Dr. K. Jagajjanani Rao, Professor & Dean Academic Research, presented the 28th meeting of the Research Advisory Board held on October 27, 2025.

The Research Advisory Board can be accessed [here](#)

**Appendix Research
Advisory Board**

The **The Registrar** and **Prof. Dr. Krishnan Bhaskar** have suggested to frame the procedures for admission prerequisites and also the nomenclature for awarding the Ph.D. degree in interdisciplinary Ph.D. programmes.

Prof. Dr. Sankar Narayanasamy suggested to formulate the Degree Nomenclature based on "Title of the Research Thesis".

The **Vice Chancellor** suggested to constitute the committee to frame the procedures for admission prerequisites and degree nomenclature for awarding the Ph.D. degree for interdisciplinary Ph.D. programmes.

Dr. K. Jagajjanani Rao, Professor & Dean Academic Research, moved "the 28th meeting of the Research Advisory Board held on October 27, 2025" for consideration and approval.

The motion was seconded by **Dr. S. Jayavelu**, Professor & Head, Department of Mechanical Engineering.

The motion was carried.

51.6 To discuss and approve the proposed amendments to be made in the Ph.D. Regulations VTR DR-2025.

The Vice Chancellor, placed the proposed amendments made in the Ph.D. Regulations VTR DR - 2025 before the Academic Council meeting for approval.

Dr. K. Jagajjanani Rao, Professor & Dean Academic Research, presented the proposed amendments made in the Ph.D. Regulations VTR DR - 2025.

The proposed Amendments made in the Ph.D. Regulations VTR DR - 2025 can be accessed [here](#)

Appendix
Ammendments

Honourable Chairman sought the clarification about the process for Migration in between Full-time and Part-time proggrammes.

Dean Research Studies clarified that "there is a provision for part time to full time conversion. 50% of their time duration in part time will be considered for full time admission".

The motion was moved by **Dr. K. Jagajjanani Rao**, Professor & Dean - Research Studies, for consideration and ratification.

The motion was seconded by **Dr. M. Rajeev Kumar**, Professor & Dean - Quality Assurance.

The motion was carried.

C. Items for Ratification

51.7 To ratify and record the list of credit courses conducted by the experts from industries/faculty of higher learning institutions from abroad in IHL course category as per the clause 7.2.6.3 under the Regulations VTR UGE 2021.

The Vice Chancellor, placed the details of credit courses conducted by the experts from industries/faculty of higher learning institutions from abroad in IHL course category as per the clause 7.2.6.3 under the Regulations VTR UGE 2021 before the Academic Council for ratification.

Prof. (Dr.) S. Raju, Professor & Dean Academics, presented the list of credit courses conducted by the experts from industries/faculty of higher learning institutions from abroad in IHL course category as per the clause 7.2.6.3 under the Regulations VTR UGE 2021.

The List of IHL courses can be
accessed [here](#)

Appendix IHL
Courses

The motion was moved by **Prof. (Dr.) S. Raju**, Professor & Dean Academics, for consideration and ratification.

The motion was seconded by **Dr. S. P. Chokkalingam**, Professor & Dean - SoC.

The motion was carried.

Prof. Rajat Gupta
Vice Chancellor

51.8 To ratify and record the Amendments to the Academic Calendar for Winter Semester of AY 25-26.

The Vice Chancellor, placed the Amendments to the Academic Calendar for Winter Semester of AY 25-26 before the Academic Council for ratification.

Prof. (Dr.) S. Raju, Professor & Dean Academics, presented the Amendments to the Academic Calendar for Winter Semester of AY 25-26.

The Academic Calendar for AY 2025-26 can be accessed [here](#)

Appendix Academic Calendar

Prof. (Dr.) S. Raju, Professor & Dean Academics, explained the need of making those amendments in the Academic Calendar.

Dr. P. Chandrakumar, Professor & Dean – R&D and Industry Relations, suggested to allocate specific slot for offering the Industry / Higher Learning Institute(IHL) Courses.

The motion was moved by **Prof. (Dr.) S. Raju**, Professor & Dean Academics, for consideration and ratification.

The motion was seconded by **Prof. Dr. B. Venugopal**, Professor & Dean - SoL.

The motion was carried.

D. Items for Reporting

51.9 To report and record the proposal to conduct 15th Convocation held on November 29 & 30, 2025.

The Vice Chancellor, placed the proposal of the "15th Convocation" to be held on November 29 & 30, 2025 before the Academic Council Meeting.

Dr.E. Kannan, Professor & Registrar, detailed the arrangements made for the conduct of the convocation successfully as follows :

Summary Note :

The 15th Convocation of this Institution is scheduled to be held on November 29 & 30,2025 at the Convocation Hall.

A total of 3,030 graduands (approximately) will receive their degrees during the ceremony, including;

- 2,623 Undergraduates
- 313 Postgraduates
- 95 Ph.D. scholars

Prof. Rajat Gupta
Vice Chancellor

Chief Guest : Dr. V. Narayanan, Secretary, Department of Space; Chairman, ISRO & Space Commission, ISRO Headquarters, Bengaluru. He will receive the Honorary Degree for his contributions in the area of Science and Technology, and he will deliver the Convocation Address.

Guests of Honour:

1. Mr. Debashis Neogi, Managing Director, Renault Nissan Technology & Business Centre, Chennai.
2. Mr. Anil Kempanna, Managing Director & Global Lead, Silicon-to-Software Engineering, Accenture, Bengaluru.

They will deliver special addresses during the session.

2. Day 2 – 30 November 2025

Chief Guest: Dr. Gautam Biswas, Ph.D. (IIT Kharagpur), FNA, J.C. Bose National Fellow, Professor, Department of Mechanical Engineering; Former Director, IIT Guwahati; Former Director, CSIR-Central Mechanical Research Institute, Durgapur and he will deliver the Convocation Address.

Guests of Honour:

1. Dr. R. Vijay, Director, International Advanced Research Centre for Powder Metallurgy & New Materials (ARCI), Hyderabad
2. Mr. S. Kalyanaraman, Executive Vice President – Industrial Machinery Business, Larsen & Toubro Limited, Chennai

They will deliver special addresses on the second day.

All necessary arrangements, including police bandobast, fire safety measures, and logistics, have been made properly. Invitations are to be sent to the distinguished members of statutory bodies and other delegates well in advance.

This proposal is submitted before the august body of the Academic Council for kind consideration and approval.

External members suggested to utilize the opportunity to meet the guest's to discuss about the Research progression.

RESOLVED that "the proposal of the "15th Convocation" held on November 29 & 30, 2025" moved by **Dr.E. Kannan**, Professor & Registrar, be approved and recorded.

51.10 To report and record the results of the Ph.D. viva voce conducted since last Academic Council held on August 30, 2025.

The Vice Chancellor, placed the results of the Ph.D. viva voce examinations conducted since last Academic Council held on August 30, 2025 before the Academic Council Meeting for approval.

Prof. Rajat Gupta
Vice-Chancellor

Dr. S. Ramesh, Controller of Examinations, presented the report on results of the Ph.D. viva voce examinations conducted since last Academic Council held on August 30, 2025.

Ph.D. viva voce completed candidates list can be accessed [here](#)

S. Gupta
Prof. S. Gupta
Vice-Chancellor

RESOLVED that "the results of the Ph. D. viva voce examinations conducted since last Academic Council held on August 30, 2025" moved by **Dr. S. Ramesh**, Controller of Examinations, be approved and recorded.

51.11 To report and record the credit transfer for the list of courses offered in MOOC category as per the clause 7.2.3 & 7.2.4 under the Regulations VTR UGE 2021.

The Vice Chancellor, placed the credit transfer for the list of courses offered in MOOC category as per the clause 7.2.3 & 7.2.4 under the Regulations VTR UGE 2021 before the Academic Council for its perusal.

Prof. (Dr.) S. Raju, Professor & Dean Academics, presented the credit transfer for the list of courses offered in MOOC category as per the clause 7.2.3 & 7.2.4 under the Regulations VTR UGE 2021.

The list of courses offered in MOOC category can be accessed [here](#)

Appendix MOOC Courses

RESOLVED that "the credit transfer for the list of courses offered in MOOC category as per the clause 7.2.3 & 7.2.4 under the Regulations VTR UGE 2021" moved by **Prof. (Dr.) S. Raju**, Professor & Dean Academics, be approved and recorded.

51.12 To report and record the Credit transfer for courses offered in collaboration with i) Industry - Wipro, ii) Industry - NASSCOM Skill Sector Council (SSC), iii) Industry - Flipkart as per the clause 7.2.3, 7.2.4, 7.2.5 & 7.2.6 under the Regulations VTR UGE 2021/VTR UGAS 2021.

The Vice Chancellor, placed the Credit transfer for courses offered in collaboration with i) Industry - Wipro, ii) Industry - NASSCOM Skill Sector Council (SSC), iii) Industry - Flipkart as per the clause 7.2.3, 7.2.4, 7.2.5 & 7.2.6 under the Regulations VTR UGE 2021/VTR UGAS 2021 before the Academic Council for its perusal.

Prof. (Dr.) S. Raju, Professor & Dean Academics, presented the report and record the Credit transfer for courses offered in collaboration with i) Industry - Wipro, ii) Industry - NASSCOM Skill Sector Council (SSC), iii) Industry - Flipkart as per the clause 7.2.3, 7.2.4, 7.2.5 & 7.2.6 under the Regulations VTR UGE 2021/VTR UGAS 2021.

The list of courses offered in MOOC category can be accessed [here](#)

Appendix Industry/Academia collaboration

Dr. P. Chandrakumar and **Dr. K. Ravishankar** explained the flagship program opportunities offered by Flipkart for B.B.A. and M.B.A. students.

RESOLVED that "Credit transfer for courses offered in collaboration with i) Industry - Wipro, ii) Industry - NASSCOM Skill Sector Council (SSC), iii) Industry - Flipkart as per the clause 7.2.3, 7.2.4, 7.2.5 & 7.2.6 under the Regulations VTR UGE 2021/VTR UGAS 2021" moved by **Prof. (Dr.) S. Raju**, Professor & Dean Academics, be approved and recorded.

Dr. Rajat Gupta
Vice Chancellor

51.13 To report and record the proposal to offer industry courses collaboratively with i) NASSCOM Future Skill Prime, ii) Pi Square Technology.

The Vice Chancellor, placed the proposal to offer industry courses collaboratively with i) NASSCOM Future Skill Prime, ii) Pi Square Technology before the Academic Council for its perusal.

Prof. (Dr.) S. Raju, Professor & Dean Academics, presented the proposal to offer industry courses collaboratively with i) NASSCOM Future Skill Prime, ii) Pi Square Technology.

The details of the proposal to offer industry courses can be accessed

here

Appendix NASSCOM and Pi-Square

RESOLVED that "the proposal to offer industry courses collaboratively with i) NASSCOM Future Skill Prime, ii) Pi Square Technology" moved by **Prof. (Dr.) S. Raju**, Professor & Dean Academics, be approved and recorded.

51.14 To report and record the status of Faculty attended FDP/Workshop details.

The Vice Chancellor, placed the status of Faculty attended FDP/Workshop details before the Academic Council for its approval.

Prof. (Dr.) S. Raju, Professor & Dean Academics, presented the status of Faculty attended FDP/Workshop details.

The list of Faculty attended FDP/Workshop details can be

accessed here

Appendix FDP/Workshop details

Dr. P. Chandrakumar, suggested to schedule the Faculty Training in Industry for more than One Week.

RESOLVED that "the status of Faculty attended FDP/Workshop details" moved by **Prof. (Dr.) S. Raju**, Professor & Dean Academics, be approved and recorded.

51.15 To report and record the status of Academic Audit for the Academic Year 2024-25.

The Vice Chancellor, placed the status of Academic Audit for the Academic Year 2024-25 before the Academic Council for its perusal.

Prof. Rajat Gupta
Vice Chancellor

Dr. M. Rajeev Kumar, Professor & Dean (Quality Assurance), presented the status of Academic Audit for the Academic Year 2024-25 as follows:

The status of Academic Audit for the Academic Year 2024-25 details can be accessed [here](#)

Appendix Academic Audit

Summary Note:

The Academic Audit for the Academic Year 2024-25 was conducted during August-September 2025. The audit focused on three key dimensions of academic quality:

1. *Curriculum Design and Relevance*
2. *Teaching-Learning Processes*
3. *Assessment and Evaluation Practices*

To ensure a comprehensive and objective evaluation, Academic Experts from reputed institutions ranked within the Top 100 in NIRF 2023/2024 (in their respective categories) were invited to serve as auditors.

In an enhanced initiative for this audit cycle, Industry Experts from leading organizations were also included in the process to provide valuable insights and recommendations from an industry perspective, ensuring alignment of academic programs with current and emerging professional requirements.

RESOLVED that "Academic Audit for the Academic Year 2024-25" moved by **Dr. M. Rajeev Kumar**, Professor & Dean (Quality Assurance), be approved and recorded.

51.16 To report and record the status of Implementation of ABC/APAAR ID.

The Vice Chancellor, placed the status of Implementation of ABC/APAAR ID for the purview of members.

Dr. S. Ramesh, Controller of Examinations, presented the status of Implementation of ABC/APAAR ID.

ABC/APAAR ID list can be accessed [here](#)

Appendix ABC/APAAR ID

Prof. Krishnan Baskar suggested to plan the APAAR ID/ABC creation during the admission process itself by emphasizing its significance so that it is properly communicated to students.

RESOLVED that "the status of Implementation of ABC/APAAR ID" moved by **Dr. S. Ramesh**, Controller of Examinations, be approved and recorded.

Prof. Rajat Gupta
Vice-Chancellor

51.17 To report and record the Question paper pattern/Evaluation pattern for Continuous Internal Assessment (CIA)/Semester End Examination (SEE) as per the clause 25.16.5 under the Regulations VTR UGE 2025.

The Vice Chancellor, placed the Question paper pattern/Evaluation pattern for Continuous Internal Assessment (CIA)/Semester End Examination (SEE) as per the clause 25.16.5 under the Regulations VTR UGE 2025 for the perusal of Academic Council.

Prof. (Dr.) S. Raju, Professor & Dean Academics, presented the Question paper pattern/Evaluation pattern for Continuous Internal Assessment (CIA)/Semester End Examination (SEE) as per the clause 25.16.5 under the Regulations VTR UGE 2025..

The Question paper/Evaluation pattern can be accessed [here](#)

Appendix Question paper/Evaluation pattern

RESOLVED that "the Question paper pattern/Evaluation pattern for Continuous Internal Assessment (CIA)/Semester End Examination (SEE) as per the clause 25.16.5 under the Regulations VTR UGE 2025" moved by **Prof. (Dr.) S. Raju**, Professor & Dean Academics, be approved and recorded.

51.18 To report and record the progression and achievements with the one year strategic plan of the ensuring academic year in respect of the schools and divisions.

- a) School of Electrical and Communication.
- b) School of Media Technology.
- c) Office of International Relations.

The Vice Chancellor, placed the progression of School of Electrical and Communication, School of Media Technology and Office of International Relations and their academic achievements before the Academic Council for its perusal.

a) School of Electrical and Communication

Prof.Dr. R.S.Valarmathi, Professor & Dean - School of Electrical and Communication, presented the Progression of School of Media Technology and their academic achievements.

Progression of the School of Electrical and Communication can be accessed [here](#)

Members suggested to create an awareness on the importance of Hounors/Minor to Fast Learner among the students.

RESOLVED that "the Progression of School of Electrical and Communication and their academic achievements" moved by **Prof.Dr. R.S.Valarmathi**, Professor & Dean - School of Electrical and Communication, be approved and recorded.

Prof. Rajat Gupta
Vice Chancellor

b) School of Media Technology.

Dr. E. Suresh Paul, Professor & Dean School of Media Technology & Communication, presented the Progression of School of Media Technology and their academic achievements.

Progression of the School of Media Technology can be accessed [here](#)

RESOLVED that "the Progression of School of Electrical and Communication and their academic achievements" moved by **Dr. E. Suresh Paul**, Professor & Dean School of Media Technology & Communication, be approved and recorded.

Prof. Venkat Rao suggested that the Law Department conduct an awareness program on the Data Protection Act.

c) Office of International Relations.

Dr. P. Suresh, Professor & Dean (International Relations & HRDC), presented the Progression of Office of International Relations and their academic achievements.

Progression of the Office of International Relations can be accessed [here](#)

RESOLVED that "the Progression of School of Electrical and Communication and their academic achievements" moved by **Dr. P. Suresh**, Professor & Dean (International Relations & HRDC), be approved and recorded.

E. Closing

51.19 Any other items with the permission of the Chairperson.

The Controller of Examinations informed to mention the one item under this category.

Discussion on Ranking Procedure for the Award of Gold Medal.

Members suggested to award gold medals to all top three candidates.

51.20 To decide the date of holding the next meeting of the Academic Council.

It has been decided that the 52nd Regular Meeting of the Academic Council will be held tentatively on **Saturday, February 28, 2026.**

51.21 Vote of Thanks.

Dr. E. Kannan, Professor & Registrar, expressed his thanks to all the members of the Academic Council for their presence and valuable contributions.

51.22 Adjournment

The meeting was closed at 01.20 PM.

50th MEETING
OF
THE ACADEMIC COUNCIL
Saturday, August 30, 2025

MINUTES

Contents

<i>A. Opening</i>	1
50.1 To record leave of absence of the members.	1
50.2 Call to Order and Approval of Agenda of the 50 th meeting of the Academic Council.	2
50.3 Confirmation of the minutes of 49 th meeting of the Academic Council held on Saturday, May 24, 2025.	2
50.4 To review the Action Taken Report on the minutes of the 49 th meeting of the Academic Council held on Saturday, May 24, 2025.	2
50.5 To discuss and approve the minutes of the Board of Studies for undergraduate program in School of Management.	4
<i>C. Items for Ratification</i>	5
50.6 To ratify and record the admissions of candidates to the Doctoral (Ph.D.) level programmes in Engineering and Technology/ Science / Law / Management / Humanities /Arts for Summer Semester of the Academic Year 2025-26.	5
50.7 To ratify and record the number of students admitted for the various degree programmes in the Academic Year 2025-26.	6
50.8 To ratify and record the admissions made under the Institution Transfer category during the Summer Semester of the Academic Year 2025-26.	6
50.9 To ratify and record the admissions made under the Lateral Entry category during the Summer Semester of the Academic Year 2025-26.	7
50.10 To ratify and record the admissions made under the Re-Admission category during the Summer Semester of the Academic Year 2025-26.	8
50.11 To ratify and record the admissions made under the Migration from one Programme to another Programme in respect of the Under Graduate (UG) during the Winter Semester of the Academic Year 2025-26.	9
50.12 To ratify and record the courses offered by the various departments under the MOOC category as per the Regulations VTR UGE - 2021.	10
50.13 To ratify and record the examination results of Semester End Examinations held during the Winter Semester of Academic Year 2024-25.	10

<i>D. Items for Reporting</i>	11
50.14 To report and record the ICA Activities of all programmes for the Academic Year 2025-26.	11
50.15 To report and record the results of the Ph.D. viva voce conducted since the last Academic Council held on May 24, 2025.	11
50.16 To consider and record the progression and achievements of the schools and divisions with the one year strategic plan.	12
 <i>E. Closing</i>	 13
50.17 Any other items with the permission of the Chairperson.	13
50.18 To decide the date of holding the next meeting of the Academic Council.	13
50.19 Vote of Thanks.	13
50.20 Adjournment	13

MINUTES OF THE 50th MEETING OF THE ACADEMIC COUNCIL

**Saturday, August 30, 2025, at
10.30 a.m.**

Venue : SENATE HALL

The Vice Chancellor welcomed all the members and highlighted the achievements of the Institution.

A. Opening

50.1 To record leave of absence of the members.

The following member have expressed their inability to attend the meeting due to unavoidable reasons.

* **Mr. K. Balaji**

Vice President – People and Culture
Delphi – TVS Technologies

* **Dr. O. R. Nandagopan**

Director,
DRDO Industry Academia,
Ramanujan Centre of Excellence, IIT, Madras

* **Dr. Shahnaz K V**

Associate Professor & Associate Dean (Hostels), Dept. of Electronics and Communication Engineering

* **Dr. B. Someswara Rao**

Professor & HoD, School of Law

* **Dr. M. Gokuldhev**

Professor & HoD, Department of CSE(Data Science)

* **Dr. K. Prema**

Assistant Professor, Department of Computer Science and Engineering

The list of members attended the 50th meeting of the Academic Council can be accessed [here](#)

Appendix Attendance & Absent list

RESOLVED to record the leave of absence of the members due to unavoidable prior commitments and some obvious reasons.

50.2 Call to Order and Approval of Agenda of the 50th meeting of the Academic Council.

The Vice Chancellor called to order and placed the agenda of the 50th meeting of the Academic Council for confirmation which was circulated to members by e-mail.

50.3 Confirmation of the minutes of 49th meeting of the Academic Council held on Saturday, May 24, 2025.

The draft minutes of the 49th meeting of the Academic Council held on May 24, 2025 were placed before the council for approval.

The draft minutes of the 49th meeting of the Academic Council can be accessed [here](#)

Appendix A

RESOLVED, the Minutes of the 49th meeting of the Academic Council held on May 24, 2025 be confirmed and recorded.

50.4 To review the Action Taken Report on the minutes of the 49th meeting of the Academic Council held on Saturday, May 24, 2025.

The Vice Chancellor, placed before the Academic Council to consider the Action Taken Report in respect of the 50th meeting of the Academic Council as described in Table 1.

Table 1: Action Taken Report in respect of 49th meeting of the Academic Council

Item No. and Page No.	Agenda Item	Suggestion	Action Taken Report
49.5 2(D) and Page No. 7	To discuss and approve the minutes of the Board of Studies of various departments	External members suggested to offer the course for "Future of factories".	Suggestion is taken into consideration. The same will be placed in the next BoS for the approval.

Table 1: Action Taken Report in respect of 49th meeting of the Academic Council

Item No. and Page No.	Agenda Item	Suggestion	Action Taken Report
49.5 (3) and Page No. 8	To discuss and approve the minutes of the Board of Studies of various departments	Prof. Dr. Krishnan Baskar suggested to offer the Minor or specialization in "Quantum Computing/ Quantum Technology" under the department of Computer Science and Engineering.	The department has introduced the new specialization in Quantum Computing and the courses are included in the curriculum.
49.5 (a) and Page No. 9	To discuss and approve the minutes of the Board of Studies of various departments	Prof. R.Venkata Rao suggested to offer the value-added courses in 1. Awareness of Cyber Law, 2. Legal responses to online gambling in sports and 3.Sports Law in General.	Suggestion is taken into consideration. The same will be placed in the next BoS for the approval.
49.5 (a) and Page No. 10	To discuss and approve the minutes of the Board of Studies of various departments	Experts are suggested to incorporate certain specific contents that focuses more on "Technical writing skills" Additionally, ensure that the students who are struggling perform fully in the assessments related to this course.	The course content specified as per suggestions and the course offered under Open Elective category. Course code:10213EN105 Course Name : Academic Writing by Dept. of English
49.5 (a) and Page No. 10	To discuss and approve the minutes of the Board of Studies of various departments	Dr. K. Sankaranarayana -samy suggested to offer the courses related to "Literature" under open elective course category.	Suggestion is taken into consideration. The same will be placed in the next BoS for the approval by Dept. of English
49.9 and Page No. 16	To discuss and approve the amendments made in the Regulations VTR UGE - 2021 pertaining to increase of the maximum no. of credit limit up to 30 per semester.	Dr. K. Sankaranarayana -samy has suggested to have the minimum credits limit is 20 in a semester.	Suggestion has been taken into consideration and Implemented accordingly.
49.11 and Page No. 17	To discuss and approve the new Regulations VTR UGE - 2025" for Under Graduate Engineering and Technology for the forthcoming academic year.	The Vice-Chancellor suggested for conducting an internal meeting to discuss the details required for the "Award of Degree" .	The Internal meeting has been conducted and content has been vetted as per members suggestions.

Table 1: Action Taken Report in respect of 49th meeting of the Academic Council

Item No. and Page No.	Agenda Item	Suggestion	Action Taken Report
49.15 and Page No. 19	To record the progress -ion and achievements with the one year strate -gic plan of the ensuring academic year in respect of the following depart -ments and divisions:	The Vice-Chancellor suggested conducting training sessions for all the non-teaching staff.	The session has been conducted for the following schools by HRDC: 1. School of Mechanical and Constructions, 2. School of Electrical & Communication, 3. School of Law, 4. School of Management 5. School of Commerce and 6. School of Media. The training sessions for the remaining school will be conducted for the remaining staff shortly.

The Council has taken note on the Action Taken report of the 49th meeting of the Academic Council held on May 24, 2025.

RESOLVED, the Action Taken Report be approved.

50.5 To discuss and approve the minutes of the Board of Studies for undergraduate program in School of Management.

• School of Management - Under Graduate Programme

a) Bachelor of Business Administration (B.B.A.)

The Vice Chancellor, placed before the Academic Council to consider the recommendations of the Board of Studies for **Bachelor of Business Administration (B.B.A.)** to be implemented with effect from the Academic Year 2025-26.

Dr. K. Ravishankar, Professor & Dean, School of Management, presented the recommendations of the 6th Board of Studies meeting held on June 28, 2025 for **Bachelor of Business Administration (B.B.A.)** to be implemented with effect from the Academic Year 2025-26 for consideration and approval.

The Minutes of the BoS meeting

can be accessed [here](#)

Appendix BBA

The Summary and presentation of the BoS Minutes can be accessed [here](#).

The motion was seconded by **Dr. S. Jayavelu**, Professor & Head, Department of Mechanical Engineering.

The motion was carried.

C. Items for Ratification

50.6 To ratify and record the admissions of candidates to the Doctoral (Ph.D.) level programmes in Engineering and Technology/ Science / Law / Management / Humanities /Arts for Summer Semester of the Academic Year 2025-26.

The Vice Chancellor, placed before the Academic Council, the admissions of candidates to Doctoral (Ph.D.) level programmes for Summer Semester of the Academic Year 2025-26 for ratification.

Dr. K. Jagajjanani Rao, Professor & Dean - Research Studies, presented the admissions of candidates to Doctoral (Ph.D.) level programmes for Summer Semester of the Academic Year 2025-26.

The motion was moved by **Dr. K. Jagajjanani Rao**, Professor & Dean - Research Studies, for consideration and ratification.

The motion was seconded by **Dr. M. Rajeev Kumar**, Professor & Dean - Quality Assurance.

The motion was carried.

50.7 To ratify and record the number of students admitted for the various degree programmes in the Academic Year 2025-26.

The Vice Chancellor, placed before the Academic Council, the number of students admitted under various UG & PG programmes in the Academic Year 2025-26 for ratification.

Dr. E. Kannan, Professor & Registrar, presented the details about the number of students admitted under various UG & PG programmes in the Academic Year 2025-26.

Student admitted count in the AY 2025-26 can be accessed [here](#)

Appendix Admitted Count

The Vice-Chancellor suggested constituting a committee to analyze and recommend improvements to the admission process for core departments.

The motion was moved by **Dr. E. Kannan**, Professor & Registrar, for consideration and ratification.

The motion was seconded by **Dr. S. P. Chokkalingam**, Professor & Dean - SoC.

The motion was carried.

50.8 To ratify and record the admissions made under the Institution Transfer category during the Summer Semester of the Academic Year 2025-26.

The Vice Chancellor, placed before the Academic Council to ratify the list of students admitted through "Institution Transfer category" in the Summer Semester of the Academic Year 2025-26 for ratification.

Dr. E. Kannan, Professor & Registrar, presented the list of students admitted through Institution Transfer category in the Summer Semester of the Academic Year 2025-26.

Table 3: Institution Transfer Students Name List - AY 2025-26

The motion was proposed and moved by **Dr. E. Kannan**, Professor & Registrar, for consideration and ratification.

The motion was seconded by **Dr. R.S.Valarmathi**, Professor & Dean (SoEC) and HoD of Dept. of Electronics and Communication Engineering.

The motion was carried.

50.12 To ratify and record the courses offered by the various departments under the MOOC category as per the Regulations VTR UGE - 2021.

The Vice Chancellor, placed before the Academic Council, the courses offered by the various departments under the MOOC category as per the Regulations VTR UGE - 2021 for ratification.

Prof. (Dr.) S. Raju, Professor & Dean Academics, presented the courses offered by the various departments under the MOOC category as per the Regulations VTR UGE - 2021.

MOOC Course List can be accessed

here

**Appendix MOOC
Course List**

The motion was proposed and moved by **Dr. S. Raju**, Professor & Dean Academics, for consideration and ratification.

The motion was seconded by **Dr. K. Jagajjanani Rao**, Professor & Dean - Research Studies.

The motion was carried.

50.13 To ratify and record the examination results of Semester End Examinations held during the Winter Semester of Academic Year 2024-25.

The Vice Chancellor, placed before the Academic Council to record the result analysis of the Semester end examination held during Winter Semester of the Academic Year 2024-25 for ratification.

Dr. S. Ramesh, Professor & Controller of Examinations, presented the result analysis of the Semester end examination held during Winter Semester of the Academic Year 2024-25.

The Result Analysis can be accessed [here](#)

Appendix Result Analysis

The motion was proposed and moved by **Dr. S. Ramesh**, Professor & Controller of Examinations, for consideration and ratification.

The motion was seconded by **Dr. R.S.Valarmathi**, Professor & Dean (SoEC).

The motion was carried.

D. Items for Reporting

50.14 To report and record the ICA Activities of all programmes for the Academic Year 2025-26.

The Vice Chancellor, placed before the Academic Council, the ICA Activities of all programmes for the Academic Year 2025-26 for ratification.

The Result Analysis can be accessed [here](#)

Appendix ICA Activities

Dr. M. S. Muralidhar, Professor & Dean - Freshman Engineering, presented the ICA Activities of all programmes for the Academic Year 2025-26.

RESOLVED that "the ICA Activities of all programmes for the Academic Year 2025-26" moved by **Dr. M. S. Muralidhar**, Professor & Dean - Freshman Engineering, be approved and recorded.

50.15 To report and record the results of the Ph.D. viva voce conducted since the last Academic Council held on May 24, 2025.

The Vice Chancellor, placed before the Academic Council, the results of the Ph.D. viva voce examinations conducted since last Academic Council held on May 24, 2025 for consideration and record.

Dr. S. Ramesh, Controller of Examinations, presented the report on results of the Ph.D. viva voce examinations conducted since last Academic Council held on May 24, 2025.

Ph.D. viva voce completed candidates

list can be accessed [here](#)

Appendix Ph.D. viva voce

RESOLVED that "the results of the Ph. D. viva voce examinations conducted since last Academic Council held on May 24, 2025" moved by **Dr. S. Ramesh**, Controller of Examinations, be approved and recorded.

50.16 To consider and record the progression and achievements of the schools and divisions with the one year strategic plan.

- a) School of Computing.
- b) School of Science and Humanities.
- c) Office of Industry Relations.

The Vice Chancellor, placed before the Academic Council to report the progression of School of Computing, School of Science and Humanities and office of Industry Relations and their academic achievements.

a) School of Computing

Prof. Dr. S. P. Chokkalingam, Professor & Dean - School of Computing, presented the Progression of School of Computing and their academic achievements.

Progression of the School of Computing can be accessed [here](#)

RESOLVED that the Progression of School of Computing and their academic achievements submitted by Prof. Dr. S. P. Chokkalingam, Professor & Dean - School of Computing, be recorded.

b) School of Science and Humanities.

Dr. M. S. Muralidhar, Professor & Dean - School of Science and Humanities, presented the Progression of School of Science and Humanities and their academic achievements.

Summary Note:

Progression of the School of Science and Humanities can be accessed [here](#)

RESOLVED that the Progression of School of Science and Humanities and their academic achievements submitted by Dr. M. S. Muralidhar, Professor & Dean - School of Science and Humanities, be recorded.

c) Office of Industry Relations.

Dr. P. Chandrakumar , Professor & Dean – R&D and Industry Relations, presented the Progression of Office of Industry Relations and their academic achievements.

Summary Note:

Progression of the Office of Industry Relations can be accessed [here](#)

RESOLVED that the Progression of Office of Industry Relations and their academic achievements submitted by Dr. P. Chandrakumar, Professor & Dean – R&D and Industry Relations, be recorded.

E. Closing

50.17 Any other items with the permission of the Chairperson.

The Vice Chancellor informed to mention the two items under this category.

1. Institutional Development Plan (IDP) will be presented in the next meeting.
2. Convocation will be tentatively scheduled in the Month of "**November, 2025**".

50.18 To decide the date of holding the next meeting of the Academic Council.

It has been decided that the 51st Regular Meeting of the Academic Council will be held tentatively on **Saturday, November 29, 2025**.

50.19 Vote of Thanks.

Dr. E. Kannan, Professor & Registrar, expressed his thanks to all the members of the Academic Council for their presence and valuable contributions.

50.20 Adjournment

The meeting was adjourned at 12.30 PM.

Ref No: VTU / 28th Research Board / 2025 dt.27.10.2025

Date and Time : 27.10.2025 / 02.30 P.M – 04.00 P.M
Location of Meeting : Senate Hall
Mode : Hybrid Conferencing

Members Present

12	Prof. Dr. K. Jagajjanani Rao	Dean (Research Studies), Vel Tech	Secretary
13	Other Invited Members	All Deans, Vel Tech	Invitees

Agenda Items

A. Opening

The Hon'ble Vice Chancellor, Chairman of the Research Board, welcomed all members to the 28th meeting. The session began with a presentation by the Dean (Research Studies) highlighting major research developments, followed by agenda discussions.

Item No. 28.1: To inform the Board about the leave of absence of members.

Action: All members are present in the meeting.

Item No. 28.2: To confirm and record the action taken report on the minutes of the 27th Research Board meeting held on 08.03.2025.

Action: The minutes of the previous meeting were confirmed. All major actions including Ph.D. scholar intake limits, online credit limits, recognition of new supervisors, and implementation of revised regulations have been successfully executed.

Item No. 28.3: To review the current statistics of research scholars' progression.

Action: The Dean (Research Studies) presented data indicating 1,064 scholars (30% full-time and 70% part-time). Most scholars completed coursework within one year, with minor delays noted in publication requirements. The Board approved quarterly progress reviews and Article Processing Charge (APC) support to expedite publications.

The Dean of Research Studies presented the following agenda for discussion to the board members.

B. Items for Discussion and Approval

Item No. 28.4: To approve the amendment of Clause 12.7 of the VTU Doctoral Regulations (DR) 2025.

Action: Approved. Clause 12.7 will be as “.....In any case, fellowship support for full-time scholars will be provided for a maximum of **30** months or until the date of thesis submission, whichever occurs earlier.

Item No. 28.5: To promote multidisciplinary Ph.D. programmes through domain-specific faculty groupings.

Action: The Board appreciated the initiative to form five multidisciplinary research groups:

- (1) Artificial Intelligence and Data-Driven Technologies
- (2) Smart and Sustainable Materials & Manufacturing
- (3) Renewable Energy and Environmental Technologies
- (4). Nano-Bio-Integrative Sciences and Engineering
- (5) Cyber-Physical Systems and Smart Infrastructure

It was advised to constitute a committee to finalize the structure of these groups and develop guidelines for admissions.

Item No. 28.6: To deliberate on the consideration of credits attained by discontinued and re-admitted scholars.

Action: The Board discussed the readmission cases and the feasibility of considering previously earned credits. It was recommended not to encourage such cases, as the duration of discontinuation exceeded the minimum period prescribed for the program.

The Dean of Research Studies presented the following agenda for Ratification to the board members.

C. Items for Ratification

Item No. 28.7: To ratify the provisional admission of Ph.D. candidates for the Summer Session 2025–26.

Action: Ratified the admission of 199 candidates (61 full-time and 138 part-time) across 18 departments.

The Dean of Research Studies presented the following agenda for Recording and Reporting to the board members.

D. Items for Recording and Reporting

Item No. 28.8: To record the vacant Research Supervisor positions for the Winter Session 2025–26.

Action: Recorded a total of 1,844 supervisor vacancies across departments, with the majority in CSE and ECE.

Item No. 28.9: To record the recognition and approval of new Research Supervisors since the last meeting.

Action: Recognized 224 faculty members as eligible Research Supervisors across various disciplines.

Item No. 28.10: To record the requirement of at least one Q1 journal publication for all research scholars enrolled on or after 01.01.2025.

Action: The Board noted that while publishing in Q1 journals is not a compulsory requirement, scholars should be encouraged to pursue such high-quality publications as they significantly enhance the research visibility and academic reputation of the Institute. The Board also appreciated the Institute's initiative in providing Article Processing Charge (APC) support to scholars aiming for Q1 publications, recognizing it as a commendable step toward promoting research excellence.

E. Closing

Item No. 28.11: Any other item with the permission of the Chairperson.

Action: The Chairperson commended the data-driven initiatives and urged the members to maintain continued focus on research quality. No additional items were discussed.

The meeting concluded with a vote of thanks to the Chairperson and members for their active participation and valuable contributions, proposed by the Secretary.

R&D Institute of Science and Technology

PROPOSAL FOR THE CONDUCT OF 15th CONVOCATION

The 15th Convocation of this Institution is scheduled to be held on 29th and 30th November 2025 at the Convocation Hall.

A total of 3,030 graduands (approximately) will receive their degrees during the ceremony, including:

2,623 Undergraduates

313 Postgraduates

95 Ph.D. scholars

Apart from the recipients of the Degree, the Prize and Medal winners will also be honoured in the convocation ceremony.

Each day is expected to host nearly 3,000 participants, including graduands, parents, dignitaries, and guests.

Day 1 – 29 November 2025

Chief Guest:

Dr. V. Narayanan, Secretary, Department of Space; Chairman, ISRO & Space Commission, ISRO Headquarters, Bengaluru. He will receive the Honorary Degree for his contributions in the area of Science and Technology, and he will deliver the Convocation Address.

Guests of Honour:

1. Mr. Debashis Neogi, Managing Director, Renault Nissan Technology & Business Centre, Chennai.
2. Mr. Anil Kempanna, Managing Director & Global Lead, Silicon-to-Software Engineering, Accenture, Bengaluru.

They will deliver special addresses during the session.

Day 2 – 30 November 2025

Chief Guest:

Dr. Gautam Biswas, Ph.D. (IIT Kharagpur), FNA, J.C. Bose National Fellow, Professor, Department of Mechanical Engineering; Former Director, IIT Guwahati; Former Director, CSIR-Central Mechanical Research Institute, Durgapur. He will deliver the Convocation Address.

Guests of Honour:

1. Dr. R. Vijay, Director, International Advanced Research Centre for Powder Metallurgy & New Materials (ARCI), Hyderabad
2. Mr. S. Kalyanaraman, Executive Vice President – Industrial Machinery Business, Larsen & Toubro Limited, Chennai

They will deliver special addresses on the second day.

All necessary arrangements, including police bandobast, fire safety measures, and logistics, have been made properly. Invitations are to be sent to the distinguished members of statutory bodies and other delegates well in advance.

This proposal is submitted before the august body of the Academic Council for kind consideration and approval.

Dr. V. Narayanan Chairman ISRO, Secretary DOS

Dr. V. Narayanan, Distinguished Scientist (Apex Grade), assumed the charge of Secretary, Department of Space, Chairman, Space Commission and Chairman, ISRO on the afternoon of 13th January, 2025. Prior to this, he served as Director, Liquid Propulsion Systems Centre (LPSC), one of the major Centres of the Indian Space Research Organisation (ISRO), with its headquarters at Valiamala in Thiruvananthapuram and a unit at Bangalore. As Director, he provided techno-managerial leadership to LPSC, which is engaged in the development of Liquid, Semi-Cryogenic and Cryogenic Propulsion Stages for Launch Vehicles, Chemical and Electric Propulsion Systems for Satellites, Control Systems for Launch Vehicles and Transducer development for propulsion system health monitoring. Dr. V. Narayanan, who is a Rocket & Spacecraft Propulsion Expert, joined ISRO in 1984 and functioned in various capacities. During the initial phase, for 4.5 years, he worked in the Solid Propulsion area of Sounding Rockets and Augmented Satellite Launch Vehicle (ASLV) and Polar Satellite Launch Vehicle (PSLV) in Vikram Sarabhai Space Centre (VSSC). He contributed to process planning, process control and realization of Ablative nozzle systems, Composite motor cases and Composite Igniter cases.

In 1989, he completed his M.Tech in Cryogenic Engineering with First Rank at IIT-Kharagpur and joined the Cryogenic Propulsion area in Liquid Propulsion Systems Centre (LPSC). ISRO's Geosynchronous launch vehicles, namely GSLV Mk-II & GSLV Mk-III, capable of placing 2- Tonne & 4-Tonne class Communication Satellites

in Geo Transfer Orbit, have Cryogenic Propulsion Stages as terminal stages.

As one of the few Cryogenic members working in this area in the beginning, he carried out fundamental research, theoretical & experimental studies and contributed to the successful development and testing of Cryogenic subsystems, namely Gas Generator, Sub-scale Cryogenic engine of 1-tonne thrust and Thrust Chamber of 12-tonne thrust.

Considering the long lead time required for the development of the Cryogenic stage of GSLV Mk- II vehicle, for meeting the initial flights, a few cryogenic stage hardware were procured from Russia. As an expert in Cryogenic propulsion, he contributed to the development of mission management systems, contract management and the successful flights of the GSLV Mk-II vehicle with procured cryogenic stages.

For the sustained operation of GSLV Mk-II, initially, ISRO planned for technology acquisition of the Cryo Stage for manufacturing in India. However, due to geopolitical reasons, the technology acquisition did not succeed and ISRO decided to develop CUS indigenously. Dr. V. Narayanan played a crucial role in the successful development of the Cryogenic Upper Stage (CUS) and contributed to making it operational for the GSLV Mk-II vehicle.

For the GSLV Mk-III Experimental mission with CARE module, he conceived and realized the Passive Cryogenic Stage and contributed to the successful experimental flight. As the Project Director of the C25 Cryogenic Project, he provided techno-managerial leadership, conceived, designed and developed the 25-tonne Cryogenic Propulsion System of the GSLV Mk-III Launch Vehicle powered by an engine developing a thrust of 200kN. He contributed to establishing the necessary infrastructure and facilities for design, analysis, realization, testing and launching. Due to his innovative approach, the C25 Cryo Stage was developed under his guidance in the shortest time frame with all successful tests and was inducted into the GSLV Mk-III vehicle.

Subsequently, he also made the stage operational.

His contribution made India one among six countries in the world to have complex and high- performance cryogenic propulsion systems, achieving self-reliance in this area.

Parallely, he completed his Ph.D. in Aerospace Engineering from IIT-Kharagpur in 2001. The work carried out as part of his M.Tech thesis titled "Cavitating Venturies for Flow Control in Cryogenic Rocket Engines" and Ph.D. thesis titled "Thrust and Mixture Ratio Regulation Systems for Cryogenic Rocket Engines" were directly employed in the development of Indian Cryogenic Propulsion Systems.

For the GSLV Mk-III M1/Chandrayaan-2 Mission, the L110 Liquid Core Stage and C25 Cryogenic Stage were delivered for the vehicle. Propulsion systems for the Orbiter and Vikram lander, which include the throttleable thrusters for soft landing, were also developed and delivered for the Chandrayaan-2 Mission under his guidance. As the Chairman of the National Expert Committee constituted to study the reasons for the hard landing of the Chandrayaan-2 lander, he contributed to pinpointing the reasons and corrective actions required to overcome the observations. He realised and delivered all the Propulsion Systems for Chandrayaan-

Debashis Bimalprakash Neogi
Managing Director, RNTBCI

With over three decades across India and Europe's automotive landscape, **Debashis Neogi**, Managing Director, **Renault Nissan Technology & Business Centre India**, has led transformative work in powertrain engineering, vehicle development, and embedded software. From the Renault Duster's India launch to shaping next-gen platforms in Europe, his journey is marked by innovation, leadership, and global impact.

Mr. Anil Kempanna Managing Director Global Lead, Silicon-to-Software Engineering

Mr. Anil stated that he had over three decades of experience in the semiconductor industry and had successfully delivered more than 65 products across various market segments, including Intelligent Edge Computing, Personal Computing, IoT, and smartphones. He mentioned that he had worked at Intel, Qualcomm, Texas Instruments, Cadence, and Ensemble Communications, a fixed broadband wireless startup.

He explained that in his role as Vice President and General Manager at Intel, he had led Silicon Product Development for the Network and Edge Group, as well as other business groups. He added that those state-of-the-art technology products in AI and Smart Edge were driving differentiated use cases and features, contributing significantly to the company's revenue. He further stated that within a span of less than 4.5 years, as part of corporate-level transformation strategies, he had played a key role in identifying problem statements and driving solutions with Velocity across global teams for multiple programs, which had significantly reduced time-to-market.

He observed that technology and businesses were continually evolving in the dynamic environment of the present day.

*Seminar*

Dynamics of Falling Drops

**Prof. Gautam Biswas**

Indian Institute of Technology Guwahati

Dec 31, 2015 (Thu.) 11:00

Place : 一樓演講廳(The Auditorium on 1F)

接待人 (Host): 陳彥龍(Chen, Yeng-Long) 博士 / 聯絡人 (Contact): 饒宇軒 Rao, Cindy 02-2789-8916

Abstract:

Multi-fluid systems play an important role in many natural and industrial processes such as rising bubbles in bubble column reactors, boiling, ink jet printing, painting, biological systems, rain drop impact phenomenon etc to mention few. Albeit the existence of a number of experimental, theoretical analysis and numerical studies on multiphase flows, a full understanding of the behavior of multi-fluid system is still lacking. Various numerical techniques, such as the volume of fluid method (VOF), level set method (LS), coupled level set and volume of fluid method (CLSVOF), front tracking method (FT) etc. are deployed to solve these multi-fluid systems. We have used the CLSVOF method to investigate the partial coalescence phenomena during drop impact on liquid-liquid interface. Our study deals with the understanding of drop dynamics during partial coalescence. When a drop of liquid 1 falls through liquid 2 to eventually hit the liquid 2-liquid 1 interface, its initial impact on the interface can produce daughter droplets of liquid 1. In some cases, a partial coalescence cascade governed by self-similar capillary-inertial dynamics is observed, where the fall of the secondary droplets in turn continues to produce further daughter droplets. Whenever the horizontal momentum in the liquid column, formed due impact of primary drop, is more than the vertical momentum, secondary drop is formed. A transition regime from partial to complete coalescence is defined based on oscillation of the neck radius. The transition between coalescence and splashing proceeds via a number of intermediate steps, such as thick and thin jet formation and gas-bubble entrapment. We perform simulations to determine the conditions under which bubble entrapment and jet formation occur.

a. Name: Dr. R. Vijay

b. Qualification: M.Tech., Ph.D.

c. Designation: Scientist-F and Team Leader

d. Contact information:

Centre for Nanomaterials (CNM)

Office: +91-40-24452334,
24443170

Home: +91-40-23261007

Fax: +91-40-24442699

Email: vijay@arci.res.in

e. Experience:

He worked at Non Ferrous Materials Technology Development Centre (NFTDC) as an Assistant Project Manager from 1992 to 1994 on development and setting up of a pilot plant facility for “Extraction of Molybdenum from Molybdenite Concentrate”. After joining International Advanced Research Centre for Powder Metallurgy and New Materials (ARCI) as a scientist in 1994, he has been working on Heat Pipe based Heat Transfer devices, Mechanical Alloying, Hydrogen Storage Materials, Nanostructured Materials, Oxide Dispersion Strengthened Steels and Simoloyer Technology. He has immense interest in using Mechanical Alloying as a technique to produce materials for critical technologies. Presently he is holding Scientist ‘F’ position and Head of Centre for Nanomaterials at ARCI.

f. Research Areas of Interest:

Nanostructured materials, High Kinetic Processing (Mechanical Alloying), Oxide Dispersion Strengthened Materials, Powders for Additive Manufacturing, Powder Metallurgy, Biomaterials and Hydrogen Storage Materials.

g. Awards and Honours:

1. FTCCI Excellence Award – 2016-17 for Individual achievement in Science and Engineering (Chelikani Atchut Rao Award) from Federation of Telangana Chamber of Commerce and Industry
2. Fellow of Telangana Academy of Sciences in recognition of his contributions to Science and Technology from Telangana Academy of Sciences, 2018
3. Indo-US Fellowship for working at Department of Materials, University of California, Santa Barbara, USA, under Prof. G.R. Odette. Aug. 2010 – Feb 2011.
4. “Engineer of the Year 2007” award from Andhra Pradesh state government and Institution of Engineers, Hyderabad Centre.

5. DST-DAAD fellowship for working at IKE, University of Stuttgart, Germany, under Prof. M. Groll. Aug 2005 – Nov 2005.

L&T recently announced the appointment of Kalyanaraman S as Executive Vice President & Head - Industrial Machinery Business. In this role, he will oversee L&T Valves, the Rubber Processing Machinery Business, and L&TCEL.

Kalyanaraman S brings over 35 years of rich and diverse experience in sales & marketing, manufacturing, business development, channel management, and operations. Known as a "Transformational Leader & Change Agent," he has a proven track record of turning products into profitable ventures through strategic planning and re-engineering operations.

Kalyanaraman S possesses expertise in developing new businesses, managing business partners, and driving sales and market share growth in highly competitive environments both in India and globally. He is recognized for his ability to translate corporate vision into actionable plans and inspire teams to achieve successful outcomes in complex situations.

Dear Sir,

Greetings of the day!

Hope this mail finds you well. As per our discussion about the progression of the NASSCOM Embedded Software Engineering Bootcamp on 22-07-2025 at our university, I have enclosed the execution plan of the entire training program from Third semester to Sixth semester and also the course content of "**Embedded Software Engineering - I**" which covers the first two modules of the NASSCOM Embedded Software Engineering Bootcamp Curriculum. Kindly go through the documents and give your approval to proceed further.

Thanks and Regards,

Dr. R.S. Valarmathi, M.E., Ph.D., SMIEEE. & IEEE-SBC

a.) Course Category

Program Elective

b.) Preamble

The objective of this course is to impart the concepts of design life cycles, compilation debugging process and security in an embedded system connect to the real time applications.

c.) Prerequisite Courses: -

d.) Related Courses:

e.) Course Outcomes:

Upon Successful completion of this course, students will be able to

CO Nos	Course Outcome	K-Level Based on Revised Bloom's Taxonomy
CO1	Explain the architecture, components, standard hardware interfaces, and datasheets of embedded systems.	K2
CO2	Describe the functional role of microprocessors, microcontrollers and peripherals in embedded systems, and its various debugging techniques used during development.	K2
CO3	Interpret various SDLC models for embedded system development.	K2
CO4	Outline the model-based approaches such as TDD, BDD, and MDD used in embedded system design.	K2
CO5	Summarize key security principles and testing procedures applicable to embedded and IoT systems.	K2

f.) Correlation CO's with PO's and PSO's

g.) Course Content

Unit-I Fundamentals of Embedded Systems

6

Embedded Systems Architecture, Classification of Embedded System, Standard Interfaces- Understanding Datasheet, Software Tool Chain: Preprocessor-Compiler-Debugger-Assembler-Linker/Loader, Electrostatic Discharge Essentials.

Unit-II Components of Embedded Systems

6

Microprocessor-Microcontroller-I/O interfaces: LCD, LED, Keypad, Switches, Touch Screen, Memory, Board based system- Processor based system, Debugging Techniques: High level simulation - Low level simulation - Onboard debuggers - Task Level debuggers - Symbolic debuggers-Emulators.

Unit-III Software Development Life Cycle (SDLC)

6

SDLC Overview- Hardware and Software Aspects-SDLC Models-Waterfall Model-V Cycle Model-Spiral Model-Conventional Model-Co Design Model.

Unit-IV Architecting the System

6

Test Driven Development, Behavior Driven Development, Model Driven Development, Architecting and Designing the System, Languages and Static Code Analysis, Code Repository-Build and Deployment Process, Measurement and Metrics.

Unit V System Security

6

SDLC-Security Development Life Cycle- Embedded Testing-IoT Security

Total-30 Hours

Experiment No	Experiment
1.	Exploring the components of an Embedded System
2.	Basic C Programming: Structure and Syntax Overview
3.	Manipulating Arrays in C
4.	Pointer Fundamentals: Addressing and Data Access in C
5.	Modular Programming: Defining and Calling Functions in C
6.	Call by Value vs Call by Reference in Function Parameter Passing
7.	Exploring Open-Source C Compilers for General-Purpose Programming

8.	Implementing and Analyzing String Manipulation Functions in C
9.	Initial Setup and Installation of Keil IDE for Microcontroller Programming
10.	Developing a Traffic Light Simulation: LED Control Program
11.	Creating a Minimal C Program for Text Output Verification
12.	Developing a Functional ALU Module for Processor Simulation

From: HOD ECE Vel Tech, Chennai <hodece@veltech.edu.in>**Sent:** Friday, September 12, 2025 2:39 PM**To:** Krishnamoorthy, Dhanapathy <dhanapathy.krishnamoorthy@intel.com>**Subject:** Request for Review and Recommendation – New Course on Linux System Programming and Linux Device Drivers -reg

Dear Sir,

Greetings from the Department of ECE, Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology.

Our faculty members, **Dr. Sathesh M**, **Dr Yazhinian S** and **Dr. Rajendiran P**, attended a training program on **Embedded Systems** held from **7th to 23rd July 2025** at **Wipro, Chennai**.

Following this, **Wipro Technologies** has recommended the inclusion of a course titled "Linux System Programming and Linux Device Drivers" in the ECE Department curriculum, either as a **Programme Core** or as a **Programme Elective** course. Students who successfully complete this course and pass Wipro's assessment will be eligible for **internship cum placement opportunities** offered by Wipro during **November 2025**.

The course content has been jointly prepared by **Embedded domain faculty members** and **industry experts from Wipro, Chennai**. It is proposed to offer this course starting mid **September 2025**.

We kindly seek your valuable inputs on the course content and your **recommendation for approval** in the forthcoming Academic Council Meeting (ACM).

Thank you for your time and continuous support.

Thanks and Regards,

Dr. S. Jana, M.E., Ph.D.

Head of the Department,

Department of Electronics and Communication Engineering,

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology

Avadi, Chennai - 600 062.

Course Code	Course Title	L	T	P	C
10212EC907	LINUX SYSTEM PROGRAMMING	2	0	2	3

a) Course Category

Program Elective

b) Preamble

This course introduces the fundamentals of Linux System Programming (LSP) for embedded systems. It covers system calls, file operations, process management, inter-process communication Inter Process Communication (IPC), signals, multithreading and memory management. Emphasis is placed on practical application of concepts through programming exercises that build strong foundations for embedded development. The course content is aligned with Wipro Center of Excellence – Next-Gen Associates (NGA) Skilling: Linux System Programming (LSP), ensuring that students acquire industry-relevant skills bridging academic learning and professional practice.

c) Prerequisite

Knowledge on

- Embedded C Programming
- Embedded System Design
- Embedded OS and Device Drivers

d) Related Courses

Embedded Linux and Device Drivers

e) Course Outcomes

On successful completion of the course, students will be able to

CO Nos.	Course Outcomes	Knowledge Level (Based on Revised Bloom's and Dave's Taxonomy)
CO1	Explain the Linux architecture, user/kernel space and toolchain usage.	K2, S3
CO2	Make use of Linux system calls for file handling for I/O process.	K3, S3
CO3	Utilize the project management calls for system process creation and scheduling the signals.	K3, S3

CO4	Construct the IPC mechanisms using pipes, shared memory and message queues.	K3, S3
CO5	Develop the synchronization and multithreading using POSIX threads and basics of debugging.	K3, S3

f) Correlation of COs with POs and PSOs

	PO 1	PO 2	PO 3	PO 4	PO 5	PO 6	PO 7	PO 8	PO 9	PO 10	PO 11	PO 12	PSO 1	PSO 2
CO1	H	M	-	-	M	-	-	-	L	L	-	L	H	M
CO2	H	H	H	M	H	-	-	-	L	L	-	L	H	H
CO3	H	H	H	M	H	-	-	-	L	L	-	L	H	H
CO4	H	H	H	H	H	-	-	-	M	M	-	L	H	H
CO5	H	H	H	H	H	-	-	-	M	M	-	M	H	H

g) Course Content

UNIT I LINUX ARCHITECTURE & TOOLCHAIN 6

Linux architecture: user space versus kernel space - GNU Compiler Collection (GCC) toolchain: preprocessor, compiler, assembler, linker - makefiles and build automation basics – command line essentials for embedded development.

UNIT II FILE I/O SYSTEM CALLS 6

Low level file I/O: open, read, write, close, lseek - file descriptors, error handling (errno) - directory operations, stat, fcntl - concept of Virtual File System (VFS).

UNIT III PROCESS MANAGEMENT SYSTEM CALLS 6

Process creation: fork, exec family, wait, exit - process hierarchy, PID, PPID - daemon processes and scheduling - signals: handling, signal (), sigaction (), kill ().

UNIT IV IPC MECHANISMS 6

Pipes: unnamed and named, FIFOs - message queues - shared memory: shmget, shmat, shmdt, shmctl - semaphores for synchronization.

UNIT V THREADS AND ADVANCED PROGRAMMING 6

POSIX threads (pthreads): creation, joining, detaching - synchronization: mutex, condition variables - multithreaded producer- consumer problem - memory management: malloc, mmap, brk - error debugging and GDB (GNU Debugger) basics.

Total: 30 hrs

h) List of Practical Experiments

S. No	CO Nos.	Course Outcomes	Knowledge Level (Based on Revised Bloom's and Dave's Taxonomy)
1	CO1	Explore Linux file system by writing a program to list directory contents using system calls.	S2
2	CO1	Construct a Makefile to automate the build process of a simple C program.	S3
3	CO2	Develop a file copy utility using open, read, write system calls.	S3
4	CO2	Create a process management program using fork(), exec() and wait() system calls.	S3
5	CO3	Implement inter-process communication using unnamed pipes.	S3
6	CO3	Design communication between processes using named pipes (FIFOs).	S3
7	CO4	Build a multithreaded program using POSIX pthreads.	S3
8	CO4	Apply synchronization by developing a producer-consumer solution with pthreads & mutex.	S3
9	CO5	Demonstrate signal handling using sigaction() system call.	S3
10	CO5	Utilize shared memory allocation with mmap() for inter-process communication.	S3
11	CO1- CO5	Integrate concepts in a Mini Project (system calls, processes, IPC, threads, signals, memory).	S4

Total: 30 hrs

UNIT I – LINUX KERNEL & MODULE PROGRAMMING**(6)**

Kernel architecture: user vs kernel space - kernel modules: insmod, rmmod, modprobe - module programming basics: init, exit, printk - kernel build system, makefiles for modules.

UNIT II – CHARACTER DEVICE DRIVERS**(6)**

Major and minor numbers, registering device numbers - file operations: open, read, write, release, ioctl - kernel buffer management: copy_to_user, copy_from_user – case studies: char driver.

UNIT III – KERNEL INTERRUPTS AND SYNCHRONIZATION PRIMITIVES**(6)**

Interrupt handling flow in linux - request_irq(), free_irq() - shared IRQs, interrupt context vs process context - synchronization: spinlocks, semaphores, atomic variables.

UNIT IV – ASYNCHRONOUS AND DELAYED EXECUTION IN KERNEL**(6)**

Bottom halves, tasklets and workqueues - kernel timers and time management - delayed execution in drivers - case studies: interrupt + workqueue driver.

UNIT V – DEVICE MANAGEMENT AND DEBUGGING**(6)**

Sysfs, kobjects, udev interaction - linux device model: buses, devices, drivers - exporting attributes to user space - debugging drivers: dmesg, debugfs, ftrace basics.

Total Theory Hours: 30

List of Practical Experiments (30 Hrs Lab)

S. No	CO Mapping	Practical Exercises	Dave's Taxonomy Level
1	CO1	Compile and load a basic kernel module (Hello Kernel).	S2

CO–PO–PSO Mapping Justification (Detailed Explanation for Each Cell)

CO1: Develop the kernel modules to program the basic kernel concepts.

PO/PSO Mapping		Justification
PO1	3	Requires strong knowledge of computing fundamentals, OS architecture, and C programming to write kernel modules.
PO2	2	Students analyze user–kernel space, module loading/unloading, and debugging—requires analytical skills.
PO3	2	Involves designing basic kernel modules, using Makefiles, and applying engineering solutions.
PO4	1	Minor investigation is needed for debugging using printk, dmesg logs.
PO5	2	Students use Linux development tools, build system, compiler, and debugging tools.
PO9	1	Team-based mini-task is sometimes used to load, test, and troubleshoot modules collectively.
PO10	2	Students document module development steps, logs, and debugging output.
PO12	1	Self-learning encouraged for kernel version differences and new module APIs.
PSO1	3	Directly builds core embedded Linux driver competency.
PSO2	2	Enhances ability to apply tools/techniques for system-level programming.

CO2: Implement character device drivers supporting file operations and user–kernel communication.

PO/PSO Mapping		Justification
PO1	3	Strong foundational knowledge of memory, OS, and C language involved in coding char drivers.

PO/PSO Mapping		Justification
PO2	2	Students analyze driver behavior, user–kernel memory transfer, and file operations.
PO3	3	Students design, develop, test character drivers using open, read, write, release, ioctl—strong design & implementation.
PO4	2	Investigation required to test various I/O conditions, buffer handling, exceptions.
PO5	3	Extensive use of Linux kernel tools, debugging utilities, device files, and GCC/make.
PO9	1	Works can involve pair/team driver testing and demonstration.
PO10	2	Students communicate design and driver usage to users through documentation & lab demo.
PO12	1	Encourages self-learning for ioctl operations, kernel interfaces, and APIs.
PSO1	3	Strong core skill for embedded driver development.
PSO2	3	Applies advanced programming tools for kernel & user-space interface—strong mapping.

CO3: Identify the interrupt handling mechanisms with appropriate synchronization techniques in drivers.

PO/PSO Mapping		Justification
PO1	3	Strong theoretical foundation required for interrupt architecture, ISR, and kernel context concepts.
PO2	3	Analytical skills essential to understand concurrency issues, race conditions, and synchronization.
PO3	3	Students design interrupt-driven drivers using request_irq(), free_irq(), and synchronization primitives (spinlocks, semaphores).

PO/PSO Mapping		Justification
PO4	2	Experimentation is needed to validate interrupt handling and solve synchronization issues.
PO5	3	Requires tools like ftrace, /proc/interrupts, debugfs for analyzing interrupt behaviour.
PO9	1	May involve collaborative testing on shared IRQ hardware setups.
PO10	2	Students present interrupt flow, ISR design, and debugging steps clearly.
PO12	1	Self-learning for kernel version-specific interrupt APIs & deeper concurrency topics.
PSO1	3	Strong embedded driver expertise gained for real-time interrupt-based devices.
PSO2	3	Applies advanced kernel tools and techniques for synchronization—high industry relevance.

CO4: Apply deferred work mechanisms such as tasklets, work queues and timers in driver development.

PO/PSO Mapping		Justification
PO1	3	Requires strong conceptual clarity on bottom halves, concurrency, and kernel execution context.
PO2	2	Students analyze execution timing, context switching, and scheduling behaviour.
PO3	3	Students design real-time drivers using tasklets, workqueues, timers—strong design element.
PO4	2	Experiments are conducted to validate deferred execution and performance.

PO/PSO Mapping		Justification
PO5	3	Uses kernel profiling, timer functions, scheduling utilities, and debugging tools.
PO9	1	Group project or teamwork during testing of concurrent code is possible.
PO10	2	Students communicate logs, execution flow diagrams, and driver behaviour.
PO12	1	Self-learning encouraged for advanced timing and scheduling APIs.
PSO1	3	Very strong embedded driver skill related to real-time systems.
PSO2	3	Applies modern kernel mechanisms – aligns with industry-ready skills.

CO5: Utilize advanced Linux device drivers with Sysfs and the Linux device model for embedded applications.

PO/PSO Mapping		Justification
PO1	3	Requires strong fundamentals to understand bus–device–driver model.
PO2	2	Involves analysis of Sysfs, kobject interactions, and attribute mapping.
PO3	3	Students design Sysfs interfaces, export device attributes, and integrate with device model.
PO4	2	Involves investigation and debugging to integrate kernel objects with user space.
PO5	3	High usage of kernel tools, sysfs/debugfs utilities, and tracing tools.
PO7	1	Minor concern for societal ethics when handling secure device access and privileged operations.
PO9	1	Students often work in groups for device model integration testing.
PO10	2	Requires documentation & description of Sysfs driver architecture.

PO/PSO Mapping**Justification**

PO12	1	Self-learning required for evolving Linux driver model interfaces.
PSO1	3	Strong embedded driver expertise—directly relevant to industry.
PSO2	3	Demonstrates advanced skill in applying programming tools and embedded Linux frameworks.

Submitted to the Vice Chancellor:

Subject: Request to include industry collaborated course on "VLSI design and verification using System Verilog in summer semester 2025-26 – Reg.

Through Proper channel.

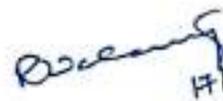

Respected sir,

It is brought to your kind notice that two of our faculty members have undergone training on "VLSI design and verification using system Verilog", organized by Wipro Technologies from 11th to 20th June 2025 for period of 10 days as per of direction of Dean Campus to Corporate.

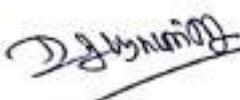

In continuation to this, Wipro Technologies has organised a meeting with all partnered institutions in SRM hotel, SRM University Campus on 15th July 2025 to discuss the inclusion of the course in their respective university curriculum either as a program core or program elective course with 4 or 5 credits as a job seeking course. In this regard, we have a discussion with our VLSI domain faculty members and finalized the syllabus in collaboration with Wipro Technologies. We have decided to offer the course as a lab dominated along with a capstone project. Wipro Technologies has been working on the concept of Train and Hire and assured that the students who have successfully completed this course along with project will be eligible for internship-cum-placement opportunities based on their assessment and business interview in their concern.

In this regard, I kindly request your permission to include this course in our curriculum in this SS 2025-26 which would greatly benefit our students to enhance their industry readiness and placements.

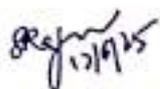

Your kind permission in this regard is highly solicited.

Course Code	Course Title	L	T	P	C
10212EC901	VLSI Design and Verification Using System Verilog	2	0	4	4

a) Course Category

Program Elective

b) Preamble

This course introduces the fundamentals of System Verilog Language and its usage for RTL coding and Test bench Development. Students will go through the complete Design and Verification flow along with hands-on experience using standard EDA tools and protocols

c) Prerequisite

VLSI Design

d) Related Courses

SOC Design and Verification

<i>The purpose of learning this course is to:</i>
<ul style="list-style-type: none"> To understand the System Verilog Language RTL coding for complete Design and Verification flow
<ul style="list-style-type: none"> To develop a Test bench using a System Verilog for the required components.
<ul style="list-style-type: none"> To practice the hands-on experience using standard EDA tools and generate coverage reports
<ul style="list-style-type: none"> To Learn the concept of IPS, subsystems chips and SOC architectures and develop a VLSI design Verification flow for a given design block
<ul style="list-style-type: none"> To understand the on chip protocols APB and SPI specifications and implement the RTL code for given design

CO Nos.	Course Outcomes	Skill Level (Based on Dave's Taxonomy)
CO1	Demonstrate RTL Verilog coding for a given design block	K2, S3
CO2	Develop a Test bench using a System Verilog for the required components	K2, S3
CO3	Implementation and verification of Classes and Objects setup	K2, S3
CO4	Design and verification of IPS ,subsystems, chips and SOC architecture	K2, S3
CO5	Demonstrate the on chip protocols and develop test bench for UART, I2C,SPI and AMBA APB	K2, S3

UNIT I VLSI Verification and Introduction to System Verilog 6

VLSI Technology Overview - SOC Architecture - VLSI Design Flow - Design Verification –Types : RTL - Gate level - Emulation - Formal - SIP verification - Components - test bench hierarchy - Evolution of system Verilog - data types - arrays - packed - unpacked - dynamic - associative array methods-queues - structures - control flow - functions and tasks - blocking and non - blocking statements

UNIT II Basic constructs in System Verilog Processes and connecting Interfaces 6

Processes - fork join - Inter process communication- functions – tasks - void function-arguments- semaphores methods - SV mailboxes - events- interface - interface constructs - connecting test bench and design with interface constructs - bundles- modports- clocking blocks

UNIT III Advanced constructs Classes and Objects in System Verilog 6

Class - class properties and methods –inheritance - polymorphism-static - shallow/deep copy-parameterized classes- extern keyword- access control -qualifier- local and protected -abstract Class-typedef class-virtual methods – pre-post randomization

UNIT IV Constraints and Coverage in System Verilog 6

Constraints-Introduction- inside constraint- implication constraint- foreach constraint – randomization methods- program block- scope resolution operator – coverage code- functional coverage-cross coverage- cover point bins

UNIT V System Verilog Assertions and Methods and On-chip Protocols 6

Assertions- introduction – immediate assertion - concurrent assertion – SVA methods – On-chip protocols architectures - UART-I2C-SPI-AMBA-APB- APX

Total: 30 Hrs

LIST OF PRACTICAL EXPERIMENTS

S. No	CO Mapping	Practical Exercises (60 Hours)
1	CO1	RTL code test bench using System Verilog for Digital design
2	CO2	Development of Test bench for Interface
3	CO2	Development of Test bench driver class
4	CO2	Development of Test bench adding driver task
5	CO2	Development of Test bench adding mailbox
6	CO3	Development of Test bench for transaction class
7	CO3	Development of Test bench randomize the transaction class
8	CO3	Development of Test bench generator class, driver
9	CO3	Development of Test bench complete environment class code
10	CO4	Development of Test bench for monitor class
11	CO4	Development of Test bench complete monitor code
12	CO4	Development of Test bench complete scoreboard code with coverage

Memorandum of Understanding (MOU)

Between

Wipro Ltd-India.

And

Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology,
Chennai

For Center of Excellence

This Memorandum of Understanding (hereinafter called as the "MoU") establishes the collaboration between Wipro Ltd-India ("Wipro") and Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai in developing an accessible avenue for domain learnings and professional development of the students/fresh graduates and/or undergraduates to improve their employability post successful completion of the program.

This MoU, entered into this 14th of February 2025, by and between Wipro Ltd-India and Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai.

Whereas Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai agrees to promote Wipro's Learning Initiative, its objectives and benefits, to their students and encourage participation.

Whereas Wipro Ltd-India agrees to deliver virtual &/or classroom (as applicable) learning sessions to the faculties of Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai who in turn are empowered to delivered sessions to their students at large.

I. MISSION

This collaboration of both parties mentioned above aims to provide a complete knowledge intensive and job-oriented training program to students and fresh graduates for continuous learning about the IT Industry and to acquire the required competencies and other essential skills deemed helpful for their personal and professional growth in this industry.

Prof. Rajat Gupta
Vice-Chancellor
Vel Tech
Rangarajan Dr. Sagunthala
R & D Institute of Science and Technology
Chennai

Wipro Ltd-India shall endeavor to provide valuable domain knowledge and learnings from these sessions that will groom the students and fresh graduates of Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai.

Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai shall endeavor to promote and encourage its students to participate in these sessions and provide any support required by Wipro Ltd-India to successfully conduct the program.

II. PURPOSE AND SCOPE

The purpose of this MoU is to collaborate and promote emerging technologies to the student and fresh graduates and / or Undergraduates to help them learn and acquire critical skills that will improve their employability and make them ready for Industry opportunities in future. This will also help them to understand the different career opportunities that Wipro Ltd-India and other IT industries can offer.

Through this MoU, Wipro Ltd-India and Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai shall carry out a collaborative work to achieve the purpose and in agreement to the following points:

- The course curriculum of the skill-based training program to be curated by Wipro Ltd in partnership with the institute faculty members and concerned authorities. The institute is to ensure that the skill-based training is adjusted in the syllabus and appropriate credits be awarded to the candidates for undergoing the training.
- The program will be introduced to the students from specific eligible branches preferably in the end of their 5th Semester post which interested students will be put through an initial screening assessment in the same semester.
- The skill-based training will be divided in two halves and the first part of it will be extended to students clearing the initial screening assessment in the 6th Semester. Institute is required to ensure availability of proper infrastructure for enabling the virtual skill-based training. Wipro Ltd will organize virtual &/or classroom (as applicable) learning sessions to the faculties of Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai who in turn are empowered to run the curriculum spanning across 6th & / or 7th Semester of the academic program and the institute to ensure that the attendance of pre-selects during the entire duration.
- Pre-Selects to be put through an advanced assessment towards the end of their 6th & / or 7th semester to test them on the curriculum imparted in the first part of the skill-based training. 2nd Part of the skill-based training to be initiated in the 7th semester only for the pre-selects who successfully clear the advanced assessment. Wipro Ltd to run the curriculum of the second part of the training by conducting virtual &/or classroom (as applicable) learning sessions to the faculties of Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai who in turn are empowered to delivered sessions to their students spanning across 7th & / or 8th Semester and the institute to ensure that the attendance of pre-selects during the entire duration.
- The pre-selected students post completion of the second level of skill-based training will undergo a personal interview process comprising of multiple rounds towards the end of their 7th semester. These students shall undergo a selection process to evaluate and shortlist students based on their

skills, and performance. Upon successful completion of the selection process, Wipro may extend a conditional letter of intent to the selected students. The letter of intent will be subject to the following conditions:

- Background check verification
- Satisfactory performance in all required examinations / assessments / interviews.
- Compliance with the Wipro's policies and procedures.
- Any other terms and conditions specified in the letter of intent.
- Background Verification Process will be initiated for the candidates who have accepted the letter of intent, and the candidates are expected to complete the documentation process within the duration as specified by Wipro.
- The program involves various engagement efforts that Wipro Ltd will be leading with the LOI extended candidates during their 8th semester. Institute is required to ensure maximum participation of final selected students for these post offer engagement sessions. These sessions may be conducted virtually or in person.
- Pre-selected Students who successfully undergo this program, may be given an internship opportunity in their 8th Semester (4th Year) by Wipro Ltd either in its premises or remotely through the Wipro Ltd Lab which will be setup in the Institute.
- Day 1 hiring priority to be given to Wipro for the candidates who are part of the training program. Candidates who do not clear the Wipro's assessment process is free to apply to other opportunities.
- All the candidates who successfully complete the training program will be awarded with a course completion certification by Wipro.

III. RESPONSIBILITIES

Wipro Ltd-India and Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai will appoint special points of contact (SPOC) to coordinate and implement the activities mentioned in this MoU.

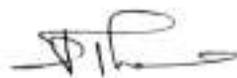

SPOC Appointed on behalf of Wipro Ltd – India, will

- Coordinate with Wipro's NGA Talent Skilling Team, and other department speakers and plot the details of the training
- Coordinate with the Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai SPOC and confirm the session details.

SPOC Appointed on behalf of Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai will

- Promote the objectives and goals of this initiative to the identified audience.
- Coordinate with Initiative SPOC from NGA Talent Skilling on the session details and share the same to the identified audience.
- Inform the audience of the terms of the program. Whereas program will be facilitated virtually or on institute premises of Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai.

Anil Gupta
Vice Chancellor

- Coordinate with Initiative SPOC from NGA Talent Skilling on the feedback

IV. TERMS OF UNDERSTANDING

The term of this MoU is for a period of 2 years from 14th February 2025 to 13th February 2027. It shall be reviewed at least once annually to ensure the agreement continues to hold and achieve its purpose. Any revision must be agreed by both the parties.

Either Wipro or Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai may terminate this MOU upon thirty (30) days written notice.

Notwithstanding anything to the contrary, under no circumstances will either party be liable for indirect, special, consequential or incidental losses or damages (including, but not limited to loss of profits, lost or damaged data, failure to achieve cost savings, loss of equipment or systems, or the failure of or increased expense of operations) of any kind, regardless of whether any such losses or damages are characterized as arising from breach of contract, warranty, tort, strict liability or otherwise, even if such damages are foreseeable or either or both parties have been advised of the possibility of such damages.

In any case, Wipro's shall not have any monetary liability to Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai, regardless of the form of any claim by Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai, including costs, attorneys' fees and expenses.

Except as stated herein, Wipro makes no warranties, express or implied, with respect to the training provided hereunder, including, without limitation, any warranties as to merchantability or fitness for a particular purpose.

Each party owns, and will continue to own all rights, title and interests in and to any inventions however embodied, know how, works in any media, software, information, trade secrets, materials including training materials and survey reports, property or proprietary interest that it owned prior to this MOU, or that it created or acquired independently of its dealings with the other party pursuant to this MOU (collectively, "Preexisting Works"). All rights in Preexisting Works not expressly transferred or licensed herein are reserved to the owner.

Confidentiality. The parties acknowledge that, during the term of this MOU, it may be necessary for Wipro to provide documentation, training materials, technical and business information and/or intellectual property, in whatever form recorded (collectively, "Confidential Information"), to the other party or the students of Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai. All Confidential Information provided or disclosed by Wipro hereunder shall

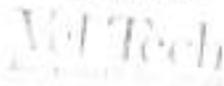

remain the property of Wipro and shall be held in strict confidence by Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai or its students unless Wipro otherwise consents in writing or unless disclosure of such Confidential Information is required by the applicable laws.

Confidential Information furnished by Wipro hereunder (i) shall not be reproduced or copied, in whole or in part, by Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai or its students except for use as specifically authorized by this MOU; (ii) shall, together with any copies thereof, be returned to Wipro, or at the request of Wipro, destroyed, when no longer needed for purposes of this MOU; and (iii) shall only be disclosed by Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai or its students to those who have a need to know such Confidential Information in connection with the performance of this MOU; and who have agreed to comply with the confidentiality obligations set forth herein.

Anti Bribery. Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai and each of its directors, officers, employees, agents or other representatives represents and warrants that it will not in connection with its obligations under this MoU or any other agreement with Wipro, give, offer, promise to offer, or authorize the offer, directly or indirectly (proxy bribing), anything of value (such as money, shares, goods or service, gifts or entertainment) to government officials, government customers, potential government customers or foreign government officials including officials of any public international organizations or officials of any political party either in India or abroad ("Officials") with an Intent to influence any act or decision in his or her official capacity, induce the Official to do or omit to do any act in violation of his or her lawful duty to obtain any improper advantage, or Induce to use such Official's influence improperly to affect or influence an act or decision.

Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai understands and acknowledges that any non-adherence to the warranty as stated hereinabove will be violative of the provisions of the U.S. Foreign Corrupt Practices Act, 1977, U.K. Bribery Act 2010 and the Indian Prevention of Corruption Act, 1988 ("Anti- bribery Laws"). In addition, Wipro shall promptly report to the Service Provider of any incident of breach or potential breach of this section. Additionally, Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai shall indemnify, save and hold harmless Wipro, its subsidiaries and affiliates, officers, directors and employees, against any and all losses, penalties and expense including court costs and reasonable attorney fees resulting from any breach of this warranty by the Company or its partners. Wipro shall have the right to terminate this MoU with immediate effect, without any liability whatsoever, if Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai is in breach of this warranty.

Rajat Gupta
Vice Chancellor

Vel Tech
Rangarajan Dr. Sagunthala R & D Institute of Science and Technology

Wipro shall have the right to audit Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai compliance with the provisions of this Section.

Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai agrees not to use the name, logo, brand, or any other identifying marks or intellectual property of Wipro in any media, advertisement, publicity, or promotional materials. Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai further agrees not to refer to Wipro, directly or indirectly, in any media interactions or communications, press releases, interviews, or advertising campaigns without the prior written consent of Wipro.

V. AUTHORIZATION AND EXECUTION

The signing of this Memorandum does not constitute a formal undertaking and as such it shall be non-binding and it simply intends that the parties shall strive to reach, to the best of their abilities, the Project objectives stated in this MOU.

This MOU shall be signed by Wipro and Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology, Chennai and shall be effective as of the date first written above.

MEMORANDUM OF UNDERSTANDING

BETWEEN

**Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and
Technology**

AND

nasscom / IT-ITeS SECTOR SKILLS COUNCIL

FOR

**UNDERTAKING SKILL DEVELOPMENT TRAINING
IN EMERGING TECHNOLOGIES**

This Memorandum of Understanding ("MoU") is made on 29th day of April of the year 2025,

BETWEEN

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology having its head office at No.42, Avadi-Vel Tech Road Vel Nagar, Avadi, Chennai, Tamil Nadu 600062, India, represented by Prof. Rajat Gupta, Vice Chancellor, Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology (hereinafter referred to as "Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology") which expression shall, unless repugnant to the context or meaning thereof, include its successors, executors and administrators in office, legal representatives and permitted assigns on the **FIRST PART**.

AND

National Association of Software and Service Companies having its head office at the nasscom Plots 7-10, Sector 126, Noida, UP –201303, India (hereinafter called "nasscom/SSC nasscom"), represented by Head-Strategy & Operations, IT-ITeS Sector Skills Council, which expression shall, where the context so admits, be deemed to include its successors, executors and administrators of the **SECOND PART**

Whereas IT-ITeS Sector Skills Council (nasscom/ SSC nasscom) an integral part of nasscom is the skill standard setting body of the IT-ITeS Industry and is also the education & skill development initiative of nasscom; SSC nasscom works with its industry members and select academic and skill development institutions to help improve the quality and quantity of the employable workforce available to this industry.

Whereas Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology, and **nasscom/SSC nasscom** will hence forth be referred to collectively as the Parties

THE MoU WITNESSED AND THE PARTIES HERETO AGREE AS FOLLOWS:

I. PREAMBLE / BACKGROUND / OBJECTIVE

Government of India under the aegis of Ministry of Electronics and IT has joined hands with nasscom as a team India effort to make India a global hub for skilled talent on emerging technologies. **FutureSkills Prime** is an aggregator model platform built with an aim to reskill & upskill candidates in emerging technologies with an objective to create India's Digital Talent Stack that will propel India into a leadership position in the digital world.

FutureSkills Prime platform is designed as a resource for all learners to not only develop digital fluency in new-age technologies but also build advanced skills by getting certified on industry defined & IT-ITeS Sector Skills Council (SSC nasscom) validated skills on both emerging technologies and professional skills.

II. PURPOSE

1. The objective of this MoU is to undertake relevant skills upgradation via training program/s in the emerging technologies for the candidates/ students & faculty/ staff of Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology
 - a. To encourage any-time, any-where, continuous self-paced learning for acquiring newer and industry relevant skill sets, build digital fluency on emerging technologies & professional skills through the availability of byte sized micro learning content.
 - b. To provide a diagnostic facility that offers candidates an analysis of their aptitude and capabilities so that they can be guided on learning pathway options.
 - c. To provide a novel framework and an inclusive 'one stop up-skilling/ re-skilling solution' in new and emerging IT technologies that envisages a paradigm shift in the existing value chain through synergistic efforts of all stakeholders.
 - d. To motivate and create value at every step through innovative mechanisms such as 'skills passport', 'skills wallet', 'badges' etc. based on the aspirant's effort in their skilling journey.
 - e. The Company/University/College etc will also work internally to build their internal talent pool by encouraging students & faculty members to complete more badging and certifications.
All the above will also work towards making India as a digital talent hub.
2. This engagement aims to implement short-term awareness and skill competency development programs including Foundation and Deep Skilling courses (both free and paid) in the emerging technologies area.
3. This intervention aims to equip the students & faculty members with specific skills that are important in today's context. The learning intervention will keep them updated with the key trends / challenges faced in today's digital ecosystem.

III. GENERAL PROVISIONS

1. This MoU will set-up general conditions for co-operation in up-skilling / skill-based training and that the Parties intend to use it as a framework to continue their co-operation.
2. The Parties intend to coordinate and focus their efforts on co-operation within the area of the identified upskilling /skill development intervention(s) across the Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology.
3. The terms of co-operation / directions will be defined collectively during negotiations. The Parties through mutual effort will try to establish long term and beneficial co-operation.

IV. IMPLEMENTATION OF THE MOU

To ensure the implementation of this MoU, through the identified SPOC/s from the Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology

1. The progress of the identified outcomes of cooperation for all the joint upskilling and awareness-oriented Skilling & Upskilling initiatives in the emerging technologies including areas like professional skills. Preparation and implementation of upskilling plans by the Parties concerned w.r.t the students and faculty of Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology.

2. Coordination and implementation with Vel Tech Rangarajan Dr Sagunthala R&D Institute of Science and Technology, IT-ITeS Sector Skill Council and all the other key stakeholders for upskilling the targeted beneficiaries in skill-based training program w.r.t emerging technologies and related professional skills.
3. Discussion on other issues pertaining to the implementation of this MoU.
4. Monitoring and evaluation of all on-going initiatives.
5. Branding and awareness of skilling initiatives on emerging technologies.

V. ROLE AND RESPONSIBILITIES OF Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology

1. **Mobilization of beneficiaries** – To take up the responsibility of mobilization of students & faculty for enrolment in the skilling and upskilling program. Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology shall coordinate with all associates (as applicable) to create a pool of trainees/beneficiaries/candidates for this program.
2. **Onboard** - a minimum of 500 **candidates on to the FutureSkills Prime platform**. Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology will share the data in the predefined agreed format indicated in Annexure-1 and will also instruct students & faculty to sign-up on FutureSkills Prime.
3. Share SPOC details for coordination and facilitation.
4. Publish required Circulars/ Notifications advising about the Mission and vision agreed upon.
5. Extend all required support to co-ordinate with various offices/facilities if applicable.
6. Review the analytics reports and drive the common objective of building India's future ready workforce.
7. Responsibility to seek approval from relevant candidates to share their details on platform.

VI. ROLE AND RESPONSIBILITIES OF nasscom/SSC nasscom

1. Facilitate the students & faculty to register on nasscom's FutureSkills Prime online platform.
2. Provide access to usage analytics. However, this is subject to the consent received from the candidate(s) to share their details.
3. Offer via FutureSkills Prime platform the learning content that match industry standards and are periodically updated.
4. Enable diagnostics, badging and assessments to learners.

VII. MONITORING

1. Monitoring the implementation of the deliverables of this MoU will be the responsibility of Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology.
2. Parties will periodically collaborate to monitor the implementation of the MoU as per the agreed to timelines.

VIII. CO-BRANDING GUIDELINES

1. Cobranding guidelines are an arrangement between nasscom/SSC nasscom and Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology. These guidelines shall apply to all uses of FutureSkills Prime and nasscom/ SSC nasscom marks as defined herein and are currently effective as Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology has agreed to these and

up to the terms thereof

2. By using any FutureSkills Prime, nasscom/ SSC nasscom Trademarks, Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology acknowledges that nasscom/ SSC nasscom is the sole owner of the Trademarks and agreeing not to interfere with nasscom/ SSC nasscom's rights in the Trademarks, including challenging nasscom/ SSC nasscom's use, registration of, or application to register such Trademarks.
 - a. Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology agrees that Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology will not harm, misuse, or bring into disrepute any nasscom/ SSC nasscom Trademarks and that the goodwill, if any, derived from your use of any nasscom/ SSC nasscom Trademarks exclusively inures to the benefit of and belongs to nasscom/ SSC nasscom.
 - b. Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology may not use any nasscom/ SSC nasscom Trademarks in metatags, search fields, hidden text, or any other form that has the purpose or effect of diverting or confusing consumers without nasscom/ SSC nasscom's prior written permission.
 - c. Other product names or trademarks, including those appearing on nasscom/ SSC nasscom's websites, that are not owned by nasscom/ SSC nasscom are for identification purposes only and may be the registered or unregistered trademarks of their respective owners.
 - d. No license or right is granted to Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology by nasscom/ SSC nasscom by implication, estoppel or otherwise to any such third-party names or trademarks or to the nasscom/ SSC nasscom Trademarks hereby.
3. **Branding:** Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology can co-brand with the nasscom/ SSC nasscom Trademarks internally/externally after the due approval in written on Logo (positioning, placement, design etc) and messaging from nasscom/SSC nasscom.
4. nasscom would seek permission from Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology before using the Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology logo for any PR activity.

IX. MISCELLANEOUS PROVISIONS

1. This MoU as outlined in this document is not intended to be a legally binding document. Rather, it is meant to describe the nature and cooperative intentions of Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology and nasscom/SSC nasscom to suggest guidelines for cooperation. Nothing, therefore, shall diminish the full autonomy of any Party, nor any constraints be imposed by either upon the other, and nothing in this agreement shall be deemed to create a joint venture, or agency relationship between the Parties

2. Any other matter not included in the MoU which is necessary for the smooth functioning of the Scheme shall be finalized between Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology and nasscom/SSC nasscom on mutually agreed terms and conditions.
3. The use of the name, logo and/or official emblem of any of the Parties on any publication, document and/or paper is allowed only, after seeking explicit prior permission in writing of the owner Party concerned.
4. The Second Party shall be entitled to collect/receive/process information in relation to the candidates of the First Party. The said right shall include the right to share such information with relevant placement agencies, including job portal partners, employers and/or research partners to enable them to potential employment opportunities, thought leadership and insights.
5. Amendments to this MoU will be only basis mutual consensus and the written consent (duly signed) of all the Parties concerned. Additions, deletions and/or alterations to this MoU may be affected with the written agreement of all the Parties to this MoU concerning the said changes. Documents containing such additions, deletions and/or alterations and signed by both the Parties shall form addenda to this MoU and be deemed to be part of this MoU.
6. The MoU is not intended to create any legal relation of employer-employee or of principal and agent relationship amongst the Parties.
7. This MoU shall remain valid till 31st March 2027 from the date of its signing and can be extended on mutual terms and conditions. Through this MoU Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology and nasscom/SSC nasscom affirm their commitment to fulfil and achieve the objectives mutually agreed upon in its MOU.
8. Termination - this MoU can be terminated by either one of the Parties after serving 1(one) month notice to other Party in writing if there is failure/breach of understanding or default by any one of the Parties concerned.
9. This is a non-commercial MoU between both the Parties; however, any individual student subscribing for individual courses/programs at cost as declared eligible for subsidy will be addressed only by the concerned individual/subscriber. Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology will have no implication or responsibility on payments/subsidy thereof w.r.t registered candidates/beneficiaries i.e., Subscribers.
10. Confidentiality
 - a. Subject to Clause b below, Parties agree that they will keep all information in pursuant to this MoU confidential and shall not disclose to any third person any confidential information with respect to the MoU and program hereunder.
 - b. Exceptions: Any Party may disclose Confidential Information
 - to the extent to which it is required to be disclosed pursuant to applicable law;
 - to the extent to which it is specifically permitted by other Party in writing.

- to the extent that the confidential information is publicly available (other than as the result of a breach by such Party of its confidentiality obligation under Clause 9 above);
- to its employees and professional advisors, but only to the extent necessary and subject to such employees and professional advisors accepting an equivalent confidentiality obligation to that set out in this Clause 'Confidentiality'.

Through this MoU Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology, and nasscom/SSC nasscom affirm their commitment to fulfil and achieve the objectives mutually agreed upon.

Signed this MoU on this 29th day of April of the year 2025.

MEMORANDUM OF UNDERSTANDING (MoU)

This Memorandum of Understanding (hereinafter called as the 'MOU') is entered into on **28th, October 2025** by and between

Pi Square Technologies India Pvt. Ltd. (PSTI), a company incorporated under the laws of Republic of India having its principal place of business at No 3A, Mindspace Cyberabad, Hi Tech City, Madhapur, Hyderabad, Telangana 500081, herein referred as the "FIRST PARTY".

AND

Vel Tech Rangarajan Dr Sagunthala R&D Institute of Science & Technology (Vel Tech), incorporated under the laws of Republic of India having its principal place at No 42, Avadi to Vel Tech Road, Avadi, Chennai - 600062, herein referred as the "SECOND PARTY".

The First Party and the Second Party shall be referred to as "Party" individually and collectively as "Parties".

WHEREAS

Pi Square Technologies India Pvt. Ltd. (PSTI) is a global technology company, headquartered in Detroit, Michigan and having its offices in Germany, UK, and India. Pi Square's focus has been on building products, solutions, and offering services to its global customers in the areas of Embedded Systems, IoT, Automotive, Med-Tech, Industrial Automation, Digital Transformation, and other emerging technologies.

QNX, a division of BlackBerry Limited (NYSE: BB; TSX: BB), enhances the human experience and amplifies technology-driven industries, providing a trusted foundation for software-defined businesses to thrive. The business leads the way in delivering safe and secure operating systems, hypervisors, middleware, solutions, and development tools, along with support and services delivered by embedded software experts. QNX® technology has been deployed in the world's most critical embedded systems, including more than 255 million vehicles on the road today. QNX® software is trusted across industries including automotive, medical devices, industrial controls, robotics, commercial vehicles, rail, and aerospace and defence. Founded in 1980, QNX is headquartered in Ottawa, Canada.

QNX aims to meet the need of skilled resources by the industry through QNX Everywhere Initiative as a response to the rapid increase in its software content in the embedded systems and in safety and security requirements globally.

Vel Tech Rangarajan Dr.Sagunthala R&D Institute of Science and Technology - offers UG, PG, and Ph.D. programs in Engineering, Management, Law and Media. The institution has made distinctive progress since its founding in 1997 by adopting unique and trending educational methodologies. Vel Tech is recognized as Category 1 and deemed to be university by the University Grants Commission (UGC). Vel Tech has been in the Top 100 for a row of seven years in the National Institutional Ranking Framework (NIRF) India Rankings, under the Engineering category since 2017. Vel Tech has been accredited by NAAC with the highest grade of 'A++' and a CGPA of 3.53 out of 4. Under the Washington Accord Tier-I category, the NBA has accredited six undergraduate engineering programs. Vel Tech has signed 260 MoU with industries & for International Universities around 200 institutions for Students & Faculty Exchange Programmes. Every year, the Times Higher Education (THE) World University Rankings list the institution as one of the top institutions. Vel Tech is the first member from India to be part of CDIO, an innovative educational framework for producing the next generation of engineers. The Vel Tech TBI (Technology Business Incubator) under NIDHI by the Government of India is recognized as the Centre of Excellence and supporting nearly 370 startups.

1. Purpose

- a) Pi Square Technologies India Pvt. Ltd. is a program partner of QNX for its QNX Everywhere initiative which aims to increase the number of developers globally who are skilled in embedded software development by equipping participants with industry-relevant knowledge and providing training on QNX Software Development Platform (QNX SDP).
- b) This initiative focuses on empowering students, researchers, and academic institutions to gain hands-on experience on QNX Software Development Platform (QNX SDP), widely used in industries like automotive, robotics, medical devices, and industrial automation etc.

For fulfilment of the aforesaid purpose, Pi Square Technologies India Pvt. Ltd. will be responsible for working with educational institutions and finishing schools for the implementation of the educational institution engagement components of the QNX Everywhere initiative pan India.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:

2. Cooperation

- a) Both parties believe that close co-operation between the two would be a major benefit to students and faculty to enhance their skills and knowledge of embedded systems and QNX software technologies.
- b) Both parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations.
- c) Both parties will work together to define and deliver one or more QNX software-based courses and build an active QNX community within at the SECOND PARTY.

3. Program Scope

- a) Introduce QNX software and technologies in the curriculum of the SECOND PARTY.
- b) Train the college faculty and in-return they train the students.
- c) Provide access to essential software / tools required for the program like QNX software development license for non-commercial use, IDEs, etc.
- d) Build active QNX community in the campus and organize hackathons / design contest.
- e) Master class sessions by QNX Expert Trainers from the FIRST PARTY.
- f) Assess and provide participation certification and guidance on research initiatives.

4. Roles and Responsibilities

a. FIRST PARTY

1. Conduct Pre-Assessment of nominated Faculties and organize Faculty Development Program (FDP) for qualified faculties. FDP includes Self-paced learning, Bootcamp, Assignments and Projects, Mentorship from Subject Matter Expert (SME).
2. Train the key stakeholders in the campus including program coordinators, IT, Client Relations on the overall scope and effective delivery of the program.
3. Conduct webinars for students on QNX Everywhere initiative and its advantages.

4. Coordinate with the QNX team for providing the essential QNX software and tools required for this program.
5. Provide Training Material, Program Execution guide and Standard Operating Procedures, Assessment Framework, Assignments, and Question Bank.
6. Train the IT / Lab Team on installation, configuration, access management, and maintenance of essential QNX Software and Tools. Also coordinate with QNX for providing necessary Software / Tools licenses.
7. Plan, Design, and Monitor Quality of the program delivery of the QNX Everywhere initiative with the support of the program coordinators, faculty, placement team and other stakeholders at the SECOND PARTY.
8. Build an active QNX Community at the SECOND PARTY and include them in the global QNX GitHub community for a better exposure and access to experts.
9. Conduct Final Assessment and work with QNX to provide participation certificate.
10. Work with QNX and provide access to Online / Reference material to Students and Faculty.
11. Assess and enrol qualified students into the program.
12. Responsible for the overall execution of the QNX Everywhere initiative as per the objectives set forth.

b. SECOND PARTY

1. Integrate the QNX course in the curriculum of the SECOND PARTY.
2. Provide all necessary infrastructure like the Digital Classrooms, Embedded Labs including the workstations / laptops and hardware, and resources for delivering QNX Everywhere initiative and related events like Webinars, Hackathon etc.
3. Nominate qualified faculty, depute designated program coordinator, IT / Lab Team as per the pre-requisites and guidelines.
4. Ensure active participation of Students and successful completion of the program.
5. Ensure quality of the training delivery to the students.
6. Promote active QNX Community in the campus.
7. Maintain all the records and reports as per the Standard Operating Procedures, and Provide necessary updates during the status calls and review meetings as per the agenda
8. Commitment of the enrolment of a minimum 60 students in the QNX Everywhere initiative

5. Program Cost and Funding

- a) This program is fully supported by QNX and executed by the FIRST PARTY.
- b) There are no commercials involved with respect to student training, faculty training, QNX software / tools.

Institutions to bear the expenses related to Travel, boarding and lodging for their faculty deputed for boot camps as a part of the Faculty Development Program.

6. Relationship

This MOU relates solely to the intention of the parties, wherein the parties jointly work together. The status of the SECOND PARTY is not of an agent or employee of the FIRST PARTY and, as such, it shall not have the right or power to enter any contracts, agreements or any other commitments on behalf of the FIRST PARTY unless authorized so in written by the FIRST PARTY. Additionally, neither party has the right to bind QNX in any matter.

7. Confidential and Proprietary Information

- a) "Confidential Information" shall mean all information, including the material and/or licenses or other information if any so given to the Second Party, and Faculty Members, written or verbal, identified as confidential or of a nature that a reasonable person would understand as being considered confidential by the FIRST PARTY and disclosed by FIRST PARTY to the SECOND PARTY or its faculty or any personnel which is related to the FIRST PARTY information such as course material, training data, guidance notes, procedures, methodology, etc.
- b) The Confidential Information disclosed under this Agreement may be used or reproduced solely to the extent necessary to further and fulfil the purposes of this Agreement (which shall be deemed to be the "Purpose").
- c) SECOND PARTY shall not disclose, reproduce, print, or digital or verbal circulation of First Party's confidential information without first obtaining written consent from the FIRST PARTY.

8. Term, Termination, and Dispute Resolution

- a) This MoU is effective from **28th, October 2025 to 27th, October 2027**. Renewal of this Agreement can be done on mutual consent at least 30 days prior to the expiration of the agreement period.
- b) If the SECOND PARTY fails to perform its obligations under this contract and does not correct it within 30 days after receiving a notice requesting performance of obligations from the FIRST PARTY, then the FIRST PARTY may notify in writing the termination of the agreement.
- c) Additionally, if FIRST PARTY'S agreement with QNX expires or is terminated, FIRST PARTY may terminate this Agreement by providing written notice.
- d) The Parties shall attempt in good faith to resolve any disputes, differences or claims arising out of or relating to this Agreement promptly by negotiation among the Parties.
- e) In case of Termination of the Agreement due to any breach by the SECOND PARTY, the then running batch of students shall still complete the entire Training Process.
- f) Survival of Obligation: In the event of termination of this MoU, all the clauses #7, #8, #9 and #10 shall continue to survive.
- g) Any dispute will be settled in the Court of Hyderabad, India.

9. Indemnity and Limitation of Liability

SECOND PARTY shall defend, indemnify and save harmless Pi Square Technologies India Pvt. Ltd. (PSTI), Affiliates, third party partners including QNX and its affiliates and their respective agents, independent contractors, directors, officers and employees (each, an "Indemnified Party") from and against any and all damages, injuries, claims, demands, actions, liabilities, costs and expenses (including reasonable legal fees) incurred or made against an Indemnified Party arising from or connected with: (i) the non-performance or breach of this Agreement; (ii) SECOND PARTY'S breach of any confidentiality, warranty, representation, covenant and/or obligations herein; (iii) any breach by SECOND PARTY of applicable laws and regulations; (iv) the services or developments infringing any third party intellectual property rights of whatever nature anywhere in the world.

QNX AND ITS AFFILIATES AND THEIR RESPECTIVE DIRECTORS, OFFICERS AND EMPLOYEES SHALL HAVE ABSOLUTELY NO LIABILITY ARISING FROM OR RELATED TO THIS AGREEMENT BETWEEN THE FIRST PARTY AND SECOND PARTY. IN NO EVENT, WILL QNX AND ITS AFFILIATES AND THEIR RESPECTIVE DIRECTORS, OFFICERS AND EMPLOYEES BE LIABLE FOR ANY INDIRECT, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES (INCLUDING LOSS OF DATA, REVENUE, PROFITS, OR BUSINESS OPPORTUNITIES, OR PERSONAL INJURY OR

DEATH), WHETHER ARISING IN CONTRACT, WARRANTY, TORT, PRODUCT LIABILITY, OR OTHERWISE, AND EVEN IF THEY HAVE BEEN ADVISED OF THE POSSIBILITY OF DAMAGES IN ADVANCE.

10. Non-Solicitation

SECOND PARTY hereby agrees that during this engagement and for a period of Two Years thereafter, it will not Recruit, solicit or otherwise induce any proprietor, shareholder, lender, director, officer, employee, joint venture partner, investor, lessor, supplier, customer, agent, representative or any other person which has a business relationship with the parties to discontinue, reduce or detrimentally modify such employment, agency or business relationship with FIRST PARTY.

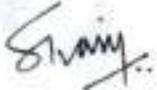

11. Force Majeure

- a) Failure or delay in performance of obligations under "This Contract" by either party due to natural disaster, act of government, riot, war, epidemic / pandemic, or any other cause beyond the scope of control of the parties shall not be considered a violation of "This Contract".
- b) A party who fails to perform a necessary obligation due to the reasons set forth in "Paragraph 1 of this Article" shall continue to take all measures to the extent of its ability to ensure compliance with it as faithfully as possible.

12. Representation on Authority of Parties / Signatories)

Each person signing this Agreement represents and warrants that he or she is duly authorized and has legal capacity to execute and deliver this Agreement. Each party represents and warrants to the other that the execution and delivery of the Agreement and the performance of such party's obligations hereunder have been duly authorized, and that the Agreement is a valid and legal agreement binding on such party and enforceable in accordance with its terms.

IN WITNESS WHEREOF, the parties to "This Contract" have executed a copy of "This Contract" as of the date first written above and each party shall retain a copy of "This Contract".

On behalf of "First Party"	Address	No 3A, Mindspace Cyberabad, Hi Tech City, Madhapur, Hyderabad, Telangana 500081

Annotated Agenda for the 51st Academic Council

51.15 To report and record the status of Academic Audit for the Academic Year 2024-25.

The Academic Audit for the Academic Year 2024–25 was conducted during August–September 2025. The audit focused on three key dimensions of academic quality:

1. Curriculum Design and Relevance
2. Teaching–Learning Processes
3. Assessment and Evaluation Practices

To ensure a comprehensive and objective evaluation, Academic Experts from reputed institutions ranked within the Top 100 in NIRF 2023/2024 (in their respective categories) were invited to serve as auditors.

In an enhanced initiative for this audit cycle, Industry Experts from leading organizations were also included in the process to provide valuable insights and recommendations from an industry perspective, ensuring alignment of academic programs with current and emerging professional requirements.

A summary of the audit schedule with expert details is given below:

Details of Academic Auditors (Academic External & Industry Expert(s))

Office of the Dean Academics

Minutes of the Meeting

A meeting was conducted on 17th September 2025 at 9.30 am at VC Office to discuss the rubrics for evaluation and tests question papers pattern for CIA and SEE for all engineering students admitted from the academic year 2025-26 onwards under the new engineering regulations, VTR UGE 2025. The meeting was chaired by the Hon. Vice Chancellor.

The following members were present in the meeting:

1. Dr. Raju Shanmugam, Dean - Academics
2. Dr. S. Ramesh, Controller of Examinations
3. Dr. M. Rajeev Kumar, Dean - Quality Assurance
4. Dr. K. Jagajjanani Rao, Dean – Research Studies
5. Dr. P. Vijayaraman, Dean – Campus Corporate
6. Dr. S. P. Chokkalingam, Dean - School of Computing
7. Dr. R. S. Valarmathi, Dean – School Electrical and Communications
8. Dr. M.S. Murali Dhar, Dean – Freshman Engineering & SH
9. Dr. Jayavel, Head of the Department, Mechanical Engineering
10. Dr. Jaganraj, Head of the Department, Aeronautical Engineering
11. Dr. Geetha Rani, Head of the Department, Civil Engineering
12. Dr. M. Vijay Albert William, Head - FME
13. Dr. J. Viswanath, HoD - Mathematics
14. Dr. Hazarathaiah Yadav, HoD - Chemistry
15. Dr. P. Revathi, HoD - English
16. Dr. R. Hushein, DA-ARS

17. Ms. K. Akilandeshwari, HoD – Placement Training
18. Dr. Suguna, FME – SoC – Coordinator
19. Dr. Balaji L. – FME – SoEC – Coordinator
20. Dr. Venkatasudhakar – FME – SoMC – Coordinator
21. Dr. S. Mani Naidu, Professor, Physics
22. Dr. Siva Ramalingam, Asst. Professor, Academic Office
23. Dr. B. Murali, Associate Professor, Exam Cell Coordinator

Agenda

The meeting was convened to discuss the rubrics for evaluation and test pattern for the B.Tech. engineering students admitted from the academic year 2025-26 under the new regulations, VTR UGE 2025 and to finalize the Scheme of Assessment for various types of courses under different categories.

Discussions:

1. The meeting started with the welcome address by the Dean Academics followed by the discussion on proposed rubrics and assessment components.
2. Dean Academics explained the Types of courses, the proposed components of Continuous Internal Assessment (CIA) and patterns of the Semester-End Examination (SEE) in detail.
3. It was decided in the meeting that the weightage of Continuous Internal Assessment and Semester End Examination is 50% each for all the B.Tech. Engineering students admitted from the academic year 2025-26, under the new regulations VTR UEG 2025.
4. Members suggested that there shall be two Continuous Internal Assessments (CIA), Test – 1 and Test – 2, each carries 40 marks and conducted for 90 minutes duration. Average of these two test marks, out of 40, shall be taken for the internal assessment.
5. Semester End Examinations are conducted by O/o Controller of Examinations and Continuous Internal Assessments are conducted by the respective department under the control of the O/o Dean Academics.
6. The rubrics for evaluation and question papers pattern for different types of courses were discussed and decision taken as shown in the table below:

S. No.	Course Type	Test Type/ No. / Duration	Question Paper Pattern / Rubrics / Other details	Syllabus Coverage / Remarks
1	Theory Only Courses	(a). Internal / CIA – 1 / 90 Minutes / Total Marks-40	<ul style="list-style-type: none"> Part A: 5 Questions × 1 Marks = 5 Marks Part B: 5 Questions × 2 Marks = 10 Marks Part C: 5 Questions × 5 Marks = 25 Marks (EITHER OR Pattern) Two questions from each unit 1 & 2, and one question from half of 3rd unit. 	<ul style="list-style-type: none"> First two and half units 2½ x 16 = 40 Marks
		(b). Internal / CIA – 2 / 90 Minutes / Total Marks-40	<ul style="list-style-type: none"> Part A: 5 Questions × 1 Marks = 5 Marks Part B: 5 Questions × 2 Marks = 10 Marks Part C: 5 Questions × 5 Marks = 25 Marks (EITHER OR Pattern) One question from remaining half of 3rd unit and two questions each from unit 4 & 5. 	<ul style="list-style-type: none"> Last two and half units 2½ x 16 = 40 Marks
2	Lab Only Courses	(c). Semester End Examinations (SEE) / 2 Hrs./Total: 50 Marks / Pass Marks: 45% of SEE alone and 50% of (CIA+SEE) put together	<ul style="list-style-type: none"> Part A: 5 Questions × 1 marks = 5 marks (One question from each unit) Part B: 5 Questions × 2 marks = 10 marks (One question from each unit) Part C: 5 questions × 7 marks = 35 marks (EITHER OR pattern, one question from each unit) 	All five units
		(a). Continuous Evaluation of Experiments - Internal	<ul style="list-style-type: none"> Average of marks of all experiments, scaled out of 20 	
		(b). Model Examination at the end of the Semester - Internal	<ul style="list-style-type: none"> 30 Marks 	
		(c). Semester End Lab Examinations / Total 50 Marks	<ul style="list-style-type: none"> SEE Lab Components: <ul style="list-style-type: none"> (i). Performance in the Experiment – 25 Marks (ii). Result & Analysis – 15 Marks (iii). Record – 5 Marks and (iv). Viva-voce – 5 Marks 	SEE Lab Exam to be conducted by the Department as per the CoE office Guidelines
				Total Internal marks: 50

S. No.	Course Type	Test Type/ No. / Duration	Question Paper Pattern / Rubrics / Other details	Syllabus Coverage / Remarks
3	Integrated Course Type: Theory (D) + Lab	(a). Internal / CIA – 1 / 90 Minutes / Total Marks-40 / Weightage – 10 marks	<ul style="list-style-type: none"> Part A: 5 Questions × 1 Marks = 5 Marks Part B: 5 Questions × 2 Marks = 10 Marks Part C: 5 Questions × 5 Marks = 25 Marks (EITHER OR Pattern) Two questions from each unit 1 & 2, and one question from half of the 3rd unit. 	<ul style="list-style-type: none"> First Two and Half Units 2½ x 16 = 40 Marks
		(b). Internal / CIA – 2 / 90 Minutes / Total Marks-40 / Weightage – 10 marks	<ul style="list-style-type: none"> Part A: 5 Questions × 1 Marks = 5 Marks Part B: 5 Questions × 2 Marks = 10 Marks Part C: 5 Questions × 5 Marks = 25 Marks (EITHER OR Pattern) One question from remaining half of 3rd unit and two questions each from unit 4 & 5. 	<ul style="list-style-type: none"> Last Two and Half Units 2½ x 16 = 40 Marks
4	Integrated Course Type: Theory + Lab (D)	(c). Lab Component – 20 Mark (Internal)	<ul style="list-style-type: none"> Continuous Evaluation of Experiments - 10 Model Lab Examination - 10 	No SEE Lab Exam
		(d). Semester End Examinations (SEE) / 2 Hrs./Total: 50 Marks / Pass Marks: 45% of SEE alone and 50% of (CIA+SEE) put together	<ul style="list-style-type: none"> Part A: 5 Questions × 1 marks = 5 marks (One question from each unit) Part B: 5 Questions × 2 marks = 10 marks (One question from each unit) Part C: 5 questions × 7 marks = 35 marks (EITHER OR pattern, one question from each unit) 	All Five Units
		(a). Theory Examination shall not be conducted.	<ul style="list-style-type: none"> Assignments with weightage 5 Marks, covering all COs. Assignments include Presentations, Seminar, Collaborative Activities, Quizzes, Concept Review, Simple Case Study, Essay Writing, Poster Creation, Creative Writing, Problem Solving Assignments, any other as decided in the course committee/faculty and approved by the HoD/Dean. 	Total Internal marks: 50
		(b) Lab Component – 45 Marks	<ul style="list-style-type: none"> Continuous Evaluation of Experiments – 20 Model Lab Examination - 25 	

S. No.	Course Type	Test Type/ No. / Duration	Question Paper Pattern / Rubrics / Other details	Syllabus Coverage / Remarks
		(c). Semester End Lab Examinations	<ul style="list-style-type: none"> SEE Lab Components: <ol style="list-style-type: none"> Performance in the Experiment – 25 Marks Result & Analysis – 15 Marks Record – 5 Marks and Viva-voce – 5 Marks Total – 50 Marks 	SEE Lab Exam to be conducted by the Department as per the CoE office Guidelines
5	Skill Enhancement Courses (SEC)	As per the BoS approval of the Course Type which will follow any one type as mentioned above Items 1 to 4	<ul style="list-style-type: none"> Corresponding evaluation scheme and rubrics as stated above for the Items from 1 to 4 	Complete evaluation shall be done by the respective department / divisions. Final marks shall be forwarded to DA Office for further processing and approval of the Vice Chancellor.
6	Ability Enhancement Courses (AEC)			
7	Value Added Courses (VAC)			
8	IPT / Industry or Internal Internship (If Any)		<ul style="list-style-type: none"> As per the Regulations for Project evaluations 	-
9	Project – Internal and External			

7. The department of English presented the course learning assessment to the members present. Members agreed to the different test question papers pattern aligned with the syllabus content and rubrics for evaluation rubrics for the English courses.

English Courses:

- (i) 2510EN2001 - English for Global Careers I
- (ii) 2515EN2001 - English for Global Careers II

Continuous Internal Assessments (CIA):

CIA – Test I – Total Marks – 60 (Weightage 20 marks) (Practical) (120 Minutes per Slot)

- Unit I- Listening (20 marks), Unit II – Speaking (20 marks) and Unit III – Reading (20 Marks)
- **Rubrics for Speaking Assessment – 20 Marks**

Grammar & Vocabulary (4 Marks)	Discourse Management (4 Marks)	Pronunciation (4 Marks)	Interactive Communication (4 Marks)	Content (4 Marks)	Total (20 Marks)
--------------------------------	--------------------------------	-------------------------	-------------------------------------	-------------------	------------------

- **Listening – 20 Marks (20*1=20)**
[These One-mark questions include Fill in the blanks/Choose the correct answer/Match the following]
- **Reading – 20 Marks (4*5=20)**

Rubrics for Reading Assessment:

- Central Idea and Textual Evidence
- Inferences and Valid Conclusions
- Analysis and
- Application

CIA - Test II – Time Duration: 90 Minutes

Total Marks 40 (Weightage - 20 marks) (Fully Theory)

- **Part A: 5 Questions × 4 Marks = 20 Marks**
- **Part B: 5 Questions × 4 Marks = 20 Marks**
- Part A covers from Unit 4 (Writing skills – 20 marks)
- Part B covers from Unit 5 (Grammar & Vocabulary – 20 Marks)
 - **Note:** Part A and B will have “EITHER OR” type questions.
- Assignment: 5 marks
- Attendance: 5 marks

Semester End Exam (SEE) (Total 50 Marks):

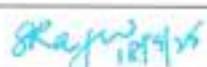

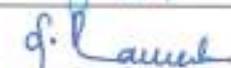

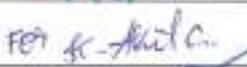

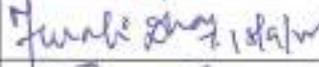

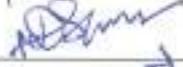

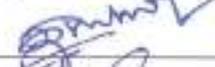

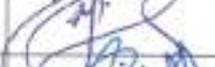

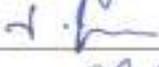

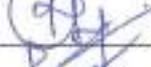

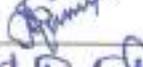

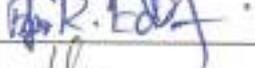

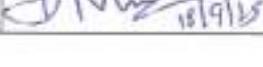

- **Part A:** 5 Questions × 1 = **5 marks**
- **Part B:** 5 Questions × 2 = **10 marks**
- **Part C:** 5 Questions × 7 = **35 marks** (Part C will have “either/or” type question.)

8. It was agreed by the members that the lab course “2510GE3001 - Product Development Laboratory” may be evaluated as a Project Based Learning (PBL) course and hence the following different evaluation scheme shall be followed:

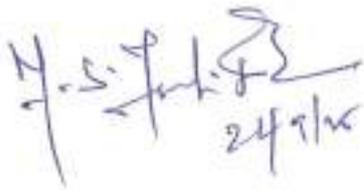

S.No.	Course Type	Test type/No./ Duration	Question Paper Pattern/Rubrics/ Other details	Syllabus Coverage/ Remarks
1	Product Development Laboratory – Evaluation is based on PBL Methodology	(a). Internal / Review 1 – 100 minutes / Total marks-15	Clarity in the project objectives-3 marks, Adherence to the Theme-3 marks, Extent of Implementation-3 marks, Presentation-3 marks, Viva voce-3 marks	Project Theme and Title need to be finalized, 3 models need to be completed, Fabrication need to be initiated
2		(b). Internal / Review 2 – 100 minutes / Total marks-15	Clarity in the project objectives-3 marks, Adherence to the Theme-3 marks, Extent of Implementation-3 marks, Presentation-3 marks, Viva voce-3 marks	Fabrication needs to be completed
3		(c). Internal / Review 3 – 100 minutes / Total marks-15	Project Report-10 marks, Viva voce-5 marks	Project Report need to be completed
4		(d). Semester End Examination / Review 4 – 120 minutes / Total marks- 50	Project Demo and Report- 40 marks, Viva voce- 10 marks	Project demonstration and Report submission

9. The Vice-Chancellor suggested to organize a workshop on Question paper setting.
10. The Vice-Chancellor recommended to look in to the lab facilities available for the Department of English along with Dean – FME and Dean - Campus Corporate for the development of English communication of the students.

Attendance

51.19: ANY OTHER ITEMS WITH THE PERMISSION OF CHAIRPERSON

DISCUSSION ON RANKING PROCEDURE FOR THE AWARD OF GOLD MEDAL

With the permission of the Chair, the following points are submitted for discussion regarding the **Ranking Procedure** for awarding the **Gold Medal** in various Programmes offered by the University:

1. Existing Criteria for Ranking

- Ranking shall be done **branch-wise**, based on the **CGPA** of students who have:
 - Passed **all subjects in all semesters in the first attempt**
 - Secured **First Class or First Class with Distinction**
 - Completed the programme within the **minimum prescribed duration**
- The **First Rank student** in each branch of the Programme shall be awarded the **Gold Medal**.

2. Issue Requiring Deliberation

There is a need to **finalize the procedure for determining the First Rank** in the event of a **tie in CGPA**.

Based on interactions held with all Deans on 13.11.2025, the following opinions are placed for consideration to Resolve CGPA Tie

- **Award Gold Medal to All Tied Students**
All students who are tied for First Rank shall receive individual Gold Medals.
- **Priority Based on CGPA of Programme Core Courses**
Ranking may be determined by considering CGPA computed only from core courses.
- **Achievements in Co-curricular / Extra-curricular Activities**
Preference may be given to students who have won prizes in:
 - National-level technical events (e.g., Smart India Hackathon)
 - State / National / International level extra-curricular competitions

- **Priority for Semester-wise Toppers**
Students who have secured the highest marks/grades in more semesters may be given preference.
- **Additional Credit Courses Completed under Honours / Minor Programme**
Preference may be given to students who have successfully completed Honours/Minor degree credits.
- **Number of Highest Grades ('S' Grade) Earned**
Students who have obtained a higher number of 'S' grades across all semesters may be prioritized.
- **Consider CGPA up to Four Decimal Places**
Extending the precision of CGPA comparison (e.g., 9.6501 vs 9.6500).
- **Use of RAW Marks Instead of Grades**
Ranking may be finalized based on total raw marks earned in all courses, wherever feasible.

4. Request for Expert Opinion

With the permission of the Chair, the **valuable insights and recommendations** of our Honourable Expert Members are kindly requested to finalize the most appropriate tie-breaking methodology.
