OFFICE OF INDUSTRY RELATIONS

Newsletter

Quarter 1 (January – March 2024)

Col. Prof. Vel Dr. R. Rangarajan
Founder President & Chancellor

Dr. Sagunthala Rangarajan
Foundress President

Message from Dean Industry Relations

Welcome to the Q1 Newsletter of the Office of Industry Relations, Vel Tech! This quarter has been filled with significant milestones and dynamic collaborations. Our office continues to be a vital bridge between academia and industry, fostering meaningful partnerships and driving innovation.

We Started the year by signing new MoUs, including an agreement with Yottec System LLP for industrial training and corporate lectures in aerospace and defense app design, and Pishon Concrete Test Private Limited for consulting services in civil engineering. Faculty members participated in notable industry events such as the EnVision Conference at IIT Madras, focusing on renewable energy adoption.

Our students benefited greatly from various industry visits, including trips to the National Institute of Ocean Technology and the Satish Dhawan Space Centre. These experiences provided them with valuable insights into ongoing research and industry expectations. Additionally, students engaged in hands-on training programs, such as biomedical device training in collaboration with MedCuore Medical Solutions and a drone surveying course with Athira Geo Spatial Services.

Specialized credit courses led by industry experts enriched our curriculum, covering topics like IoS app development, digital forensics, and data science in healthcare. Our annual VISAI 2024 event, conducted with UNESCO support, showcased innovative student projects addressing sustainable development goals. This year, 440 students from 40 technical institutions presented 166 projects, with the best receiving prizes totaling Rs. 2.5 lakhs.

Internships continue to play a crucial role in our students' professional development, with placements in various industries enhancing their technical and soft skills. We look forward to furthering our mission of bridging the gap between academia and industry, fostering an ecosystem of collaboration and innovation.

For more details, visit us at Vel Tech, Avadi, Chennai.

Table of Content:

MoUs Signed

The synergy between academia and industry has always been pivotal in driving societal advancement and economic growth. By Signing a MoU, the two organizations focus on a shared vision and foster a dynamic ecosystem of collaboration, where cutting-edge research meets real-world applications. Through thispartnership, we aim to bridge the gap between theory and practice, facilitating the seamless exchange ofdeas, talent, and resources.

On 3rd January 2024, Vel Tech has signed MoU with Yottec System LLP for arranging Industrial Training & Visit,Corporate Lectures (aerospace and defence app design)

Vel Tech has signed MoU with Pishon Concrete Test Private Limited on 9th March 2024 for consulting services for the Civil Engineering department.

Industry Events attended:

Our faculty members took part in the EnVision Conference held on 4th January in the IIT Madras Research Park. EnVision is India's First Energy Festival serving as a platform to ideate,collaborate, share perspectives and accelerate the adoption of renewable energy in the country. With the pressing challenges brought forth by India's current climate scenario, EnVision 2023 returned with a vision to emphasize the urgency of "today", which will ultimately safeguard our collective "tomorrow".

This conference brought together the most passionate and brightest minds across industry, academia, government, and startups to create a dedicated movement around understanding the magnitude of climate destruction, climate injustice, pursuing energy efficiency and technology led transformation towards NetZero.

Prof. C. S. Sivakumar and Mr. Kampleraj, GM, Centre of Excellence in Manufacturing from Veltech were invited as Chief Guest in the MSME Awareness and Interactive Session organized by Thirumullaivoyal Womens SIDCO Industruial Manufacturers's Association (TWSIMA).   Discussion happened for collaboration on the upcoming academic activities.

The Skill Development Committee of CREDAI Chennai organized a highly impactful event on 4th March 2024 in observance of National Safety Day, reinforcing the critical importance of safety standards in the construction industry. Spearheaded by Mr. Jeyakumar, Chairman of the Skill Development Committee, and Dr. T Arul, Convener of the Committee, the event brought together key stakeholders and industry experts toadvocate for enhanced safety measures.

Congratulations to our 2nd - year Civil Engineering students for their active participation and support in CREDAI FAIRPRO 2024 at Chennai Trade Center, Nandambakkam. Under the Site Immersion Program, our students: MS. Keerthi, Mr. Ayuh Kumar, and Sai Vaishnavi interacted with industry stalwarts,i ncludingBuilders, Bankers, and Sponsors, gaining invaluable insights into the Construction sector.

Students Industry visit

The Office of Industry Relations & Department of ECE jointly organized an Industrial visit to 2nd year ECE students to **National Institute of Ocean Technology** on 5th January 2024. 86 students and 6 faculty mebers participate and got insights about the different departments,   ongoing research works and their expectations from young engineers.

60 students from ECE Department along with 3 faculty members had an opportunity to visit **K-Lite Industries** on 14th February 2024. Students had gone through the facility and understood the design challenges and market competitions in LED Lighting. Many ideas were discussed by the students on IoT application in LED Lighting.

55 students and 4 faculty visited **Satish Dhawan Space Centre** - SHAR, Sriharikota on 11th March 2024 and explored the primary spaceport of theIndian Space ResearchOrganization.

Executive Development Program

10 Ashok Leyland employees from Ennore and Sriperumbudur Foundry Division had successfully completed the Executive Development Programme on IoT & Automation focusing on Industry 4.0 handled by our faculty Dr. Kanagachidambaresan Ramasubramanian and Dr. Arun C.A. Thanks to Dr. Arvind A R, DGM, Ashok Leyland along with senior officials for arranging this program.

Corporate Lectures

Mr. Chandra Mohan Umapathy, Co– Founder, CTO, Banashree Renewable Energy System, Bangalore delivered a Lecture on the topic of "Low power VLSI Design"on10th February 2024 to 40 studentsfrom B. Tech EEE.

Dr. R. Gayathri, Deputy Manager, Talent Acquisition, KONE elevators delivered a talk on " Artificial Intelligence Impact on HR" to the students of Management Studies. 101 students were benefitted.

Dr. Benet Dhas from M/s. 30M Genomics, Hyderabad conducted an awareness program on Hypertrophic Cardiomyopathy. 54 MBA students and 60 Bio Medical students participated. Such awareness programs are required now -a -days to save lives as per the proverb "Prevention is better than Cure"

Hands-on Training Program

Vel Tech - Office of Industry Relations conducted a Hands-on training on Respiratory Care Bio-Medical Devices to our Biomedical Engineering students during 08.02.2024 to 09.02.2024 in collaboration with MedCuore Medical Solutions Pvt Ltd. Around 82 students undergone this Hands-on training. Thanks to Mr. Paul Pradeep John Peter for handling the sessions in an interactive way.

Value Added Course:

Vel Tech office of Industry Relations conducted a four days Value added Course on Drone Surveying Presented by Mr. C. Selvaraj, Managing Director, Athira Geo Spatial Services Private Limited, Chennai to 41 B. Tech Civil Engineering Students from 26.02.2024 to 29.02.2024. This course paved a way to students to get a way forward to future thinking.

Specialized Credit Course

Specialized credit courses led by industry experts are invaluable for keeping up with recent technologies They offer focused, practical knowledge that can quickly enhance your skill set.

Mr. Narendh Subramanian, senior App Developer from Cap Gemini has delivered a short term course on **IoS App Development** in the month of February 2024. This is a project based course, where students create some applications on IoS. 23 students earned credit through this course.

Mr. Anil Kumar .S Associate director, Kyndryl has delivered a course on Dev Ops with use case design to the students of B.Tech CSE on 14th, 15th & 16th February. 42 students participated.

Mr. Saurabh Mandal, Scientist E, Centre for Artificial Intelligence and Research, DRDO, Bangalore delivered a course on ML Operations on 26 – 28 March 2024. 77 students earned credit.

Mr. Kolla Ravikanth Yadav, Data scientist, Cephoid, Hyderabad has delivered a course on Data Science in Health care on 21 – 23 March 2024 to the B. Tech CSE Students. 35 students earned one credit through this course.

Mr.Praveen Doss, Cyber Security Instructor, M/s.Cyberheals, Chennai conducted a Specialized credit course on "Digital Forensic " to B. Tech ECE students on 5 - 7 March 2024. 50 students participated and earned credits.

- Mr. Vinoth Leo, Instructor from
- M/s.Techskisha conducted a specialized credit course on Augmented & Virtual Reality for Gaming Industry to the students of B. Tech ECE on March 11 – 13, 2024. 45 students earned credits

Minor Projects guided by Industry Experts

Industry experts were invited for the first time to guide the student teams in their minor projects. This model benefitted the students a lot. It provided insights into current trends, challenges, and best practices in their field. This ensures that the student project is aligned with industry standards and needs, making it more relevant and valuable.

Dr. A. R. Aravind, Deputy General Manager at Ashok Leyland, is a Senior Management Professional with over 2 decades of experience in Manufacturing Operations, Project planning & Implementation, Project Management, P&L Management, Process Optimization, Productivity Improvement, and Quality Assurance across ManufacturingEngineering Industry. He is guiding 12 batch of B. Tech CSE students in their minor project.

Dr. D Arish Pitchai, Senior associate, PWC, has expertise in Quantum Computing, NLP, Gen AI and Quantum Artificial Intelligence. He is guiding 13 batch of B. Tec CSE students in their minor project.

Mr .Anand Krishna Iyer, Principal Consultancy, ICC Global is an expert in AI, Robotics, Deep Learning, Machine Learning, Industrial IoT, SIS, Project Management, DCS, PLC and EPC. He is guiding 11 batch of B. Tech CSE students in their minor project.

Mr. Anil Kumar Sandrapuri, Associate Director - IT/Cloud Consulting @Kyndryl (IBM Spinoff) is a Professional with Unique blend of knowledge & Rich Industry experience (360 degree experience) in - Digital Transformation, (Cloud + AI), Sales & Marketing, Finance, Logistics, Administration, Technology Project/Program Management. He isguiding 14 batch of B. Tech CSE students in their minor project.

Mr. Kumaresh Mani IT Manager with Johnson & Johnson is a professional in Lead Digital Transformation strategies and Analytics- Data science Platform. (AI, ML) Experience leader in DMS/Retail/POS/FMCG/Mobility/E-commerce, Cloud Infrastructure, Migration, Enterprise Architecture and Enterprise Integration. He isguiding 15 batch of B. Tech CSE students in their minor project.

Mr. Murali Sundaram is a technology consultant with over 25 years of experience in the IT industry. He is an expert in emerging technologies, such as cloud computing, big data, and artificial intelligence. He is also a skilled architect, designer, and developer. He is guiding 13 batch of B. Tech CSE students in their minor project.

VISAI 2024 – 14th International Project Competition and Exhibition

International Project Competition titled as "VISAI" (VISAI in Tamil means the "The Impelling Force/ Energy ") is the brain child of our beloved Founder and Chairman Col. Prof. Dr. Vel.R. Rangarajan with the objective to provide students a platform to solve some of pressing problems under Sustainable Development goals as well as problem statements from industries and thus inculcate a culture of product innovation and a mind-set of problem solving, opportunity for start-ups and collaborative research.

Recognizing our initiative in working towards global goals, Indian National Commission for Cooperation with UNESCO authorized Vel Tech to use their logo for all promotional materials and we are conducting this for the third consecutive year as joint collaboration event with IndianNational Commission forCooperation with UNESCO. 14 experts from Industries and Research establishments were invited as Jury members to evaluate the projects.

This year also we conducted Hackathon Projects i.e. Problem Statements given by Industries (Mahindra / Ashok Leyland / Turbo Energy Pvt. Ltd. / Viruksa Manufacturing solutions Pvt. Ltd.) as student projects.

This year 440 students from approximately 40 Technical Institutions from across the country displayed 166 Projects and the Prizes worth about Rs. 2.5 lakhs was distributed to the best projects.

Another important highlight for this year event is "iCreate", supported by the Government of Gujarat as well as the Government of India to facilitate 'Next Generation Entrepreneurship' has offered each winning team of VISAI 2024 -A grant of Rs.50000 for converting their innovative ideas into successful business. This would lead to more youths to participate in VISAI providing a platform in pursuing their own dreams and convert them into successful tech ventures.

Industry Internships

Internships allow students to develop and enhance a wide range of technical and soft skills such as problem-solving, communication, teamwork, time management, and project management. Internships at relevant industries gives them insights into different sectors, company cultures, and professional environments. This exposure helps students make informed decisions about their career paths and understand the expectations and requirements of the industry.

Undergraduate Internships

This year we were able to send 260 students from B. Tech programme to 88 industries for 6 to 9 months internship at Industries and Research Establishments.

Industry Collaborated Lab Activities

Centre of Excellence for IoT and Smart Factory Initiatives

A three-day hands-on workshops on Internet of Things (IoT) was organized from 15th to 17th February 2024. It benefited both **students and faculty members.**

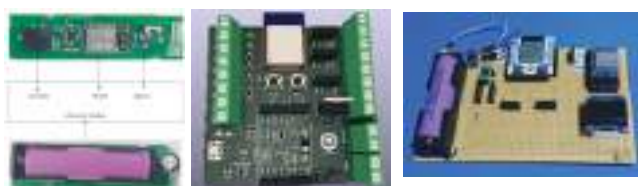

A four-day Executive Development Program focusing on IoT & Automation for Industry 4.0 was organized from 4th to 7th March 2024 exclusively for Ashok Leyland employees.

We provided guidance and support to two batches of Murugappa Polytechnic students for their project work in our lab, which is a great way to foster hands-on learning and collaboration. Also, offered internships to students from Rajalakshmi Engineering College.

Product Development and Patents

We developed a product on "IoT-based Low Power Low-Cost Occupancy Detection and Reporting System" and filed a patent for it.

Additionally, two more projects nearing completion

Centre for AI Research and Business Solutions

Professor Poo Ming Lee from Taiwan has consented to train few of our professors on the remote usage of the NVIDIA DGX 1 Server for research purpose. He also generated few logins for students' usage. 20 Faculty members from School of Computing had attended the first training program on 23rd March 2024.

Professor of Practice

Industry professionals are engaged as Professor of Practice in the Institution to deliver special lectures, guide the students in their project work and also in other academic activities. The following activities engaged Professor of practice in this duration.

S. No	Name of the Expert	Name of the Activity	Period of engagement	No. of students benefitted
1.	Dr.R.Gayathri, Deputy Manager, Talent Acquisition, KONE elevators	delivered a talk on " Artificial Intelligence Impact on HR	2 Hours	101
2.	Mr.Paul Pradeep John Peter, Founder and CEO, MedCuore Medical Solutions Pvt Ltd	Hands-on training on Respiratory Care Bio-Medical Devices	2 Days	82
3.	Mr.C.Selvaraj, Managing Director, Athira Geo Spatial Services Private Limited,	Value added Course on Drone Surveying	4 Days	41
4.	Mr.Narendh Subramanian, senior App Developer from Cap Gemini	Specialized Credit Course on IoS App Development	15 Hours	23
5.	Dr.Parvatham Giridhar,Chief Scientist, , CSIR-CFTRI, Mysuru	Delivered talk on " Emerging Trends in Preservation and Packaging of Food Products"	1 Day	60

S. No	Name of the Expert	Name of the Activity	Period of engagement	No. of students benefitted
6.	Dr. Abishek Mathur, DGM-R&D/QC/QA, M/s. Prathista Industries Ltd	Delivered talk on "Opportunities for Biotech Engineers in Indian Food Industry"	I Day	60
7.	Dr. S. M. Balachandran, Principal Scientist & Head, ICAR-IIRR	Delivered talk on "Overview of Current Technologies & Major Thrust Areas in Rice Research"	I Day	60
8.	Mr .Anand Krishna Iyer, Principal Consultancy, ICC Global	Guided Minor project for 13 batch of students	4 Months	39
		Participated as Jury Member in VISAI Project Competition	I Day	36
9.	Mr. Senthil Kumar, Former Group Captain, Indian Air Force (Rtd.)	Participated as Jury Member in VISAI Project Competition	I Day	42
10.	V. Karthiban, DGM, Quality Assurance, Turbo Energy	Participated as Jury Member in VISAI Project Competition	I Day	39
11.	Dr. R. Shankar, AGM, Electric Vehicle Operations, Switch Mobility	Participated as Jury Member in VISAI Project Competition	I Day	36
12.	Dr. N. Puviarasan, Scientist E, India Meteorological Department	Participated as Jury Member in VISAI Project Competition	I Day	27
13.	Dr. Tata Sudhakar, Scientsit G, National Institute of Ocean Technology (Rtd.)	Participated as Jury Member in VISAI Project Competition	I Day	33

Other Activities

A special meeting was arranged on 5th March 2024 between the Representatives from M/s. Navata Private Limited and the HOD of Management Studies to establish collaboration.
