Employability Enhancement Trainings

We offer meticulously designed training programs aimed at bridging the gap between academic knowledge and industry demands. These programs include preparatory interviews, group discussions, and technical training, all tailored to provide practical insights and equip participants with the skills and confidence necessary to excel in today's competitive job market.

HCLTech Preparatory Interview

Take a quick look at the preparatory interview sessions conducted for the 242 HCLTech shortlisted students on 13th and 14th Dec 2024.

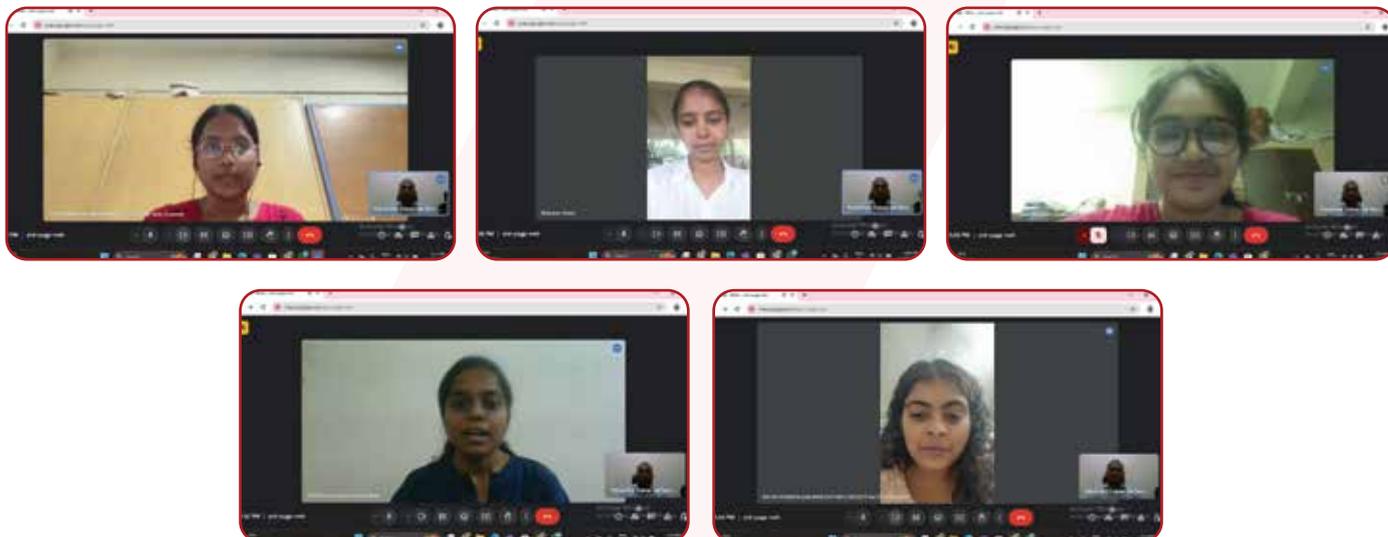

Hyundai Motor Preparatory Group Discussion/Presentation

Here is a glimpse of the preparatory group discussion and presentation sessions conducted on 12-Dec-2024 for the 14 assessment shortlists.

CGI Virtual Pre-Interview

Catch a quick sight of the virtual preparatory interview sessions conducted on 18-Dec-2024 for the 37 shortlisted students.

Coding Skills Enhancement Training

We have initiated a coding proficiency training program in collaboration with department faculty members for 182 interested students from the School of Computing who are graduating in 2026. The program, which commenced on 16-Dec-2024, aims to enhance students' coding abilities and problem-solving skills, preparing them to meet the evolving demands of the industry.

Placement Drives

We help students build a bright future filled with promise, passion, and success by offering opportunities to showcase their skills, secure jobs, and build a successful career.

Success Reflections

Name : Prashant Kumar

Department: IV Year - B.Tech - CSE

Company placed: L&T Technology Services

I would like to sincerely thank the Office of Campus to Corporate team, for their invaluable support during my placement journey. I still remember the difficult times when I was disqualified from three interviews, which was a very challenging phase for me. I was overthinking about the upcoming L&T Technology Services interview, but everything changed when Office of Campus to Corporate conducted an extra session for us.

That session truly transformed my approach and mindset, which helped me align my preparation with the company's requirements. They guided us with such confidence and belief that it inspired me to keep going. We were trained to meet the industry's expectations which really elevated my performance in the technical round of the interview.

I am deeply grateful to Vel Tech for all the background support, guidance, and encouragement that played a huge role in my success.
