## திருக்குறள்

அதிகாரம் 19: புறங்கூறாமை  
குறள் 4:

**கண்ணின்று கண்ணறச் சொல்லினும் சொல்லற்க  
முன்னின்று பின்னோக்காச் சொல்.**

- திருவள்ளுவர்

விளக்கம்:

நேருக்கு நேராக ஒருவரது குறைகளைக் கடுமையாகச் சொன்னாலும் சொல்லலாம், ஆனால் பின் விளைவுகளை எண்ணிப் பார்க்காமல் நேரில் இல்லாத ஒருவரைப் பற்றிக் குறை கூறுவது தவறு.

**English Couplet:**

**In the presence of unkind words you speak, say not  
In the absence of words, whose ill result exceeds your thought.**

**Explanation:**

**Even if you speak unkindly to someone directly, do not speak  
about them in their absence without thinking about the harm it  
may cause later.**

## Memorandum of Understanding with Movate

A Memorandum of Understanding (MoU) was signed between Movate and Vel Tech Group of Institutions on 9<sup>th</sup> October 2025 to strengthen industry–academia collaboration and enhance opportunities for students in training, internships, and placements.

The MoU was signed by Mrs. Rangarajan Mahalakshmi K, Chairperson & Managing Trustee (CMT) Vel Tech Group of Institutions, and Ms. Padma Jayaraman, Senior Associate Director – Campus & Institutional Alliances, Movate. This collaboration aims to bridge the gap between academia and industry by promoting skill development and providing students with valuable exposure to real-world professional practices.

This MoU marks an important step in fostering industry-oriented learning, professional training, and improved career opportunities for students, strengthening the institution’s commitment to building strong industry partnerships.

From left to right: Mr. Narendran, Placement Officer; Dr. P. Chandrakumar, Dean - Industry Relations, Incubation and R&D; Mr. Pradeep A. M, Manager – Business HR (L&D and Campus & Institutional Alliances), Movate; Ms. Padma Jayaraman, Senior Associate Director – Campus & Institutional Alliances, Movate; Mrs. Rangarajan Mahalakshmi K, CMT, Vel Tech Group of Institutions; Prof. (Dr.) Raju Shanmugam, Dean (Academics) and Professor of Computer Science & Engineering; Prof. (Dr.) S. P. Chokkalingam, Dean – School of Computing; and Dr. P. Vijayaraman, Dean - Campus to Corporate.

## Wipro TalentNext Program

We congratulate our faculty members, Dr. M. Sumithra, Dr. M. Vijayaraj, and Ms. S. Prema for successfully participating and completing the virtual Wipro Talent Next Program on Cloud Computing, held from 13<sup>th</sup> October 2025 to 17<sup>th</sup> October 2025.

Their active involvement and dedication throughout the virtual program reflect a strong commitment to continuous learning and enhancing technical expertise, contributing significantly to academic and professional excellence.

## S2S HR Forum – HR Connect Meet

The S2S HR Forum – HR Connect Meet was held at JFN Paradise, Gummidipundi, on 30<sup>th</sup> October 2025, bringing together HR professionals from Sholavaram to Sri City. Our institution was represented by Mr. Narendran, Placement Officer, who actively participated in the forum, which served as a valuable platform for HR Connect.

# Success Reflections

**Name:** Balpunuri Saketh

**Department:** ECE (AIML)

**Company placed:** Fujitsu Research of India Private Limited

**CTC:** 11.5 LPA

It gives me great pride and happiness to share that I have been placed as Software Engineer–II at Fujitsu Research of India Private Limited (FRIPL). This achievement means a lot to me, and it marks an important milestone in my academic and personal journey at Vel Tech University.

My journey began with confidence in programming during my second semester, when I was introduced to Python. That subject became a turning point in my life. It made me believe that I could aim higher and build a strong career in technology. From then on, I consistently focused on practical learning, starting early with courses in Data Science, Machine Learning, Deep Learning, and Generative AI, even before they were formally introduced in my specialization. When these subjects later became part of my AIML curriculum, they strengthened my theoretical foundation and gave deeper meaning to what I had already practiced.

Throughout my academic journey, Vel Tech provided me with countless opportunities to grow. Participating in coding competitions from my third semester, winning first place in a department-level coding competition, and later being part of national and global events shaped my confidence and problem-solving ability. One of my proudest moments was securing 4th place in the IEEE IES Global Generative AI Hackathon, which came from continuous encouragement, teamwork, and faculty support.

I am deeply grateful to my professors who played a major role in shaping my journey. I sincerely thank Dr. Raja, who gave me the opportunity to work on real-world neural network problems, especially CNN-based projects, which gave me valuable industry exposure. I am extremely thankful to Dr. R. Rajkumar, who has been my constant source of motivation from my fourth semester till today. All my minor and major projects were completed under his guidance, and his belief in me always pushed me to do better. I also thank Dr. David Neels for introducing me to the right mentors at the right time, and Dr. Kalpana Devi for motivating me to participate in technical events that gave me confidence and exposure.

I would like to express my heartfelt gratitude to the Campus to Corporate Team for their continuous support. A special thanks to Dr. Manoj, who always motivated me to participate in competitions and placements and guided me with valuable coding suggestions. I am very thankful to Ms. Riya Singh, whose interview feedback helped me improve my communication skills and understand how to approach interviews with clarity and confidence. I also thank Mr. Santhosh, whose guidance in problem-solving and coding helped me secure first place in a codeathon. My sincere thanks to Dr. Oudaya Coumar S and Mr. Narendran as well, who supported me throughout my placement journey.

My selection at Fujitsu came at a time when I least expected it. Even after completing my eighth semester, my university continued to support me by allowing me to attend placements. When an opportunity for a Python-focused role was shared, I said yes without expectations. That decision changed everything. This experience taught me a powerful lesson: believe in yourself, stay prepared, and never hesitate to say yes to opportunities.

As I step into this new chapter with Fujitsu, I carry with me the values, discipline, and learning that Vel Tech has given me. I am proud of how far I have come, and I know this is just the beginning.

Finally, I would like to thank my parents for their unconditional support and sacrifices, my professors for their guidance and belief in me, and my friends who stood by me throughout this journey. Every achievement of mine is a result of their support.

I will always remain grateful to Veltech University for shaping me into the person I am today.

**“A special mention to Dr. Oudaya Coumar S for making this happen.”**

**- Dr. P. Vijayaraman**

**Name:** Punuri Vidhyullatha

**Department:** AI & DS

**Placement Offer:** Movate

I would like to extend my heartfelt gratitude to Vel Tech University for the continuous guidance, encouragement, and opportunities that have led to my placement at Movate. This achievement marks an important milestone in my academic and professional journey and truly reflects the strong foundation provided by the university.

I am sincerely thankful to the faculty members and the Campus to Corporate Team for their unwavering support and mentorship. The structured training programs, focused interview preparation, and regular mock interviews significantly enhanced my confidence and readiness. The assessment-oriented sessions and consistent guidance played a vital role in helping me approach the recruitment process with clarity and self-assurance.

Beyond academics, Vel Tech has offered a well-rounded learning environment that emphasized holistic development. Through hands-on laboratory work, project-based learning, and collaborative assignments, I developed strong analytical and problem-solving skills. These experiences prepared me to adapt effectively to real-world professional challenges.

I would also like to express my gratitude for the opportunities provided through National Cadet Corps (NCC). The NCC training helped instill discipline, leadership qualities, time management, and a strong sense of responsibility. Participating in NCC activities and other extracurricular programs enriched my college experience and contributed significantly to my personal growth, confidence, and ability to work effectively in team-oriented environments.

As I begin this new chapter with Movate, I carry forward the skills, values, discipline, and work ethic nurtured at Vel Tech. I am truly grateful for the supportive ecosystem and the dedicated efforts of everyone who played a role in shaping my career path.
