THOUGHT OF THE DAY 05.05.2024

1. Don't sleep, VEL TECH FACULTY, don't sleep
Don't get the name 'lazy' for yourself
Don't sleep, VEL TECH FACULTY, don't sleep
2. If power (God) was there, it would laugh at you
Only a choultry for destitute and home less
will give you place to live.
3. Those who wasted all their good times
And ruined their country
They themselves were destroyed
4. Some could not sleep at night
And roamed around aimlessly
They blamed it on bad luck
They couldn't sleep at night
5. People who become awake will live on (have a successful life)
And people like you, who snored will lose.
6. The one who slept in the battlefield
Lost the victory
The one who slept in the school
Lost the knowledge
7. The one who slept in the shop
Lost the profit
The one who slept with responsibilities
Lost the fame...
8. Due to laziness
There are still
Many golden opportunities (pending in Vel Tech)
That remain unachieved
9. Don't sleep, VEL TECH FACULTY, don't sleep
Don't get the name 'lazy' for yourself
Don't sleep, VEL TECH FACULTY, don't sleep

1. Alumni Activities

Today (5th May) from 7.30 A.M. to 9.00 A.M. IST we had a wonderful Alumni meet at USA- San Francisco. Dean- Alumni Relations and Development did a wonderful arrangement. Alumni members exchanged their personal and professional experience and recollected their Vel Tech memories with Chancellor.

2. Overseas Admission

Dean- International Relations visited (28th April to 2nd May 2024) 3 African countries Kenya, Tanzania, and Uganda and got a lot of new admission proposals.

3. Awards Received by Faculty and Students

Chancellor Congratulates Ms. Valli Sri Subrahmanyeswari (VTU 23626), student of Second year ECE Department has been selected to receive the 2024 IEEE System Council Engineering Undergraduate Scholarship amount of 5000 USD (Rs.4,16,855/-) and a certificate for her excellence in Academics (9.7 CGPA) and her involvement in all IEEE society activities of Vel Tech. As a token of appreciation, Chancellor announces cash award for the same.

Chancellor congratulates Professor R. Udhayakumar who is conferred with 'Distinguished Professor Award' by the International Education Award 2024. (in the certificate conferred be read as conferred)

4. Outstanding performance of Students

Three of our CSE students have developed the coroplast RC plane which represents a cutting-edge aircraft engineering specifically to excel in the demanding challenges of the Boeing competition, featuring two distinct rounds: Payload Dropping and Aerobatics. They have participated in a flight furry competition at IIT Roorkee.

5. Congratulations

5.1 Chancellor congratulates The Department of Civil Engineering for circulating their newsletters (Oct 2023 to April 2024) with nice information.

5.2 Chancellor congratulates our Alumni who met at San Francisco- USA on 5th May 2024 proposed to institute a scholarship for our students.

6. Chancellor Message

I REGRET TO KNOW THAT SEVERAL HIGHLY PAID, HIGHLY QUALIFIED, HIGHLY EXPERIENCED FACULTY MEMBERS are not sharing their expertise. I think Vel Tech is not a place to sleep whereas junior faculty members are sending a lot of suggestions / ideas to improve the standard of education at our Institutions to achieve future endeavours. Do not try to run your clock in anti-clock wise direction. – Chancellor.
