Feedback on Academic and Physical Facilities – AY 2022-23

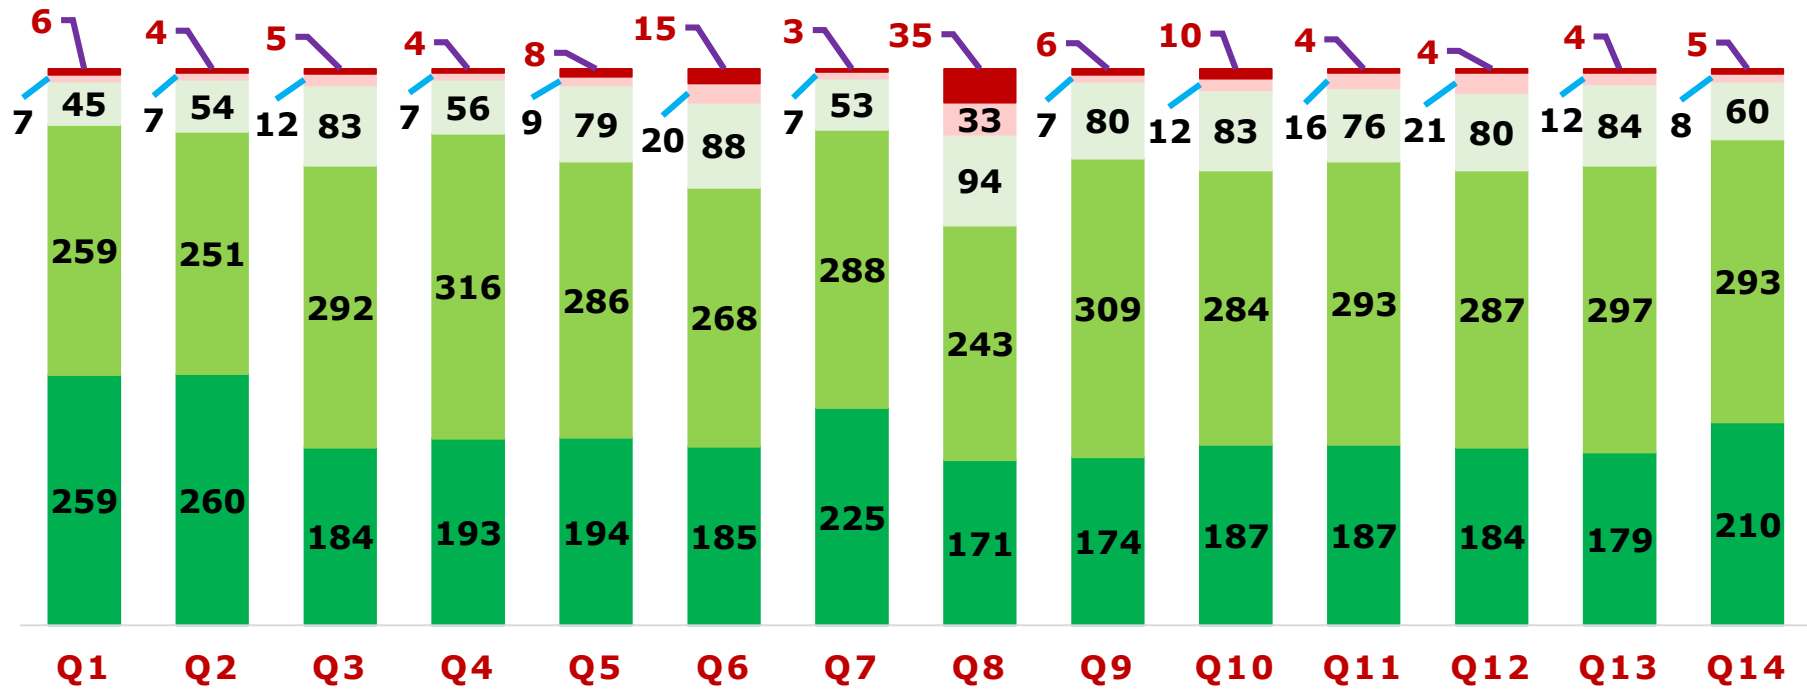

School of Computing

- Q1. Vel Tech provides Mahatma Gandhi National Merit Scholarship to meritorious students and facilitates eligible students to avail merit/welfare scholarships from government and other organizations.
- Q2. I feel proud studying in NBA/NAAC (A++ – Grade) accredited/ Internationally recognized CDIO member (First member from India) University.
- Q3. CBCS regulation and curriculum help me to learn courses of my interest at my own pace.
- Q4. CDIO framework blended Outcome Based Education with CBCS regulation creates enthusiastic learning towards acquiring knowledge and skills.
- Q5. Faculty members are well-qualified, experienced, approachable and helpful.
- Q6. Industrial visits/ trainings/ internships/ projects and industrial guest lectures are very much useful to understand the expectations of the industries.
- Q7. Library has a wide range of collection of books/ journals and IP based journal access is very much useful.
- Q8. Hostel facilities which include Wi-Fi, gymnasium, stores, etc. for both boys and girls in the University are excellent.
- Q9. Program curriculum addresses the industry expectations and inculcate scholarly and intellectual qualities in students, and prepares me well-employable by providing good learning experience.
- Q10. Co-curricular and extra-curricular activities, conducted by various clubs/forums of Vel Tech, give me the wonderful campus experience.
- Q11. Infrastructural and student support facilities are the biggest strength to the University.
- Q12. Pan-India student diversity could be seen in the campus.
- Q13. Well established system, policies and procedures with transparency are in place.
- Q14. International relations division facilitates students to pursue courses/internship/project work and higher studies in universities abroad.

Any other Suggestions (By Student)

Infrastructure

1. Ventilation in the first-year classrooms with fans, lights, and maintenance wherever necessary is required
2. Separate waiting halls for girls and boys are the need of the hour at present
3. Drinking water filter facilities can be improved
4. Campus Wi-Fi facility for first-year students is expected

Sports & Events

1. Sports equipment should be procured for student strength and more sports activities are expected
2. Conduct of events and activities is expected during day time for the purpose of day scholar students

Academics

1. Proper dress code is expected
2. More number of active internships and industrial visits should be planned
3. Spread of club activities and other events information through wide channels is expected
4. Proper planning of the exam calendar in advance of 4 weeks is suggested by more students
5. Internal assessment tests should be planned without any clash with other courses
6. Project assignment instead of traditional writing of observation and records is expected

Student Feedback on Academic & Facilities

Action Taken / Plan of Action Report

Quality Parameter	Key Feedback	Follow up action
Q1	Strongly Disagree: 1	To create awareness among the students about the Mahatma Gandhi National Merit Scholarship to avail the benefits.
Q2	Strongly Disagree: NIL	To explain to the students about significance of the institution's CDIO membership, NAAC, and NBA membership, as well as how the institution/department is a pioneer in the society.
Q3	Strongly Disagree: 2	The benefits of choosing PE, OE category courses, and independent learning courses of their own interests will be briefly discussed by the mentors to the mentees during the mentor-mentee meeting.
Q4	Strongly Disagree: 1	
Q5	Strongly Disagree: 3	The HoD will review student feedback from "Intern Feedback" on a regular basis and provide feedback to the faculty members in order to satisfy the students in terms of an efficient teaching-learning process.
Q6	Strongly Disagree: 4	Every semester, the department organizes a sufficient number of industrial events, guest lectures, seminars, workshops, and hands-on training for the benefit of the student community. The same trend will be continued in the upcoming years.
Q7	Strongly Disagree: 1	Every academic year, the department provides an appropriate number of textbooks and a list of reference books to the library. In mentor-mentee

		meeting, the mentors will educate about the declining habit of library visits among students nowadays. In the mentor-mentee meeting, the students will be requested to address a few inadequacies in the library, which have also been properly relayed to the Librarian through proper channel.
Q8	Strongly Disagree: 3	The majority of students are aware that the college has excellent hostel amenities for both males and girls, including Wi-Fi, a gym, and stores. In the mentor-mentee meeting, the students will be requested to address a few inadequacies, which have also been properly relayed to the Dean-Hostels through proper channel.
Q9	Strongly Disagree: 1	Industry-Higher Institute Learning Interaction offers good learning experience the students. In addition to that course category, the department is suggested to plan an adequate number of events to bring the academic and industrial specialists to deliver the most recent concepts to the student community and prepare them for better employment.
Q10	Strongly Disagree: 1	The majority of students agree that the college offers outstanding co-curricular and extracurricular activities through various clubs and forums. In the mentor-mentee meeting, the students will be requested to address a few inadequacies, which have also been properly relayed to concern authorities.
Q11	Strongly Disagree: NIL	The majority of students agree that the university has good student support and infrastructure amenities. In the mentor-mentee meeting, the students will be requested to address a few inadequacies, which have also been properly relayed to concern authorities.
Q12	Strongly Disagree: 1	Most students are well aware that the college hosts a variety of events that allow students from around India to experience campus diversity. In the mentor-mentee meeting, the students will be requested to address a few inadequacies, which have also been properly relayed to concern authorities.
Q13	Strongly Disagree: 4	To educate the student community about the institution's transparent policies and procedures during the mentor-mentee interaction.
Q14	Strongly Disagree: 2	To educate and motivate students to take the advantages of pursuing higher education with scholarship opportunities through the Office of International Relations and to complete Minor/Major Projects as well as Internship Opportunities in the Reputable Organizations to understand the demands of the industry.

14	International relations division facilitates students to pursue courses/internship/project work and higher studies in universities abroad	0	0	3	8	26	0.0	8.1	91.9

Action Plan Proposed:

Q.No	Parameters	Action Plan Proposed
1	Most of the students are happy with their merit scholarships. Only 5% of students felt dissatisfied with the merit scholarship.	We need to create awareness about Merit scholarships for meritorious students and facilitate eligible students' access to merit or welfare scholarships.
5	There was a need for improvement in the competency of the faculty for 5% of the students.	Faculty members are advised to attend more faculty development programs and NPTEL courses on the recent developments in their domain area.
7	5% of the students are expressed discontent with the amount of books and journals that were available at the library.	Students are advised to check for the materials available with the faculty members and need to create awareness regarding access to digital contents in the required area.
9	Most of the students are happy with curriculum, Only 5% of students felt dissatisfied with the curriculum.	Students are advised to check for curriculum diversity across all areas and to improve their skills to be employable by taking new MOOC courses.
10	5% of the students are expressed discontent with Co-curricular and extra-curricular activities	There is a necessity to generate awareness regarding the Co-curricular and extra-curricular activities that are organized by diverse clubs.
